Mild Murderer The True Story Of The Dr C:

Personal Identity in the Modern World Lawrence M. Friedman, 2022-08-01 In a society of strangers there develops what can be called crimes of mobility forms of criminality rare in traditional societies bigamy the confidence game and blackmail for example What they have in common is a kind of fraudulent role playing which the new society makes possible This book explores the social and legal consequences of social and geographical mobility in the United States and Great Britain from the beginning of the 19th century on Personal identity became more fluid Lines between classes blurred Impostors abound

The Great Pictorial History of World Crime Jay Robert Nash, 2004-04-29 The vast and mysterious world of criminals from ancient times through the 21st century is vividly captured in The Great Pictorial History of World Crime This unique and staggering reference work chronicles every major criminal act from every era A definitive reference source to worldwide crime this unparalleled survey is organized into sixteen chapters Assassination Bigamy Burglary Cannibalism Celebrity Slayings Drugs Fraud Gangs Gangsters and Organized Crime Kidnapping Mass Murder Piracy Robbery Secret Criminal Societies Serial Killers Terrorism Unsolved Homicides Each chapter begins with an essay that introduces the topic and provides a concise overview of the historical social and political significance of the crime Subjects are further developed crime by crime through descriptive entries covering the criminal acts modus operandi criminal background information and motives along with insightful anecdotes In addition to being a being a vital and informative historical and sociological reference work The Great Pictorial History of World Crime features more than 2 500 illustrations More than a chronicle of chilling events these two volumes provide gripping reading for anyone interested in true crime law enforcement criminology and criminal justice

Nothing but the Tooth Barry K.B Berkovitz, 2012-12-31 While most books on dentistry describe the clinical and medical procedures involved this book expands the field to examine the role of dentistry and teeth in everything from biology to biography This book offers facts and figures regarding famous historical figures such as John Hunter Dr Crippen Doc Holliday and Paul Revere exploring how their connections to dentistry shaped them as well as the story of the two young dentists who discovered the principles of general anaesthesia Other chapters focus on the amazing ranges of teeth in animals from the teeth in piranhas to the tusks and ivory of elephants and narwhals looking at their biological and cultural significance The importance of teeth in understanding the evolution of humans and in revolutionizing the study of archaeology is also evaluated This book is appropriate for dentists medical and dentistry students and non specialists to introduce the myriad interesting aspects relating to teeth Please note that print volumes do not include full colour Includes well illustrated and thoroughly explained examples and anecdotes Presents both popular and little known instances of teeth s importance in history Written in an engaging tone appropriate for academics and the wider public *Crippen* Roger Dalrymple, 2020 How did the case of the mild mannered murderer Hawley Harvey Crippen come to have such an enduring cultural resonance Almost as notorious as Jack the Ripper US citizen and homeopath Dr Hawley Harvey Crippen was forty

eight years old when he was hanged in London in November 1910 for the murder and mutilation of his wife When Cora Crippen vanished in February 1910 he claimed that she had returned to the United States Yet the discovery of a dismembered body buried beneath the coal cellar of their house and Crippen's attempt to flee to Canada with his cross-dressed mistress exposed and convicted him The case aroused enormous public interest at the time and it has remained in the popular imagination ever since memorialised in crime history fiction film and even musical theatre As late as 2007 some American academics were claiming that the dead body was not Cora's and that Crippen was in fact innocent This book aims to account for the endurance of the Dr Crippen murder case in the cultural imagination Highlighting the case's disruptive blending of cultural traditions it discusses historical precedents analyses diverse literary traditions looks at broadside balladry and music hall repertoire and addresses queer theory discourses The book shows how the case part throwback to earlier crime sensations and part presage of a new understanding of criminality represents a watershed in the representation of criminality and played a distinctive role in the development of crime fiction Highlighting the case's disruptive blending of cultural traditions it discusses historical precedents analyses diverse literary traditions looks at broadside balladry and music hall repertoire and addresses queer theory discourses The book shows how the case part throwback to earlier crime sensations and part presage of a new understanding of criminality represents a watershed in the representation of criminality and played a distinctive role in the development of crime fiction Highlighting the case's disruptive blending of cultural traditions it discusses historical precedents analyses diverse literary traditions looks at broadside balladry and music hall repertoire and addresses queer theory discourses The book shows how the case part throwback to earlier crime sensations and part presage of a new understanding of criminality represents a watershed in the representation of criminality and played a distinctive role in the development of crime fiction

American Book Publishing Record

Cumulative, 1950-1977 R.R. Bowker Company. Department of Bibliography, 1978 *Criminal Poisoning* John H. Trestrail, III, 2007-10-28 In this revised and expanded edition of his critically acclaimed *Criminal Poisoning Investigational Guide for Law Enforcement Toxicologists Forensic Scientists and Attorneys* leading forensic scientist John Trestrail offers a pioneering survey of all that is known about the use of poison as a weapon in murder Topics range from the use of poisons in history and literature to convicting the poisoner in court and include a review of the different types of poisons techniques for crime scene investigation and the critical essentials of the forensic autopsy The author updates what is currently known about poisoners in general psychological profile types and statistical analyses and their victims who gets poisoned investigative

considerations and classic symptoms of poisoning The Appendix has been updated to include the more commonly used poisons as well as the use of antifreeze as a poison to reflect some cases that have recently come to light Catalog of the Police Library of the Los Angeles Public Library Los Angeles Public Library.
