Minaret Of Clay:

Minaret of Clay Elizabeth Daish, 1980-01-01 Minaret Building and Apprenticeship in Yemen Trevor Marchand, 2013-10-11 Through a combination of rich architectural and ethnographic description this study of apprenticeship and human spatial cognition provides a fascinating insight into the daily lives and activities of a professional class of craftsmen and investigates the unique teaching learning processes that distinguish their trade and mould both their professional and social characters The Prisoner of Al Hakim Bradley Steffens, 2017-04-07 Despite being one of the most brilliant mathematicians in the Abbasid caliphate Alhasan Ibn al Haytham makes a quiet living in Basra as a scholar and copyist He s preparing to write a new treatise on vision and light when a strange man wearing unusual clothes kidnaps him and takes him to Cairo for a meeting with the caliph Al Hakim The mad king of the Fatimid caliphate wants Alhasan to utilize his brilliance to dam the mighty Nile River What follows is the kind of adventure that the quiet reserved Alhasan could never have imagined Alhasan s incredible journey will lead him to the brink of ruin and perhaps to his most monumental discovery A novel about one of history s most overlooked scholars The Prisoner of Al Hakim is filled with vivid characters thrilling scenes and rich philosophical debates It s a story about how love faith and knowledge are ultimately intertwined and tells us as much about our contemporary times as about bygone eras **The Journal of the Asiatic Society of Bengal.
