Millennial Seduction A Skeptic Confronts Apocalyptic Culture:

Millennial Seduction Lee Quinby, 1999 Introduction threshold of revelation Skeptical revelations of an American feminist on Patmos Teaching on the threshold angels and skeptics Genealogical skepticism how theory confronts millennialism Millennialist morality and the problem of chastity Coercive purity the dangerous promise of apocalyptic masculinity Feeling Jezebel exposing apocalyptic gender panic and other con games Addendum circuits of revelation Programmed perfection technoppression and cyborg flesh Epilogue skepticism as a way of life *Millennial Seduction* Lee Quinby, 2018-09-05 Who among us still thinks the year 2000 is just an arbitrary turn of a calendar page Why does its approach bring both fear of apocalyptic destruction and the promise of millennial salvation Lee Quinby investigates how anxiety about the arrival of the new century casts everything from El Niño to sheep cloning in apocalyptic terms simultaneously fueling panic and fostering unfounded hope for a perfect world Millennial rhetoric is both pervasive and persuasive Quinby argues because it operates with mutually reinforcing doses of fear and hope Religious and secular anxiety erupts over charged issues such as sex education the regulation of cyberspace and the Christian masculinity of the Promise Keepers Quinby exposes the dangers of millennialist solutions which link misogyny homophobia and racism with absolutist claims about truth morality sexuality and technology It is the absolutism of apocalyptic thought not an impending apocalypse that poses the more serious threat to our society Quinby maintains *Millennial Seduction* advocates a form of skepticism that challenges absolutism and encourages democratic participation Post-Apocalyptic Culture Teresa Heffernan, 2008-12-04 In *Post Apocalyptic Culture* Teresa Heffernan poses the question what is at stake in a world that no longer believes in the power of the end Although popular discourse increasingly understands apocalypse as synonymous with catastrophe historically in both its religious and secular usage apocalypse was intricately linked to the emergence of a better world to revelation and to disclosure In this interdisciplinary study Heffernan uses modernist and post modernist novels as evidence of the diminished faith in the existence of an inherently meaningful end Probing the cultural and historical reasons for this shift in the understanding of apocalypse she also considers the political implications of living in a world that does not rely on revelation as an organizing principle With fascinating readings of works by William Faulkner Don DeLillo Ford Madox Ford Toni Morrison E M Forster Salman Rushdie D H Lawrence and Angela Carter *Post Apocalyptic Culture* is a provocative study of how twentieth century culture and society responded to a world in which a belief in the end had been exhausted **Millennial Dreams and Apocalyptic Nightmares** Angela M. Lahr, 2007-10-31 The Religious Right came to prominence in the early 1980s but it was born during the early Cold War Evangelical leaders like Billy Graham driven by a fierce opposition to communism led evangelicals out of the political wilderness they inhabited since the Scopes trial and into a much more active engagement with the important issues of the day How did the conservative evangelical culture move into the political mainstream Angela Lahr seeks to answer this important question She shows how evangelicals who had felt marginalized by American culture

drew upon their eschatological belief in the Second Coming of Christ and a subsequent glorious millennium to find common cause with more mainstream Americans who also feared a soon coming end albeit from nuclear war In the early postwar climate of nuclear fear and anticommunism the apocalyptic eschatology of premillennial dispensationalism embraced by many evangelicals meshed very well with the secular apocalyptic mood of a society equally terrified of the Bomb and of communism She argues that the development of the bomb the creation of the state of Israel and the Cuban Missile Crisis combined with evangelical end times theology to shape conservative evangelical political identity and to influence secular views Millennial beliefs influenced evangelical interpretation of these events repeatedly energized evangelical efforts and helped evangelicals view themselves and be viewed by others as a vital and legitimate segment of American culture even when it raised its voice in sharp criticism of aspects of that culture Conservative Protestants were able to take advantage of this situation to carve out a new space for their subculture within the national arena The greater legitimacy that evangelicals gained in the early Cold War provided the foundation of a power base in the national political culture that the religious right would draw on in the late seventies and early eighties The result she demonstrates was the alliance of religious and political conservatives that holds power today

sign of the end of the world Christian fundamentalists had already configured the gay male population most visibly affected by AIDS as apocalyptic signifiers or signs of the end times Their discourse grew out of a centuries old American apocalypticism that included images of crisis destruction and ultimate renewal In this book Thomas L Long examines the ways in which gay and AIDS activists artists writers scientists and journalists appropriated this apocalyptic rhetoric in order to mobilize attention to the medical crisis prevent the spread of the disease and treat the HIV infected Using the analytical tools of literary analysis cultural studies performance theory and social semiotics AIDS and American Apocalypticism examines many kinds of discourse including fiction drama performance art demonstration graphics and brochures biomedical publications and journalism and shows that while initially useful the effects of apocalyptic rhetoric in the long term are dangerous Among the important figures in AIDS activism and the arts discussed are David Drake Tim Miller Sarah Schulman and Tony Kushner as well as the organizations ACT UP and Lesbian Avengers
