Millennial Studies A Search For Truth:

Three Views on the Millennium and Beyond Zondervan, 2010-08-10 Is there biblical evidence for a thousand year earthly kingdom the Millennium ruled by Christ before the fulfillment of the new heaven and new earth Revelation chapter 20 seems to suggest so but few books of the Bible are so difficult to interpret And a discussion of the Millennium branches out into many other theological questions about the end times eschatology Are these the last days What must happen before Jesus returns What part does the church play This Counterpoints volume compares three views of the Millennium Premillennial Christ will come again before this kingdom is established Postmillennial our present age represents that kingdom and that the church is and must move toward the fulfillment of this kingdom Amillennial a future Millennium is not a literal kingdom and when Christ returns he will usher in an immediate new heaven and new earth Robert B Strimple Kenneth L Gentry Jr and Craig A Blasing offer their perspectives giving their exegetical reasoning Each of them then responds to the views held by their peers in a respectful and informative setting making it easy for you to compare their beliefs and gain a better understanding of how this aspect of Christianity's great hope the return of Jesus is understood by the church The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion *The Case for Zionism* Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day **Millennial Studies** George Lewis Murray, 1972 A Victorian Dissenter David E. Seip, 2018-04-24 This book introduces the reader to Robert Govett 1813 1901 dissenting clergyman and author who wrote as a scholar of biblical prophecy primarily on the subject of the exclusion of believers in the Millennial Kingdom an idea of which he conceived The purpose of the book is threefold 1 to describe Govett his life and his printed work 2 to analyze Govett's eschatological beliefs especially those he originated and 3 to investigate why a respected theologian in England who had published over 180 books and tracts disappeared from dissenting print culture early in the twentieth century Govett's doctrine of exclusion was heavily

intertwined with most of his writings It was a topic that he developed throughout his career Yet as the center of dispensationalism shifted to America Govett s views of the Rapture began to be seen as extreme The book explains why Govett was eclipsed as the center of the evangelical movement shifted and its theology ossified Since his death Govett has been occasionally remembered in scholarship but with increasing inaccuracies and skepticism This book seeks to remove the mystery

Trimillennialism Ritchie Way,2014-08-21 For the first time in the history of theology Ritchie Way interprets the prophecy of Revelation 20 using the hermeneutic of inauguration fulfillment and consummation He reveals that when the millennium is interpreted as having its inauguration in the life death and resurrection of Jesus then amillennialism and premillennialism are not seen as antagonistic to each other rather a tweaked amillennialism provides the fulfillment for the prophecy and a tweaked premillennialism provides its consummation This new way of interpreting the millennium is not only soundly based groundbreaking and exciting it also has significant implications for the interpretation of the rest of the book of Revelation Trimillennialism also provides fresh insights on original sin the essential difference between a saved and a lost person the depth of the sacrifice Christ made on the cross the nature of the punishment of the unrepentant and the present location of heaven

Interpreting Revelation Merrill C. Tenney,1988 Interpreting Revelation is a sane thorough scholarly and sensible approach to studying and understanding the book of Revelation It provides the reader with clear insights into the various methods of interpreting this last book of the Bible No matter what approach you take to the book of Revelation futurist or preterist premillennial or amillennial you will find enlightenment as you have opportunity to peruse a variety of other approaches to understanding this somewhat mysterious apocalyptic book

Eschatology and Ecology Paul Hang-Sik Cho,2011-05-01 This book raises the question of why Korean people and Korean Protestant Christians in particular pay so little attention in theory or practice to ecological issues The author argues that there is an important connection or elective affinity between this lack of attention and the otherworldly eschatology that is so dominant within Korean Protestant Christianity Dispensational premillennialism originally imported by American missionaries resonated with traditional religious beliefs in Korea and soon came to dominate much of Korean Protestantism This book argues that this of all forms of millennialism is the most damaging to ecological concerns It also suggests how Korean churches may effectively respond to the ecological challenge

Rethinking Eschatology Jason L. Quinter, 2025-01-23 In *Rethinking Eschatology* Jason L. Quinter presents a compelling defense of postmillennialism a theological view that Christ's reign has already begun and is advancing throughout history Challenging popular end times scenarios of decline Quinter argues from a biblical and historical basis that the kingdom of God is progressively expanding through the global spread of the gospel Drawing on scholars like Kenneth Gentry and Keith Mathison he shows how the Scriptures depict a victorious ever growing Christian influence culminating in Christ's return and the final renewal of creation This book is ideal for students of Scripture church leaders and anyone seeking an optimistic and well reasoned perspective on God's plan for history and the future

In The Days of These Kings: The Book of Daniel in Preterist Perspective Jay Rogers, 2018-01-08 And in the days of these kings shall the God of heaven set up a kingdom which shall never be destroyed and the kingdom shall not be left to other people but it shall break in pieces and consume all these kingdoms and it shall stand for ever Daniel 2 44 The message of Daniel is that Jesus the Messiah is now ruling over the nations Daniel tells us that Messiah's kingdom will advance in the whole world from generation to generation Daniel 4 4 34 Christ's dominion is given to the people of the saints of the most High Daniel 7 22 Our purpose then is to see all people nations and languages serve and obey him Daniel 7 14 27 This meticulously researched and thorough treatment of Daniel from a preterist perspective includes over 700 pages of commentary historical background and setting New Testament allusions and much more It is enhanced with charts tables maps illustrations and topped off with helpful thorough indexes Kenneth L. Gentry Jr Th.D. **The Latter-Day Saints' Millennial Star**, 1900 *Countdown to Victory* V. Vernon ECKLEBERRY, 2006-08-23 The reader will first be introduced to the historical and theological roots for interpreting the millennial passages in Revelation 20 Secondly millennial views will be examined as they relate to the Kingdom of God the church and Israel Thirdly the schools of interpretation will be assigned a particular dimension spiritual chronological or ecclesiastical that will facilitate the merging of the three major viewpoints into a multidimensional model This will be followed fourthly with a verse by verse commentary of Revelation 20 utilizing the writings of scholars from the three millennial viewpoints Finally a descriptive account of the salvation history portrayed in Revelation 20 will emerge in the form of a narrative that utilizes the dynamic multidimensional model of the Millennium

The Oxford Handbook of Quaker Studies Stephen W.

Angell, Pink Dandelion, 2013-09-26 Quakerism began in England in the 1650s George Fox credited as leading the movement had an experience of 1647 in which he felt he could hear Christ directly and inwardly without the mediation of text or minister Convinced of the authenticity of this experience and its universal application Fox preached a spirituality in which potentially all were ministers all part of a priesthood of believers a church levelled before the leadership of God Quakers are a fascinating religious group both in their original peculiarity and in the variety of reinterpretations of the faith since The way they have interacted with wider society is a basic but often unknown part of British and American history This handbook charts their history and the history of their expression as a religious community This volume provides an indispensable reference work for the study of Quakerism It is global in its perspectives and interdisciplinary in its approach whilst offering the reader a clear narrative through the academic debates In addition to an in depth survey of historical readings of Quakerism the handbook provides a treatment of the group s key theological premises and its links with wider Christian thinking Quakerism s distinctive ecclesiastical forms and practices are analysed and its social economic political and ethical outcomes examined Each of the 37 chapters considers broader religious social and cultural contexts and provides suggestions for further reading and the volume concludes with an extensive bibliography to aid further research *The Publishers Weekly*, 1901 Trappings of Popery Shaun Willcock, 2007 *Cumulative Book Index*, 1972 **Catalog of Copyright Entries, Third Series** Library of Congress.
