Overdetermined Ragini Tharoor Srinivasan, 2025-06-17 Why is it so difficult to account for the role of identity in literary studies Why do both writers and scholars of Indian English literature express resistance to India and Indianness What does this reveal about how non Western literatures are read taught and

understood Drawing on years of experiences in classrooms and on U S university campuses Ragini Tharoor Srinivasan explores how writers critics teachers and students of Indian English literatures negotiate and resist the categories through which the field is defined ethnic postcolonial and Anglophone Overdetermined considers major contemporary authors who disavow identity even as their works and public personas respond in varied ways to the imperatives of being Indian Chapters examine Bharati Mukherjee s rejection of ethnic Americanness Chetan Bhagat s bad English Amit Chaudhuri s autofictional literary project and Jhumpa Lahiri s decision to write in Italian interspersed with meditations on the iconicity of the theorists Gayatri Chakravorty Spivak Homi Bhabha and Edward Said Through an innovative method of accented reading and sharing stories and syllabi from her teaching Srinivasan relates the burdens of representation faced by ethnic and postcolonial writers to the institutional and disciplinary pressures that affect the scholars who study their works Engaging and self reflexive Overdetermined offers new insight into the dynamics that shape contemporary Indian English literature the politics of identity in literary studies and the complexities of teaching minoritized literatures in the West *Reframing Critical, Literary, and Cultural Theories* Nicoletta Pireddu, 2018-09-04 This book participates in the ongoing debate about the alleged death of theory and the current post theoretical condition arguing that the finitude of theoretical projects does not mean end but rather contingency and transformation of thinking beyond irreconcilable doctrines Contributors from different cultural and scholarly backgrounds and based in three different continents propose new areas of investigation and interpretive possibilities reopening dialogues with past and present discourses from a plurality of perspectives and locations After a first section that reassesses the status and scopes of critique theory and literature the book foregrounds new or neglected critical vocabulary literary paradigms and narrative patterns to reread texts at the intersection with other branches of the humanities history philosophy religion and pedagogy It then explores geopolitical cultural and epistemological domains that have been historically and ideologically overdetermined such as postsocialist postcolonial and cosmopolitan spaces recodifying them as unstable sites of both conflicts and convergences By acknowledging the spatio temporal and cultural delimitations of any intellectual practice the book creates awareness of our own partiality and incompleteness but treats boundaries as zones of contact exchange and conceptual mobility that promote crossings and connections **Postcolonial Biology** Deepika Bahri, 2017-12-15 Although the body has been a vast subject for postcolonial studies few theorists have attempted to go beyond the simple mixing of races in examining the impact of colonialism on the colonized body However as Deepika Bahri argues it is essential to see the postcolonial body in a variety of forms as capable of transformation not only in psyche and outward behavior but also in flesh and blood European colonizers brought new ways of seeing the body in matters as basic as how to eat speak sit shit or spit As nations decolonized these imperialistic ideas remained becoming part of the global economy of the body In *Postcolonial Biology* Bahri argues that the political challenges of the twenty first century require that we deconstruct these imperial notions of the body as they are fundamental to power structures governing today

s globalized world Postcolonial Biology investigates how minds and bodies have been shaped by colonial contact to create deeply embedded hierarchies among the colonized Moving beyond North South thinking Bahri reframes the questions of postcolonial bodies to address all societies whether developed or developing Engaging in innovative highly original readings of major thinkers such as Adorno Horkheimer Derrida and Fanon this book brings an important new focus to the field of postcolonial studies one that is essential to understanding the ideas and conflicts that currently dominate the global order

Polygamy, Policy and Postcolonialism in English Marriage Law Zainab Naqvi, 2023-01-25 Slaves mistresses concubines the English courts have used these terms to describe polygamous wives in the past but are they still seen this way today Using a critical postcolonial feminist lens this book provides a contextualized exploration of English legal responses to polygamy Through the legacies of British imperialism the book shows how attitudes to polygamy are shaped by indifference and hostility towards its participants This goes beyond the law as shown by the stories of women shared throughout the book negotiating their identities and relationships in the UK today Through its analysis the book demonstrates how polygamy and polygamous wives are subjected to imperialist and orientalist discourses which dehumanise them for practising a relationship that has existed for millennia

Spaces of Global Cultures Anthony King, 2004-08-02 SDraws on social cultural and postcolonial writings and architectural evidence from various cities around the world to examine existing theories of globalization and also develop new ones

The Empire Writes Back Bill Ashcroft, Gareth Griffiths, Helen Tiffin, 2003-12-16 The experience of colonization and the challenges of a post colonial world have produced an explosion of new writing in English This diverse and powerful body of literature has established a specific practice of post colonial writing in cultures as various as India Australia the West Indies and Canada and has challenged both the traditional canon and dominant ideas of literature and culture The Empire Writes Back was the first major theoretical account of a wide range of post colonial texts and their relation to the larger issues of post colonial culture and remains one of the most significant works published in this field The authors three leading figures in post colonial studies open up debates about the interrelationships of post colonial literatures investigate the powerful forces acting on language in the post colonial text and show how these texts constitute a radical critique of Eurocentric notions of literature and language This book is brilliant not only for its incisive analysis but for its accessibility for readers new to the field Now with an additional chapter and an updated bibliography The Empire Writes Back is essential for contemporary post colonial studies

The Postsecular Imagination Manav Ratti, 2013-01-04 The Postsecular Imagination presents a rich interdisciplinary study of postsecularism as an affirmational political possibility emerging through the potentials and limits of both secular and religious thought While secularism and religion can foster inspiration and creativity they also can be linked with violence civil war partition majoritarianism and communalism especially within the framework of the nation state Through close readings of novels that engage with animism Buddhism Christianity Hinduism Islam and Sikhism Manav Ratti examines how questions of ethics and the need for faith awe wonder

and enchantment can find expression and significance in the wake of such crises While focusing on Michael Ondaatje and Salman Rushdie Ratti addresses the work of several other writers as well including Shauna Singh Baldwin Mahasweta Devi Amitav Ghosh and Allan Sealy Ratti shows the extent of courage and risk involved in the radical imagination of these postsecular works examining how writers experiment with and gesture toward the compelling paradoxes of a non secular secularism and a non religious religion Drawing on South Asian Anglophone literatures and postcolonial theory and situating itself within the most provocative contemporary debates in secularism and religion *The Postsecular Imagination* will be important for readers interested in the relations among culture literature theory and politics *Minor Universality / Universalité mineure* Markus Messling, Jonas Tinius, 2023-08-21 The circulation and entanglements of human beings data and goods have not necessarily and by themselves generated a universalising consciousness The global and the universal in other words are not the same The idea of a world society remains highly contested Our times are marked by the fragmentation of a double relativistic character the inevitable critique of Western universalism on the one hand and resurgent identitarian and neo nationalistic claims to identity on the other Sources of an argumentation for a strong universalism brought forward by Western traditions such as Christianity Marxism and Liberalism have largely lost their legitimation All the while manifold and situated narratives of a common world that re address the universal are under way of being produced and gain significance This volume tracks the development and relevance of such cultural and social practices that posit forms of what we call minor universality It asks Where and how do contemporary practices open up concrete settings so as to create experiences reflections and agencies of a shared humanity With contributions by Isaac Bazi Anil Bhatti Jean Luc Chappey Elsie Cohen Leyla Dakhli Souleymane Bachir Diagne Nicole Fischer Albert Gouaffo Stefan Helgesson Fatma Hotait Christopher M Hutton Ananya Jahanara Kabir Mario Laarmann Rukmini Bhaya Nair Olivier Remaud Gis le Sapiro B n dicte Savoy Maria Anna Schiffers Laurens Schlicht Sergio Ugalde Quintana H l ne Thierard Khadija von Zinnenburg Carroll **Fairness, Class and Belonging in Contemporary England** K. Smith, 2012-06-28 Using experiences of the white English working classes in Manchester this book explores the local frustrations with feeling ignored and neglected by the government through articulations of fairness **Economic and Political Weekly**, 2003-04 *Colonial Latin American Historical Review*, 2002 *The Rose and the Lotus* Stefano Mercanti, 2009-01-01 Raja Rao one of the founding figures of Indian English literature is re examined in this comprehensive study of his fiction which offers a fresh critical investigation into both his short stories and his novels Powerfully contradicting the long held perception of Raja Rao as a mere metaphysical writer and the true bard of quintessential Indianness projected by many critics of the first Commonwealth generation over three decades Stefano Mercanti posits Rao s fiction in terms of its dialogic interaction the partnership between Western and Eastern cultural traditions and demonstrates how it evolves during the course of his oeuvre on both the philosophical and the political level The title *The Rose and the Lotus* signals the discursive terrain for a multicultural and interwoven evolution among different

cultures and points to the need for valuing relations of reciprocity rather than those of domination Far from conveying univocal configurations and nationalistic stereotypes Rao's idea of India is seen as the epicentre of many echoes and dynamic resonances both Western and Eastern through which a distinct blend of Indian and European influences is more clearly unravelled In this new critical re appraisal Mercanti draws on non binary and inter multi disciplinary paradigms thus signalling the complex transformations and multiple negotiations of a polyglot India caught between the cultural twilight of the modern and the traditional The study also offers an invaluable linguistic analysis of Rao's experiment with the English language supplemented by a detailed glossary
