Japanese War Crimes and Related Topics: A Guide to Records at the National Archives United States. National Archives and Records Administration, 200? This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P

L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act. Because the process of identifying, declassifying, accessioning and processing of records under the Act is taking place as this finding is being compiled, late arriving records may not be identified in this finding aid. Researchers should consult the IWG Web site <http://www.archives.gov/iwg> for a complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act. Federal agencies involved in the identification and declassification of relevant classified records ascertained that there were relatively few pertinent records that were still classified. Most relevant records were either never classified or were declassified decades before the Act and were already in NARA's custody. While this finding aid's coverage is broad, it is not comprehensive. Researchers may find other relevant series of records within the record groups mentioned or not mentioned. Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest. In addition, the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine. Other NARA facilities hold many records and donated material related to World War II, including records related to the subjects covered in this finding aid. This is particularly true of the Franklin D. Roosevelt, the Harry S. Truman and the Dwight D. Eisenhower Archives, which are vast mountain ranges of records with the archivists guiding the expeditions. Explorations on familiar well-trodden paths produce new perspectives when examined with fresh eyes and imagination.

Ency. Dic. Of Public Administ. (2 Vol) S.K. Das, 2000 **The War in Ukraine and International Law** Masahiko Asada, Dai Tamada, 2024-06-19. The war in Ukraine is fast approaching its second anniversary since its commencement on 24 February 2022 as a blatant aggression by Russia. As we discuss in detail in this book, there are multiple international legal issues that arise and require addressing. What is more, the very international legal order is under threat insofar as the fundamental international law obligations are not being complied with and the basic international rules are utterly ignored. This book discusses a number of international law issues arising from the war in Ukraine. It covers not only the traditional subjects of war such as *jus ad bellum*, international criminal law and the law of neutrality, but also the relatively new issues arising from the economic sanctions against Russia, including aspects of the WTO law and international investment law. This book provides the readers with opportunities to reconsider the various legal aspects of the war in Ukraine.

Soldier of Courage Soldier of Compassion is drawn from the letters and diaries of Captain Bennett L Munger of company C 44th New York state volunteer infantry Munger s regiment was known as Ellsworth s Avengers in honor of their fallen comrade Col Elmer Ellsworth The regiment was a seasoned fighting unit and saw action in many important battles during the civil war Munger s career would eventually place him in the position of prison inspector for the north s most notorious Confederate prisoner of war camp Elmira Elmira was little better than a death camp that in some ways was on par with the horror of Andersonville Munger s letters and diaries give an important firsthand account and insight into a moment in time that otherwise would be lost without this small volume that is dedicated to his unwavering service to his country and his steadfast compassion to ease the sufferings of his fellow man
