**Volume 5, Part 1** Justin Glenn, 2014-09-05 This is the fifth volume of Dr Justin Glenn's comprehensive history that traces the Presidential line of the Washingtons. Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657, married Anne Pope and became the great grandfather of President George Washington. It continued the record of their descendants for a total of seven generations. Volume Two highlighted notable family members in the next eight generations of John and Anne Washington's descendants, including such luminaries as General George S. Patton, the author Shelby Foote, and the actor Lee Marvin. Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe. Volume Four resumed the family history where Volume One ended and it contained Generation Eight of the immigrant John Washington's descendants. Volume Five now presents Generation Nine, including more than 10,000 descendants. Future volumes will trace generations ten through fifteen, making a total of over 63,000 descendants. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country. ADVANCE PRAISE: I am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself. Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century, it is surprising that no comprehensive family history has been published. Justin M. Glenn's *The Washingtons: A Family History* finally fills this void for the branch to which General and President George Washington belonged, identifying some 63,000 descendants. This is truly a family history, not a mere tabulation of names and dates, providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County, Virginia, in 1657. Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented, and errors of identification in previous publications are commented upon as appropriate. John Frederick Dorman, editor of *The Virginia Genealogist* 1957-2006 and author of *Adventurers of Purse and Person: Decades of reviewing Civil War books* have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible. Dr. Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail, many of them Confederates of interest and importance. Robert K. Krick, author of *The Smoothbore Volley that Doomed the Confederacy* and *Stonewall Jackson at Cedar Mountain*. *Immortality and the Body in the Age of Milton* John Rumrich, Stephen M. Fallon, 2018-03 A collection examining representations of the embodied self in the writings of Milton and his contemporaries      **A History of English Literature (600-1900)** Eduard Engel, 1902      **The Rambo Family Tree, Volume 1** Ronald S. Beatty, 2010-06 Peter Gunnarson Rambo, son of Gunnar Petersson, was born in about 1612 in Hisingen, Sweden. He came to America in 1640 and settled in Christiana.

New Sweden now Delaware He married Brita Mattsdotter 7 April 1647 They had eight children He died in 1698 His daughter Gertrude Rambo was born 19 October 1650 She married Anders Bengtsson Descendants and relatives lived mainly in Pennsylvania Delaware Virginia North Carolina and Ohio

O'Neill, 2016-11-11 This volume is the most comprehensive bibliography of purely biographical material written by Americans It covers every possible field of life but by design excludes autobiographies diaries and journals

The Washingtons. Volume 9 Justin Glenn, 2016-10-06 This is the ninth volume of a comprehensive history that traces the Presidential Line of the Washingtons Volume one began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and was the great grandfather of President George Washington It contained the record of their descendants for a total of seven generations Subsequent volumes two through eight continued this family history for an additional eight generations highlighting most notable members volume two and tracing lines of descent from the royalty and nobility of England and continental Europe volume three Volume nine collects over 8 500 descendants of the recently discovered line of William Wright died in Franklin Co Va ca 1809 It also provides briefer accounts of five other early Wright families of Virginia that have often been mentioned by researchers as close kinsmen of George Washington including William Wright died in Fauquier Co Va ca 1805 Frances Wright and her husband Nimrod Ashby and William Wright died in Greensville Co Va by 1827 A cumulative index will complete the series as volume ten
