Millions Like Us:

Millions Like Us' Visiting Senior Fellow Department of Psychology Nicky Hayes,1999-01-01 This collection of essays brings together the latest historical research on cultural production and reception during the Second World War It covers the way in which cultural provision was viewed by the labour movement and industry **This is England** Neil Rattigan,2001 Third that the condition of total war in which Britain found itself a short time after the commencement of hostilities would mean that films and indeed all mass popular culture would respond to the urgency of the situation by taking a special interest in representations of British society And fourth following on from this that British films of the Second World War would one way or another be agents of propaganda From these propositions the book examines just what these films had to say about social class in the images of Britain they were promulgating with the corollaries of just how were they saying it and why were they saying it Alongside this is a concern with what propaganda purposes were being met by these films Jacket

Mobilizing Music in Wartime British Film Heather Wiebe,Teaching Professor in Music and Liberal Studies Heather Wiebe,2024-10-11 Mobilizing Music in Wartime British Film examines the preoccupation with art music and total war that animated British films of the 1940s **Blackout** Antonia Caroline Lant,2014-07-14 The most universal civilian privation in World War II Britain the blackout possessed many symbolic meanings Among its complicated implications for filmmakers was a stigmatization of film spectacle including the display of Hollywood women whose extravagant appearance connoted at best unpatriotic wastefulness and at worst collaboration with the enemy Exploring the wartime breakdown of conventional gender roles on the screen and in the audience Antonia Lant demonstrates that many British films of the period signaled their national cinematic identity by diverging from the notion of the Hollywood star the mainstay of commercial American motion pictures replacing her with a deglamourized mobilized heroine Nevertheless the war machine demanded that British films continue to celebrate stable and reassuring gender roles Contradictions abounded both within film narratives and between narrative and real life Analyzing films of all the major wartime studios the author scrutinizes the efforts of realist and melodramatic texts to confront women s wartime experiences including conscription By combining study of contemporary posters advertisements propaganda notices and cartoons with consideration of recent feminist theoretical work on the cinema spectatorship and history she has produced the first book to examine the relationships among gender cinema and nationality as they are affected by the stresses of war Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

British Literature of the Blitz K. Miller,2008-12-18 British Literature of the Blitz interrogates the patriotic utopian

ideal of the People's War by analyzing conflicted representations of class and gender in literature and film. Its subtitle *Fighting the People's War* describes how British citizens both united to fight Nazi Germany and questioned the nationalist ideology binding them together.

Classes and Cultures Ross McKibbin, 1998. In this book McKibbin investigates the ways in which class culture characterised English society and intruded every aspect of life during the period 1918-1951. He also shows the increasing effects of Americanisation on this culture.

Working Stiffs, Union Maids, Reds, and Riffraff Tom Zaniello, 2018-05-31. The revised and expanded edition of *Working Stiffs Union Maids Reds and Riffraff* offers 350 titles compared to the original edition's 150. The new book is global in scope with examples of labor films from around the world. Viewers can turn to this comprehensive annotated guide for films about unions or labor organizations, labor history, working class life, where an economic factor is significant, political movements if they are tied closely to organized labor, production or the struggle between labor and capital from a top-down, either entrepreneurial or managerial perspective. Each entry includes a critical commentary, production data, cast list, MPAA rating, if any, suggested related films, annotated references to books and websites for further reading, and information about availability of films for rental and/or purchase. This edition addresses both historical and contemporary films and features many more documentaries and hard-to-find information about agitprop and union-financed films. *Working Stiffs Union Maids Reds and Riffraff: An Expanded Guide to Films about Labor* features fifty-eight production stills and frame enlargements. It also includes a greatly expanded Thematic Index of Films. Two new sections will help the reader discover labor films in chronological order or by nationality or affiliation with certain cinematic movements. To read Tom Zaniello's blog on the cinema of labor and globalization featuring even more reviews, visit <http://tzaniello.wordpress.com>. Praise for the earlier edition: Zaniello has created a useful and far-reaching guide with abundant information. These are the sorts of films that prove what James Agee wrote in these pages nearly fifty years ago: 'The only movies whose temper could possibly be described as heroic or tragic or both have been made by leftists.' The Nation. Zaniello has done a monumental job identifying the films that should be included in this genre. *Working Stiffs Union Maids Reds and Riffraff* is sorely needed and long overdue. Cineaste. An engaging and opinionated book. Even though mining, trucking, Jimmy Hoffa, and class warfare are the book's major themes, what holds the project together is Zaniello's sense of fun and wit. Zaniello is a better writer than most major film critics. Village Voice Literary Supplement.

British Cinema Amy Sargeant, 2019-07-25. Although new writing and research on British cinema has burgeoned over the last fifteen years, there has been a continued lack of single-authored books providing a coherent overview to this fascinating and elusive national cinema. Amy Sargeant's personal and entertaining history of British cinema aims to fill this gap. With its insightful decade-by-decade analysis, *British Cinema* is brought alive for a new generation of British cinema students and the general reader alike. Sargeant challenges Rachel Low's premise that few of the films made in England during the twenties were any good by covering subjects as diverse as the art of intertitling, the narrative complexities of *Shooting Stars*, and Brunel's burlesques.

Sargeant goes on to examine among other things the differing acting styles of Dietrich and Donat in the seminal *Knight Without Armour* to early promotional campaigns in the 1930s whereas subjects ranging from product endorsement by stars to the character of the suburban wife are covered in the 1940s The 1950s includes topics such as the effect of post war government intervention to Free Cinema and Lindsay Anderson's infuriating lapses of rigour together with a much needed overview of Michael Balcon's contribution to British cinema For Sargeant the 1960s provides an overview of the tentative relationship between film and advertising and the rise of young Turks such as Tony Richardson Ken Loach Donald Cammell and Nicolas Roeg *Fifty Key British Films* Sarah Barrow, John White, 2012-08-06 In *Fifty Key British Films* Britain's best known films such as *Clockwork Orange* *The Full Monty* and *Goldfinger* are scrutinised for their outstanding ability to articulate the issues of the time This is essential reading for anyone interested in quality cult film

Sport and the Home Front Matthew Taylor, 2020-05-31 *Sport and the Home Front* contributes in significant and original ways to our understanding of the social and cultural history of the Second World War It explores the complex and contested treatment of sport in government policy media representations and the everyday lives of wartime citizens Acknowledged as a core component of British culture sport was also frequently criticised marginalised and downplayed existing in a constant state of tension between notions of normality and exceptionality routine and disruption the everyday and the extraordinary The author argues that sport played an important yet hitherto neglected role in maintaining the morale of the British people and providing a reassuring sense of familiarity at a time of mass anxiety and threat Through the conflict sport became increasingly regarded as characteristic of Britishness a symbol of the ordinary everyday lives in defence of which the war was being fought Utilised to support the welfare of war workers the entertainment of service personnel at home and abroad and the character formation of schoolchildren and young citizens sport permeated wartime culture contributing to new ways in which the British imagined the past present and future Using a wide range of personal and public records from diary writing and club minute books to government archives this book breaks new ground in both the history of the British home front and the history of sport

Lines of Resistance Adrian Grafe, Jessica Stephens, 2014-01-10 *Resistance* is a key concept for understanding the twentieth and early twenty first centuries and for approaching the poetry of the period This collection of 15 critical essays explores how poetry and resistance interact set against a philosophical historical and cultural background In the light of the upheavals of the age and the changing perception of the nature of language resistance is seen to lie at the core of poetic preoccupations moving poetic language forward From this perspective the resistance of poetry is connected with the human call to solidarity resilience and ultimately meaning The volume covers poetry from Hardy Yeats and Auden among others to contemporary writers like Hugo Williams and Linton Kwesi Johnson

The Arts as a Weapon of War Jorn Weingartner, 2012-06-08 In 1834 Lord Melbourne spoke the words that epitomised the British government's attitude towards its own involvement in the arts God help the minister that meddles with Art However with the outbreak of World War II that

attitude changed dramatically when cultural policy became a key element of the domestic front Not only a propaganda tool it aimed to boost morale and prevent a wartime cultural blackout The Arts as a Weapon of War traces the evolution of this policy from the creation of the Committee for the Encouragement of Music and the Arts in 1939 to the drafting of the Arts Council's constitution in 1945 From the improvement of the National Gallery to Myra Hess legendary concerts during the blitz Jorn Weingartner provides a fascinating account of the powerful policy shift that laid the foundations for the modern relationship between government and the arts Colonial Documentary Film in South and South-East Asia Ian

Aitken, 2016-12-05 Based on rare archival documents and films this anthology is the first to focus primarily on the use of official and colonial documentary films in the South and South East Asian regions Drawing together a range of international scholars the book sheds new light on historical theoretical and empirical issues pertaining to the documentary film in order to better comprehend the significant transformations of the form in the colonial late colonial and immediate post colonial period Covering diverse geographical and colonial contexts in countries like Singapore Malaysia the Philippines and Hong Kong and focusing on under researched or little known films it demonstrates the complex set of relations between the colonisers and the colonised throughout the region **Wales since 1939** Martin Johnes, 2013-01-18 The period since 1939

saw more rapid and significant change than any other time in Welsh history Wales developed a more assertive identity of its own and some of the apparatus of a nation state Yet its economy floundered between boom and bust its traditional communities were transformed and the Welsh language and other aspects of its distinctiveness were undermined by a globalizing world Wales was also deeply divided by class language ethnicity gender religion and region Its people grew wealthier healthier and more educated but they were not always happier This ground breaking book examines the story of Wales since 1939 giving voice to ordinary people and the variety of experiences within the nation This is a history of not just a nation but of its residents hopes and fears their struggles and pleasures and their views of where they lived and the wider world **The British Cinema Book** Robert Murphy, 2019-07-25 The new edition of The British Cinema Book has been

thoroughly revised and updated to provide a comprehensive introduction to the major periods genres studios film makers and debates in British cinema from the 1890s to the present The book has five sections addressing debates and controversies industry genre and representation British cinema 1895 1939 British cinema from World War II to the 1970s and contemporary British cinema Within these sections leading scholars and critics address a wide range of issues and topics including British cinema as a national cinema its complex relationship with Hollywood film censorship key British genres such as horror comedy and costume film the work of directors including Alfred Hitchcock Anthony Asquith Alexander Mackendrick Michael Powell Lindsay Anderson Ken Russell and Mike Leigh studios such as Gainsborough Ealing Rank and Gaumont and recent signs of hope for the British film industry such as the rebirth of the low budget British horror picture and the emergence of a British Asian cinema Discussions are illustrated with case studies of key films many of which are new

Promiscuous Media Hikari Hori, 2018-01-15 In *Promiscuous Media* Hikari Hori makes a compelling case that the visual culture of Showa era Japan articulated urgent issues of modernity rather than serving as a simple expression of nationalism Hori makes clear that the Japanese cinema of the time was in fact almost wholly built on a foundation of Russian and British film theory as well as American film genres and techniques Hori provides a range of examples that illustrate how maternal melodrama and animated features akin to those popularized by Disney were adopted wholesale by Japanese filmmakers Emperor Hirohito's image Hori argues was inseparable from the development of mass media he was the first emperor whose public appearances were covered by media ranging from postcards to radio broadcasts Worship of the emperor through viewing his image Hori shows taught the Japanese people how to look at images and primed their enjoyment of early animation and documentary films alike *Promiscuous Media* links the political and the cultural closely in a way that illuminates the nature of twentieth century Japanese society **Home Mission Monthly**, 1908 **The Theosophic Messenger**, 1909 **Newer Roosevelt messages: speeches, letters and magazine articles dealing with the war, before and after, and other vital topics** Theodore Roosevelt, 1919
