*Millennium Prophecies* Stephen Skinner,1994      **Millennium Prophecies** Stephen Skinner,1994      **Beyond 2012: Catastrophe or Awakening?** Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date      [The Haunting of Twentieth-Century America](#) William J. Birnes,Joel Martin,2011-09-13 In this sequel to *The Haunting of America* national bestselling authors Joel Martin and William J Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America s fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America s political public and military policies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions UFOs that frightened the nation s military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians *The Haunting of Twentieth Century America* is a thrilling evidencebased exploration of the often unexpected influences of the paranormal on science medicine law the government the military psychology theology death and dying spirituality and pop culture At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied      **Millennium Prophecies** Mark Thurston,1997 Examines the process used by Edgar Cayce to receive his visionary insights and his millennium prophecies plus his links to the prophecies of Nostradamus Reissue      *Beyond the Millennium* Paul Meier,2008-07-13 In this riveting tale Paul Meier and Robert L Wise provide a glimpse behind the veil of

time into the eye of the storm to witness how angels and demons battle for people's hearts and souls The Third Millennium has remained a bestseller since it came out in early 1993 The partnership that began with Paul Meier and Robert L Wise in that book extended to The Fourth Millennium which has been a steady best seller as well Using the backdrop of their travels together in Israel they have attempted to put the secrets of the Scripture in an exciting form to help people prepare spiritually for their struggles as the world becomes an increasingly difficult place to live      *Marketing - The Retro Revolution* Stephen Brown,2001-08-21 The rise of retro has led many to conclude that it represents the end of marketing that it is indicative of inertia ossification and the waning of creativity Marketing The Retro Revolution explains why the opposite is the case demonstrating that retro orientation is a harbinger of change and a revolution in marketing thinking In his engaging and lively style Stephen Brown shows that the implications of today's retro revolution are much more profound than the existing literature suggests He argues that just as retro marketing practitioners are looking to the past for inspiration so too students consultants and academics should seek to do likewise      *The Return of Planet-X* Jaysen Q. Rand,2007 The Return of Planet X is an educational informational source examining all aspects of this controversial subject including the record of X's Ancient Science of Prophecy its Phantom Astronomy Forbidden Archaeology and the Signs Of Its Approach This book examines the history and prophecy of Earth's many cultures throughout the millennia and their voluminous references to the reality of X's periodic passages The most current hypothesis used to examine X's next return through the solar system centers around the fact that X's extended orbit approximately every 3 600 years first passing through the solar system then back out again suggests that its destructive cycle occurs in two phases The first phase begins with X's initial pass through in 2009 separated by three years until its second phase This passage marks X's return leg back into deep space beginning again its 3 600 year long trek through the heavens X's last return visit through the solar system most likely coincided with the Hebrew's exodus from Egypt estimated around 1447 BC roughly 3 459 years ago Did God somehow come to Moses aid by staging a cosmic event that no one today understands The Mayan Celestial Calendar Codex inexplicably ends 21 December 2012 According to ancient Mayan cosmology time as we know it on Earth will reach its climax on that date Written across the scroll of time and space the author believes Planet X will first return in 2009 and again in 2012      *John Hogue's Worldwide Astrological Predictions for the Real New Year: Spring 2017 to Spring 2018* John Hogue,2017-12-27 JOHN HOGUE IS TAKING THE STARS BACK TO AN ANCIENT FUTURE Tomorrow's astrologers will embrace what early astrologers and pagan civilizations understood Spring is opening season of the natural New Year Hogue takes us through the correct procession of changing seasons from birth spring peak life summer let go autumn and death's fallow peace winter exploring world events in the time frame of seasons progressing in their corrected annual sequence with accurate astrological forecasts saddled to pure divination Hogue's future chronicles of world events can be funny shocking even terrifying but ever original and ultimately illuminating these intense times John Hogue is author of over 1 000 articles and 46 books 1 180 000

**Prophecy in the New Millennium** Suzanne Newcombe, Sarah Harvey, 2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life

**Millennium Prophecies** A. T. Mann, 1992 The millennium is at hand Which of the world shattering prophecies of the great seers and mystics will we witness Armageddon and the end of our planet The coming of the Antichrist Visitation by aliens Another Ice Age A T Mann examines and compares the predictions of such seers as Nostradamus Edgar Cayce St Malachy and others to prepare us to meet the future

**The Year 2000** Charles B. Strozier, Michael Flynn, 1997-08 A fascinating collection of predictions for the end times in the year 2000 The Year 2000 is at hand The end of the millennium means many things to many people but it has significance for almost everyone A thousand years ago monks stopped copying manuscripts and religious building projects came to a halt as panic swept Europe Today anxiety about global warming government power superviruses even recycling is on some level rooted in the fear of irreversible cataclysm In a landscape shadowed by racial conflict technological upheaval AIDS and nuclear weapons we reasonably fear the end of history 2000 looms large in our religious political and cultural imagination But while 2000 brings dread it also raises the prospect of transformation There is hope to be found in the apocalyptic This panoramic volume explores how the Year 2000 operates in contemporary political discourse from Black evangelical politics to radical right wing rhetoric One section is devoted specifically to apocalyptic violence analyzing twentieth century cults and cultural movements from David Koresh who renamed his Waco compound Ranch Apocalypse and perished in a modern day Armageddon that fueled the millennialist angst of other extremist groups to environmental campaigns like Earth First that also rely on the language of violence and imminent doom in their greening of the Apocalypse

**The Lure of the Millennium** Raymond F. Bulman, 1999 The Lure of the Millennium offers a hopeful guide to the upcoming millennium and discusses the challenges that the world will face in this upcoming age Bulman examines and uses Christ s thousand year reign on earth as described in the Book of Revelation as his basis exploring pre and post millennium theories

*Nostradamus and Beyond* Peter Lemeseurier,Peter Lemesurier,1999 If you re intrigued by the uncanny ways the 400 year old prophecies of Nostradamus have come true over the centuries you ll be even more amazed as an expert interprets

more of the seer's predictions about the year 2000 and beyond. The author details the process Nostradamus used to predict the future history of the world up to the year 3797. Previously unpublished charts reveal how it is possible to pinpoint dates and sequences for many of the more ambiguous prophecies. Most importantly, Lemeseurier applies these new methods of interpretation to Nostradamus's predictions about our immediate future. Over 256 of Nostradamus's prophecies receive closer scrutiny. They include wars erupting in North Africa, the Balkans, and the Middle East in the next decade; weapons of mass destruction unleashed in Europe; and a pope deposed in 2005. As you learn Nostradamus's techniques, you can even try them yourself and see how accurately you can predict important events in your own lifetime.
