Milwaukee Wisconsin Images Of America:

Milwaukee's Early Architecture Megan E. Daniels, 2010 Initially dominated by simple renditions of East Coast architecture Milwaukee developed from three pioneer settlements those of Solomon Juneau Byron Kilbourn and George Walker three hubs from which three villages radiated outward into one city Following the Civil War Milwaukee's growth at the onset of the Industrial Era afforded the city a fanciful array of Victorian streetscapes The 1890s followed with an era of ethnic architecture in which bold interpretations of German Renaissance Revival and Baroque designs paid homage to Milwaukee's overwhelming German population At the turn of the century Milwaukee's proximity to Chicago influenced the streetscape with classicized civic structures and skyscrapers designed by Chicago architects World War I and the ensuing anti German sentiment as well as Prohibition inevitably had adverse effects on Brew City By the 1920s Milwaukee's architecture had assimilated to the national aesthetic suburban development was on the rise and architectural growth would soon be stunted by the Great Depression *Milwaukee's Bronzeville, 1900-1950* Paul H. Geenen, 2006 With the migration of African American sharecroppers to northern cities in the first half of the 20th century the African American population of Milwaukee grew from fewer than 1 000 in 1900 to nearly 22 000 by 1950 Most settled around a 12 block area along Walnut Street that came to be known as Milwaukee's Bronzeville a thriving residential business and entertainment community Barbershops restaurants drugstores and funeral homes were started with a little money saved from overtime pay at factory jobs or extra domestic work taken on by the women Exotic nightclubs taverns and restaurants attracted a racially mixed clientele and daytime social clubs sponsored matinees that were dress up events featuring local bands catering to neighborhood residents Bronzeville is remembered by African American elders as a good place to grow up times were hard but the community was tight *Both Hands Tied* Jane L. Collins, Victoria Mayer, 2010-05-15 *Both Hands Tied* studies the working poor in the United States focusing in particular on the relation between welfare and low wage earnings among working mothers Grounded in the experience of thirty three women living in Milwaukee and Racine Wisconsin it tells the story of their struggle to balance child care and wage earning in poorly paying and often state funded jobs with inflexible schedules and the moments when these jobs failed them and they turned to the state for additional aid Jane L. Collins and Victoria Mayer here examine the situations of these women in light of the 1996 national Personal Responsibility and Work Opportunity Reconciliation Act and other like minded reforms laws that ended the entitlement to welfare for those in need and provided an incentive for them to return to work Arguing that this reform came at a time of gendered change in the labor force and profound shifts in the responsibilities of family firms and the state *Both Hands Tied* provides a stark but poignant portrait of how welfare reform afflicted poor single parent families ultimately eroding the participants economic rights and affecting their ability to care for themselves and their children *Milwaukee's Soldiers Home* Patricia A. Lynch, 2013 As the country sought healing and peace after the Civil War Wisconsin citizens took up Pres Abraham Lincoln's challenge to care for

him who shall have borne the battle Their efforts paved the way for the establishment in Milwaukee of one of the original three branches of the National Asylum for Disabled Volunteer Soldiers In May 1867 the first 60 veterans including a musician from the War of 1812 moved to a single building on 400 rolling acres west of Milwaukee By the end of the 19th century the bustling campus boasted its own hospital chapel library theater and recreation hall in addition to the grand main building Subsequent wars and military conflicts created a need for additional buildings and services Designated a National Historic Landmark in 2011 the campus continues to offer a healing environment for today s patients and stands as a testimony to advances in veteran health care
