## **Macau City Of Commerce And Culture:**

Macau Rolf Cremer,1987      Macau R. D. Cremer,1987      **Macau** Jonathan Porter,2018-02-23 For many people who have encountered it Macau makes a deep impression on the imagination as if the city were not entirely real or rather not of the real world Macau often seems dreamlike as though it were sustained by the effort of some powerful imagination In this evocative essay on the cultural and social history of a unique and fragile city Jonathan Porter examines Macau as an enduring but ever changing threshold between East and West Founded by the Portuguese in 1557 Macau emerged as a vibrant commercial and cultural hub in the early seventeenth century The city then gradually evolved flourishing first as a Eurasian community in the eighteenth century and then as an increasingly Chinese city in the nineteenth century Macau became a modern manufacturing center in the late twentieth century and is now destined for reversion to the People s Republic of China in 1999 The city was the meeting ground for many cultures but central to this fascinating story is the encounter between an expansive seaborne Portuguese empire and the introspective closed world of imperial China Unlike the other great colonial port cities of Asia Macau did not provide natural access to the hinterland and this geographical and historical isolation has fostered a unique balance of cultural influences that survives to this day Poised on the periphery of two worlds an isolated but global crossroads Macau is a unique cultural and social melange that illuminates crucial issues of cross cultural exchange in world history Establishing Portugal and China as distinct cultural archetypes Porter then examines the subsequent encounters of East and West in Macau from the sixteenth to the twentieth century Avoiding the traditional linear chronological approach Porter instead looks at a series of images from the city s history and culture including its place in the geographical context of the South China coast the architecture of Macau which reflects the memories of its historical passages the variety of people who crossed the threshold of Macau the material culture of everyday life and the spiritual topography resulting from the encounters of popular religious movements in Macau Jonathan Porter concludes his literary journey by reflecting on the character and meaning of the many cultural and social influences that have met and mingled in Macau His words and photographs eloquently capture the essence of a place that seems too ephemeral to be real too captivating to be anything but an imaginary city

**Macau History and Society** Zhidong Hao,2011-01-01 Macau History and Society illuminates the early Portuguese maritime exploration along China s south coast political and economic development in Macau and current social problems The book makes significant contributions to a political sociology of Macau emphasizing how different civilizations and cultures interacted with one another and explores how a new Macau identity can be constructed Democratization has been a never ending process in Macau since the 1500 s Macau s experience indicates that sovereignty has been shared rather than exclusive Although civilizations and cultures do clash they also cooperate But the Macau model is deeply flawed Hao contends that Macau needs to build a new multicultural identity and a cosmopolitan political and economic identity

**The Emerging Asian City** Vinayak Bharne,2013 Asian cities create concomitant imagery

**Using Narrative Inquiry for Educational Research in the Asia Pacific** Sheila Trahar, Wai Ming Yu, 2015-04-10 Narrative inquiry is being used more widely in the UK the USA Canada Australia New Zealand and Northern European countries to conduct research across a range of disciplines It is gaining popularity in Hong Kong Macao and Mainland China but research in these contexts continues to be dominated by quantitative and more traditional qualitative approaches Narrative inquirers in these areas can therefore find it problematic to have the value of their work acknowledged This book demonstrates creatively accessibly and rigorously the ways in which narrative inquiry as a methodological approach already more firmly established in Australia and New Zealand is gaining a foothold in other parts of the Asia Pacific region Contributors to the book write about their use of narrative inquiry in for example the Confucian heritage cultures CHC of Hong Kong Mainland China Singapore Macao and the Anglo Celtic cultures of Australia and New Zealand Chapters in the book include Creative Non Fiction Across Cultures in Asia Pacific Contexts Riding the Wave of Education Reform Using a Reflecting Team to Explore the Professional Identities of School Counsellors in Hong Kong Is the Silent Mode On Researching Teachers Voices in Macao through Narrative Research Narrative Inquiry and the Exploration of Culture for Improving Teacher Education This book will appeal to researchers across all sectors of education in particular those who are exploring the use of qualitative research methods in their context Those interested in comparative education and cross cultural studies will also find this book valuable

Political Economy of Macao since 1999 Yufan Hao, Li Sheng, Guanjin Pan, 2017-04-11 This book takes a comprehensive look at the governance and civil society of Macao the shadowy mecca of gambling in Asia and the reforms changes and social movements which are challenging that reputation today Thanks to the rapid expansion of the local casino industry Macao has experienced spectacular economic growth since it returned to Chinese rule in 1999 Following double digit rates of economic growth between 2002 and 2013 Macao has become one of the wealthiest regions in Asia with GDP per capita rising from USD 14 258 in 2001 to USD 89 333 in 2014 However as the casino industry has overshadowed all other sectors of the local economy it has not only made Macao's economy highly vulnerable and difficult to sustain but has also aroused increasing social discontent The authors lay out a comprehensive and well argued discussion of the dilemma of the economic monoculture and strategies by which to overcome it in the process producing a book that will be of profound interest to scholars of greater China students of political economy and travelers to Macao

**Education and Society in Hong Kong and Macao** M. Bray, Ramsey Koo, 2006-06-28 Hong Kong and Macao have much in common The dominant populations in both territories are Cantonese speaking Chinese both are small in area both are urban societies both have been colonies of European powers and both have undergone political transition to reunification with China Yet in education for reasons that are analysed in this book they are very different The patterns of similarities and differences in the two territories make a fascinating basis for comparative study The overarching theme of the book on continuity and change is particularly pertinent following the transition of the two societies of the postcolonial era This thoroughly revised and expanded second edition builds on the widely acclaimed first edition The work has been recognised as a significant contribution to the broad field of comparative education as well as to study of the specific societies which are its main focus

**Education and Society in Hong Kong and Macao** Mark Bray, Ramsey Koo, 2005

**Hong Kong** Grant Evans, Maria Tam, 2013-10-31 Hong Kong has become a by word for all that is modern and sparkling in Asia today Yet tourist brochures still play with the old cliché of Hong Kong as a place where East meets West Images of so called traditional China junks sailing Victoria Harbour or old women praying to gods in smoky temples mingle with those portraying Hong Kong as a consumer and business paradise This collection of essays attempts to transcend the old polarities It looks at modern Hong Kong in all its splendour and diversity in the run up to its re absorption into Greater China in mid 97 through the mediums of film food architecture rumours and slang It explores the question of a distinct modern Chinese identity in Hong Kong and even when it explores the traditional stamping ground of the older anthropology in the New Territories it finds a dramatically changed context in particular for women This collection presents an intriguing insight into the process of transition from tradition to modernity in this Modern Chinese Metropolis

**Sovereignty at the Edge** Cathryn H. Clayton, 2020-03-17 How have conceptions and practices of sovereignty shaped how Chineseness is imagined This ethnography addresses this question through the example of Macau a southern Chinese city that was a Portuguese colony from the 1550s until 1999 As the Portuguese administration prepared to transfer Macau to Chinese control it mounted a campaign to convince the city's residents 95 percent of whom identified as Chinese that they possessed a unique cultural identity that made them different from other Chinese and that resulted from the existence of a Portuguese state on Chinese soil This attempt sparked reflections on the meaning of Portuguese governance that challenged not only conventional definitions of sovereignty but also conventional notions of Chineseness as a subjectivity common to all Chinese

people around the world Various stories about sovereignty and Chineseness and their interrelationship were told in Macau in the 1990s This book is about those stories and how they informed the lives of Macau residents in ways that allowed different relationships among sovereignty subjectivity and culture to become thinkable while also providing a sense of why at times it may not be desirable to think them

**The Last Colonies** Robert Aldrich, John Connell, 1998-07-13 This comprehensive and authoritative book is about the last colonies those remaining territories formally dependent on metropolitan powers It discusses the surprisingly large number of these territories mainly small isolated islands with limited resources Yet these places are not as obscure as might be expected They may be major tourist destinations military bases satellite tracking stations tax havens or desolate underpopulated spots that can become international flashpoints such as the Falklands The authors find that at a time of escalating nationalism and globalization these remnants of empire provide insights into the meanings of political economic legal and cultural independence as well as sovereignty and nationhood This book provides a broad based and provocative discussion of colonialism and interdependence in the modern world from a unique perspective

**Macao - The Formation of a Global City** C.X. George Wei, 2013-11-07 Macao the former Portuguese colony in southeast China has a long and very interesting history of cultural interaction between China and the West Held by the Portuguese from the 1550s until its return to China in 1999 Macao was up to the emergence of Hong Kong in the later nineteenth century the principal point of entry into China for all Westerners Dutch British and others as well as Portuguese The relatively relaxed nature of Portuguese colonial rule intermarriage the mixing of Chinese and Western cultures and the fact that Macao served as a safe haven for many Chinese reformers at odds with the Chinese authorities including Sun Yat sen all combined to make Macao a very different and special place This book explores how Macao was formed over the centuries It puts forward substantial new research findings and new thinking and covers a wide range of issues It is a companion volume to *Macao Cultural Interaction and Literary Representations*

**Crossroads**, 1995 Contains selections of papers from the annual Symposium on Portuguese Traditions

**Macao** Christina Miu Bing Cheng, 1999-06-01 Macau on the threshold of the twentieth first century is perhaps a harbinger of a new urban culture Having been nurtured by the sharply contrasting legacies of China and Portugal this unique city manages to meld cultural differences and avoid the destructiveness of ethnic clashes It is thus likened here to the Roman deity Janus who is usually depicted with two faces looking in opposite directions By concentrating on the ambivalent history of Macau the author reveals the historical reality of cultural vacillation between two political entities and the emergence of a creole minority the Macanese With a judicious use of English Chinese and Portuguese sources she has provided a pathbreaking multi focal perspective of the last Portuguese outpost in Asia In light of the decolonization of Macau in December 1999 the author s analysis challenges the easy assumptions of the causal sequence colonialism postcolonialism and opens up an interdisciplinary purview of a local instance in cross cultural studies
