McCann's highly regarded training company teaching military and government students how to survive while deployed to high risk areas of operation. While equally adept at close combat firearms and knife fighting techniques, Kasper had a special interest in knives. That lifelong passion combined with his hands-on experience made him the perfect candidate to write the Street Smarts column for Tactical Knives magazine. For five years from January 1997 until January 2002, Kasper filled Street Smarts with his own unique perspective on staying alive in the world's most dangerous environments. He also penned several features on fighting knives for the magazine. Now for the first time, all his Tactical Knives writings have been compiled under one cover so that a new generation of knife enthusiasts and self-defense students can benefit from his practical real-world advice on selecting training with using and defending against any type of edged weapon. Of particular interest is some previously unknown information about the U.S. Marine Raider Gung Ho Knife and the Gerber Mark II Combat Knife, as well as a wealth of details on the most famous fighting knife of all, the Fairbairn-Sykes.
