through metaphor Brosend spends one chapter on each of these methods closing each chapter with a sermon that models that approach and his analysis of it Sample sermons are by well known preachers including Fred Craddock Michael Curry Tom Long and Barbara Brown Taylor Brosend concludes with the implications for modern preaching and a sermon of his own

Reading the Beatles Kenneth Womack, Todd F. Davis, 2012-02-01 Despite the enormous amount of writing devoted to the Beatles during the last few decades the band's abiding intellectual and cultural significance has received scant attention Using various modes of literary musicological and cultural criticism the essays in Reading the Beatles firmly establish the Beatles as a locus of serious academic and cultural study Exploring the group's resounding impact on how we think about gender popular culture and the formal and poetic qualities of music the contributors trace not only the literary and musicological qualities of selected Beatles songs but also the development of the Beatles' artistry in their films and the ways in which the band has functioned as a cultural historical and economic product In a poignant afterword Jane Tompkins offers an autobiographical account of the ways in which the Beatles afforded her with the self-actualizing means to become less alienated from popular culture gender expectations and even herself during the early 1960s

Us and Them: The Authorised Story of Hipgnosis Mark Blake, 2023-02-02 Hugely entertaining history Mojo Between the late 60s and early 80s design house Hipgnosis created some of the most iconic and ubiquitous album artwork of all time Their original lifespan coincided with the golden age of the 12 inch LP beginning just as the Beatles Sgt Pepper made the record sleeve the ultimate blank canvas and ending just as new technology looked set to usurp vinyl Having originally been approached to design an album cover for their friends Pink Floyd students Aubrey Po Powell and Storm Thorgerson would go on to define the visual identity of rock and roll for the next fifteen years swiftly gaining international prominence for their famed The Dark Side of the Moon artwork This paved the way for other major musicians to set foot in the surreal photo design world of Storm and Po resulting in seminal Hipgnosis creations for the likes of Led Zeppelin Paul McCartney Genesis Black Sabbath ELO and Yes In this authorised account with access to previously unpublished material and exclusive contributions from David Gilmour Jimmy Page Peter Gabriel Roger Waters Robert Plant and even Aubrey Powell himself Mark Blake goes behind the scenes of the Hipgnosis partnership to reveal the pioneering ambition and grand vision that led to their success as well as the clashing egos and artistic differences that undermined it The Hipgnosis story also offers hitherto untold insight into some of music's most legendary bands as viewed through the prism of the people who shaped their imagery and cultural legacy With the work of Hipgnosis continuing to be referenced reproduced and revered worldwide Us and Them serves as a celebration a cautionary tale and a compelling human drama exploring the vital intersection between art and music
