Sir James Edward Edmond

Military Operations France Belgium 1914 Volume I:

Military Operations, 1927 *Military Operations, France and Belgium, 1914* J. E. Edmonds, 2015-10-28 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Military Operations* James Edward Edmonds, 2017-07-26 Excerpt from *Military Operations France and Belgium 1914* This volume completes the narrative begun in Volume I of the operations of the British Army in the Western theatre of war in the year 1914 down to the close of the Battles of Ypres Beginning with an introductory chapter on the preparations initiated in the Homeland and the Empire for the continuation of the war and a brief notice of the operations against the German Colonies it describes the loss of Antwerp and the great battles in Flanders La Bassee Armentieres Messines and Ypres which raged without a break from the loth October to the 22nd November 1914 During this period there was little change in the character of the fighting between the two equally matched antagonists German superiority in numbers and metal was balanced by the high military qualities of the Allies An account of such combats is bound to be more or less monotonous but those who read the story Should endeavour to picture to themselves what those weeks of uninterrupted struggle meant to the commanders in the field and the thin line of troops which stood between the enemy and the Channel ports Had the scale on which Volume I Was written been continued the narrative of battles so long drawn out would have extended into several volumes and much beyond the compass now authorized for the series 1 There were seven days on which very critical fighting took place in August and September as compared with twenty days in October and November 1914 and the forces concerned in the latter period were larger and spread over a wider front It has therefore been necessary to exercise severe compression About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Military Operations, France and Belgium, 1914 Sir James Edward Edmond,1935 **Military Operations, France and Belgium, 1918 ...** Sir James Edward Edmonds,1935 *Military Operations* Sir James Edward Edmonds,Graeme Chamley Wynne,1927 *Military Operations, France and Belgium, 1914* J. E. Edmonds,2015-06-26 Excerpt from *Military Operations France and Belgium 1914* This history has been compiled with the purpose of providing within reasonable compass as authoritative account suitable for general readers and for students at military schools of the operations of the British Army in the Western theatre of war in 1914 1918 It is based on the British official records The present volume covers events from mobilization up to the middle of October 1914 only a period of two and a half months and is on a scale which to a large extent treats the battalion squadron and battery records as the basis of the story In succeeding volumes it will not be possible or desirable to adhere to this and successively the brigade division and even corps may become the unit of narrative For this volume the scale adopted seems appropriate in view of the importance of small units in the early operations of the lessons to be derived from the study of the work of these units in open warfare and of the desirability of leaving a picture of what war was like in 1914 when trained soldiers were still of greater importance than material and gas tanks long range guns creeping barrages and the participation of aircraft in ground fighting were unknown The mass of documents to be dealt with was very great and the difficulty has been not in obtaining information but in compressing and cutting down what was available About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Military Operations** ,1922 **McCrae's Battalion** Jack Alexander,2011-03-18 McCrae s Own was the Heart of Midlothian Battalion mentioned all too briefly in Martin Middlebrook s classic book *The First Day on the Somme* Raised in Edinburgh shortly after the start of the Great War it was perhaps the finest unit in Lord Kitchener s volunteer army a brotherhood of sportsmen bound together by their extraordinary colonel and their loyalty to a quaintly named Association Football club the famous Gorgie Hearts McCrae s were blooded in the Battle of the Somme losing three quarters of their strength on the first day alone The Colonel himself was invalided home In time the battalion recovered It came of age at Arras endured the muddy horror of Passchendaele and held the line unbroken in the face of furious German attacks on the Lys in 1918 For almost a century their story remained untold It was all but lost forever Now after 12 years of exacting historical detective work Jack Alexander has reclaimed the 16th Royal Scots for posterity In this stirring book he draws upon interviews with veterans and a unique archive of letters diaries and photographs assembled from the families of more than 1 000 of Sir George McCrae s men Writing the Great War Andrew Green,2008-12-04 In this volume Andrew Green

examines the progress by which the Official Histories of World War I was written the motives and influences of its paymasters and the literary integrity of its historians A Miners Pals Battalion at War Mike Hall,2015-06-28 On the 100th anniversary of the start of the First World War this is a story that so far has never been told The 18th Battalion Middlesex Regiment were not infantry men whose primary job was to go over the top at the start or during battle Nor were they deployed behind the lines away from the action with the generals and base camp workers They had a different job to build the infrastructure necessary to prosecute the war These miners pals played a vital role in the war They dug and drained trenches wired No Man s Land mined under enemy lines made and repaired roads filled in craters constructed dug outs stock piled ammunition built and improved billets fetched and carried kept open communications with the front made and repaired railways built and demolished bridges gassed the enemy picquetted rods and held the front line If a job needed doing they did it no matter where when or how dangerous At times they fought back the Germans with only their picks and shovels and in High Wood at the height of the Battle of the Somme they were deployed to fight the enemy at bayonet point By this amongst other events the 18th Battalion earned the right to use the Middlesex Regiment nickname die hards A Miners Pals Battalion at War is written in diary form based on the 18th Middlesex Battalion War Diary and the 33rd Division War Diary Volume 1 covers August 1914 June 1917 with Volume 2 continuing the entries from July 1917 to January 1919 There are many accounts of the bravery of members of the battalion recording biographical details of each soldier including the cemetery where they are buried or memorial where they are honoured The book is a goldmine of information laden with incidents from the war and facts that have been cross checked and verified It is a fascinating read for anyone looking for an untold aspect of WWI

The Monthly Army List Great Britain. Army,1924

The Half-yearly Army List Great Britain. War Office,1929

Slaughter and Stalemate in 1917 Alan Warren,2021-02-01 What went wrong for British forces in 1917 Relive the key battles through first hand accounts and little known incidents of World War I This book offers a fresh critical history of the 1917 campaign in Flanders Alan Warren traces the three major battles fought by the British Expeditionary Force in the final months of 1917 from the mines of Messines to the mud of Passchendaele and the tanks at Cambrai Drawing on a rich array of sources Warren provides a vivid account of two tragically mismanaged battles showing that Cambrai further underlined what went wrong for British forces at Passchendaele and thus more fully explains the course of events on the Western front His compelling narrative history features first hand accounts little known dramatic incidents and portraits and assessments of the main generals All readers interested in World War I and the tragic mistakes that led in the words of Winston Churchill to a forlorn expenditure of valour and life without equal in futility will find this an invaluable military history *Barnsley Pals* Jon Cooksey,2008-07-15 The true World War I story of one British town s remarkable response to the message Your Country Needs You The Pals battalions were a phenomenon of the Great War never repeated since Under Lord Derby s scheme and in response to Lord Kitchener s famous call for a million volunteers local communities raised and initially often paid for entire

battalions for service on the Western Front Their experience was all too frequently tragic as men who had known each other all their lives had worked volunteered and trained together and had shipped to France together encountered the first full fury of modern battle on the Somme in July 1916 Many of the Pals battalions would not long survive that first brutal baptism but their spirit and fighting qualities have gone down in history These were truly the cream of Britain's young men and every single one of them was a volunteer This book tells their story Includes photographs and illustrations The French Army's Tank Force and Armoured Warfare in the Great War Tim Gale, 2016-03-16 Recent scholarship has challenged the assumption that military commanders during the First World War were inflexible backward looking and unwilling to exploit new technologies Instead a very different picture is now emerging of armies desperately looking to a wide range of often untested and immature scientific and technological innovations to help break the deadlock of the Western Front Nowhere is this better illustrated than in the development of tank warfare which both the British and the French hoped would give them a decisive edge in their offensives of 1917 and 1918 Whilst the British efforts to develop armoured warfare have been well chronicled there has been no academic study in English on the French tank force the Artillerie Spéciale during the Great War As such this book provides a welcome new perspective on an important but much misunderstood area of the war Such was the scale of the French tanks failure in their first engagement in 1917 it was rumoured that the Artillerie Spéciale was in danger of being disbanded yet by the end of the war it was the world's largest and most technologically advanced tank force This work examines this important facet of the French army's performance in the First World War arguing that the AS fought the war in as intelligent and sensible a manner as was possible given the immature state of the technology available No amount of sound tank doctrine could compensate for the fragility of the material for the paucity of battlefield communication equipment and for the lack of tank infantry training opportunities Only by 1918 was the French army equipped with enough reliable tanks as well as aircraft and heavy artillery to begin to exercise a mastery of the new form of combined arms warfare The successful French armoured effort outlined in this study including a listing of all the combat engagements of the French tank service in the Great War highlights a level of military effectiveness within Delphi Collected Works of Winston S. Churchill (Illustrated) Winston S. Churchill, 2023-05-21 The British statesman orator and author Winston Churchill served as prime minister twice achieving legendary status for rallying the British people during World War II and leading the country from the brink of defeat to victory In addition to his careers of soldier and politician Churchill was a prolific writer starting with war journalism charting his adventures in British India at the Siege of Malakand at Sudan during the Mahdist War and in Africa in the Second Boer War He excelled as a writer of history producing multi volume studies of grand subjects to critical acclaim Many of his speeches and parliamentary answers were also published in pamphlets and collected editions In 1953 Churchill was awarded the Nobel Prize in Literature for his mastery of historical and biographical description as well as for brilliant oratory This eBook presents Churchill's collected works with numerous illustrations rare texts informative

introductions and the usual Delphi bonus material Version 1 Beautifully illustrated with images relating to Churchill s life and works Concise introductions to the major texts Churchill s novel Savrola and the rare short stories Images of how the books were first published giving your eReader a taste of the original texts Excellent formatting of the texts Many non fiction works and speech collections Special chronological and alphabetical contents tables for the speeches Includes the famous WWII speeches Easily locate the works you want to read Features a bonus biography discover Churchill s incredible life Ordering of texts into chronological order and genres Please note due to US copyright restrictions some non fiction works cannot appear in this edition When new texts become available they will be added to the eBook as a free update

British Generalship during the Great War Simon Robbins,2016-04-15 Following the career of one relatively unknown First World War general Lord Horne this book adds to the growing literature that challenges long held assumptions that the First World War was a senseless bloodbath conducted by unimaginative and incompetent generals Instead it demonstrates that men like Horne developed new tactics and techniques to deal with the novel problems of trench warfare and in so doing seeks to re establish the image of the British generals and explain the reasons for the failures of 1915 16 and the successes of 1917 18 and how this remarkable change in performance was achieved by a much maligned group of senior officers Horne s important career and remarkable character sheds light not only on the major battles in which he was involved the progress of the war his relationships with his staff and other senior officers the novel problems of trench warfare the assimilation of new weapons tactics and training methods and the difficulties posed by the German defences but also on the attitudes and professionalism of a senior British commander serving on the Western Front Horne s career thus provides a vehicle for studying the performance of the British Army in the first quarter of the Twentieth Century It also gives an important insight into the attitudes ethos and professionalism of the officer corps which led that army to victory on the Western Front exposing not only its flaws but also its many strengths This study consequently provides a judgment not only on Horne as a personality innovator and general of great importance but also on his contemporaries who served with the British Armies in South Africa

and France during an era which saw a revolution in military affairs giving birth to a Modern Style of Warfare which still prevails to this day **Signal Training (all Arms)** ,1928 Notes on the Land & Air Forces of the British Oversea Dominions, Colonies, Protectorates & Mandated Territories Great Britain. War Office,1928

Military Operations France Belgium 1914 Volume I: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Military Operations France Belgium 1914 Volume I : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Military Operations France Belgium 1914 Volume I : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
