A World of Memories Madhvi Parekh, 2010 In a pictorial world that is vivid rich in colour and detail Madhvi Parekh's imaginative and extraordinary narrative outpourings continue to reverberate with a certain magical realism holding the viewer in thrall The sights and sounds of Sanjaya the village in Gujarat where Madhvi grew up are a constant companion that combines seamlessly with elements imbibed while living in the city and in frequent travels at home and abroad Her work contextualizes her childhood experiences and her artistic journey of forty five years Stories from the epics and folktales are also her points of departure A modern master of the contemporary Indian art world her complex paintings maintain a delicate balance between the folkish and the modernist and are at the same time imbued with a deep rooted secularism Her paintings influenced by folk art and over the years inspired by modern artists such as Paul Klee and Joan Miro have evolved into the distinctive Madhvi Parekh style that owes as much to vibrant colour as to her extraordinary wonder and way of seeing In this world of conflict her warm and joyful episodic tales with happy endings infuse optimism and hope for a better tomorrow World of Memories encapsulates Madhvi Parekh's artistic journey with a selection of seventy paintings from a formidable body of work in the various mediums that she works in

The Olympic Games and Cultural Policy Beatriz Garcia, 2012-10-12 This book explores how cultural policies are reflected in the design management and promotion of the Olympic Games Garcia examines the concept and evolution of cultural policies throughout the recent history of the Olympic Games and then specifically evaluates the cultural program of the Sydney 2000 Olympic Games She argues that the cultural relevance of a major event is highly dependent on the consistency of the policy choices informing its cultural dimensions and demonstrates how such events frequently fail to leave long term cultural legacies and are often unable to provide an experience that fully engages and represents the host community due to their over emphasis on an economic rather than a social and cultural agenda

Collaborative Governance John D. Donahue, Richard J. Zeckhauser, 2011-02-28 How government can forge dynamic public private

partnerships All too often government lacks the skill the will and the wallet to meet its missions Schools fall short of the mark while roads and bridges fall into disrepair Health care costs too much and delivers too little Budgets bleed red ink as the cost of services citizens want outstrips the taxes they are willing to pay Collaborative Governance is the first book to offer solutions by demonstrating how government at every level can engage the private sector to overcome seemingly insurmountable problems and achieve public goals more effectively John Donahue and Richard Zeckhauser show how the public sector can harness private expertise to bolster productivity capture information and augment resources The authors explain how private engagement in public missions rightly structured and skillfully managed is not so much an alternative to government as the way smart government ought to operate The key is to carefully and strategically grant discretion to private entities whether for profit or nonprofit in ways that simultaneously motivate and empower them to create public value Drawing on a host of real world examples including charter schools job training and the resurrection of New York's Central Park they show how when and why collaboration works and also under what circumstances it doesn't Collaborative Governance reveals how the collaborative approach can be used to tap the resourcefulness and entrepreneurship of the private sector and improvise fresh flexible solutions to today's most pressing public challenges *Night+Day D.
