, 1995 *Communication Processes* Frank A. Geldard, 2017-05-03 Communication Processes contains the proceedings of a Symposium on Communication Processes held in Washington D C held in 1963 under the auspices of the NATO Science Committee The symposium provided a forum for discussing communication processes with participants exploring a wide

range of topics organized around data presentation and transmission language barriers and language training group communication and man computer communication This volume is comprised of 19 chapters and begins with an overview of research in communication processes followed by a discussion on the role of science and technology in the Atlantic community The next chapter is devoted to data presentation with emphasis on information processing and human factor problems including the role of redundancy in improving perceptual discrimination The role of the human operator with respect to the use of speech the use of keyboards and continuous controls and the monitoring of some automatic process is then examined Subsequent chapters deal with the language barrier as an obstacle to communication and how language training can help overcome it group communication and man computer communication The nature of human computer interaction and the problems of man computer communications are examined This book will be helpful to practitioners and researchers of communication Technical Abstract Bulletin Defense Documentation Center (U.S.),1964 *NBS Special Publication* ,1973 **Annotated Bibliography of the Literature on Resource Sharing Computer Networks** Robert P. Blanc,1973 The Early Shortwave Stations Jerome S. Berg,2013-10-04 In July 1923 less than three years after Westinghouse station KDKA signed on company engineer Frank Conrad began regular simulcasting of its programs on a frequency in the newly discovered shortwave range It was an important event in a technological revolution that would make dependable worldwide radio communication possible for the first time In subsequent years countless stations in practically all countries followed suit taking to shortwave to extend reception domestically or reach audiences thousands of miles away Shortwave broadcasting would also have an important role in World War II and in the Cold War In this his fourth book on shortwave broadcast history the author revisits the period of his earlier work *On the Short Waves* 1923 1945 and focuses on the stations that were on the air in those early days The year by year account chronicles the birth and operation of the large international broadcasters as well as the numerous smaller stations that were a great attraction to the DXers or long distance radio enthusiasts of the time With more than 100 illustrations and extensive notes bibliography and index the book is also a valuable starting point for further study and research Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc ,1852 **Being Modern** Robert Bud,Paul Greenhalgh, Frank James, Morag Shiach,2018-10-05 In the early decades of the twentieth century engagement with science was commonly used as an emblem of modernity This phenomenon is now attracting increasing attention in different historical specialties *Being Modern* builds on this recent scholarly interest to explore engagement with science across culture from the end of the nineteenth century to approximately 1940 Addressing the breadth of cultural forms in Britain and the western world from the architecture of Le Corbusier to working class British science fiction *Being Modern* paints a rich picture Seventeen distinguished contributors from a range of fields including the cultural study of science and technology art and architecture English culture and literature examine the issues involved The book will be a valuable resource for students and a spur to scholars to further

examination of culture as an interconnected web of which science is a critical part and to supersede such tired formulations as Science and culture *Resources in Education* ,1984 **Organizational Communication in the Digital Era** Martin N. Ndlela,2024-07-31 This edited collection examines different facets of organizational communication in the context of current technological developments and disruptions brought about by the COVID 19 pandemic AI is making inroads in organizational communication practice influencing how organizations communicate and interact with their environments It drives augments and supplements organizational communication Chatbots for example are becoming increasingly relied upon by organizations using them to manage basic communication tasks that used to belong solidly to the realm of human Similarly developments such as ChatGPT have attracted scholarly attention due to their perceived implications on various aspects of communication All of this has a profound effect on human interactions and relationships in organizational settings Filling a gap in scholarship around organizational communication in light of ongoing digital transformation processes and COVID 19 induced transformations chapters provide an up to date account of how new communication technologies especially AI are transforming organizational communication The contributions reflect upon the most current theory and practice in the field in the post COVID era Combining theory applied scholarship and fresh case studies this is a valuable resource that reflects on the new realities of today s organizational environment **Communication and the First World War** John

Griffiths,2020-04-06 Despite the voluminous historical literature on the First World War a volume devoted to the theme of communication has yet to appear From the communication of war aims and objectives to the communication of war call up and war experience and knowledge this volume fills the gap in the market including the work of both established and newly emerging scholars working on the First World War across the globe The volume includes chapters that focus on the experience of belligerent and also neutral powers thus providing a genuinely representative dimension to the subject

Propaganda, Communication and Public Opinion Bruce Lannes Smith,Harold D. Lasswell,2015-12-08 The most comprehensive bibliography yet published in the public opinion field *Journalism Quarterly* Besides a selection of the most significant titles from earlier years this book contains a comprehensive listing of books pamphlets and articles which appeared between 1934 and 1943 Originally published in 1946 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **External Communication in Social Media During Asymmetric Conflicts** Bernd Hirschberger,2021-07-02 Social media increasingly shapes the way in which we perceive conflicts and conflict parties abroad Conflict parties therefore have started using social media strategically to influence public opinion abroad This book explores the phenomenon by examining 1 which strategies of

external communication conflict parties use during asymmetric conflicts and 2 what shapes the selection of these communication strategies In a comprehensive case study of the conflict in Israel and Palestine Bernd Hirschberger shows that the selection of strategies of external communication is shaped by the asymmetric conflict structure The SAGE Handbook of Organizational Communication Linda L. Putnam,Dennis K. Mumby,2013-11-04 Organizational communication as a field of study has grown tremendously over the past thirty years This growth is characterized by the development and application of communication perspectives to research on complex organizations in rapidly changing environments Completely re conceptualized The SAGE Handbook of Organizational Communication Third Edition is a landmark volume that weaves together the various threads of this interdisciplinary area of scholarship This edition captures both the changing nature of the field with its explosion of theoretical perspectives and research agendas and the transformations that have occurred in organizational life with the emergence of new forms of work globalization processes and changing organizational forms Exploring organizations as complex and dynamic the Handbook brings a communication lens to bear on multiple organizing processes Culture and Crisis Communication Amiso M. George,Kwamena Kwansah-Aidoo,2017-08-09 A collection of case studies from nonwestern countries that offers an analysis of the significant role culture plays in crisis communication Culture and Crisis Communication presents an examination of how politics culture religion and other social issues affect crisis communication and management in nonwestern countries From intense human tragedy to the follies of the rich the chapters examine how companies organizations news outlets health organizations technical experts politicians and local communities communicate in crisis situations Taking a wider view than a single country s perspective the text contains a cross cultural and cross country approach In addition the case studies offer valuable lessons that organizations that wish to operate or are operating in those cultures can adopt in preparing and managing crises The book highlights recent crisis events such as Syria s civil war missing Malaysia Flight MH370 andJapan s Fukushima Daiichi nuclear power plant disaster Each of the case studies examines how culture impacts communication and responses to crises Authoritative insightful and instructive this important resource Analyzes how nonwestern cultures respond to crises Covers the role of culture in crisis communication in recent news events Includes contributions from 18 international authors who provide insight on nonwestern culture and crisis communication Written for communication professionals academics and students Culture and Crisis Communication presents an insightful introduction to the topic of culture and crisis communication and then delves into illustrative case studies that explore intra cultural and trans boundary crisis communication **Communication in Modern Social Ordering** Kai Eriksson,2011-07-21 Communication in Modern Social Ordering investigates the modern history of communication in relation to the thinking of the political community in the United States By illustrating the intertwining of the technological developments in communication methods and its community building effects the different representations of society and their political implications are examined against the development of communication systems

from the telegraph to the telephone to computer networks It was the telegraph that made communication a continual process thus freeing it from the rhythmical motion of the postal service and from physical transportation in general and provided both a model and a mechanism of control Using the theories of both Foucault and Heidegger to provide a lens for new investigation the author studies not the meanings of communication and its logic as such but rather the conditions and structures that allow meanings and logic to be formulated in the first place The book offers an original combination of historical analysis with an ontological discussion of the evolution of telecommunications in the U S as a phenomenon of modern social ordering
