Robert Sonn? Cohen, Richard Milton Martin, Merold Westphal, 1985-01-01 For the first time this volume presents a series of critical and constructive studies in the philosophy of J N Findlay His contributions to both historical and systematic philosophy are examined by outstanding authors in the field many of whom are his former students and colleagues The value of these essays is heightened by Findlay s own contributions two autobiographical chapters detail the evolution of his thought and relationships and in a final section of comments he evaluates and responds to the studies in this collection     **Archiv für Geschichte der Philosophie** ,1985 Vols 1 23 1888 1910 include Jahresberichte ber s mtliche Erscheinungen auf dem Gebiete der Geschichte der Philosophie v 24 41 include section Die neuesten Erscheinungen auf dem Gebiete der Geschichte der Philosophie varies slightly     *Semiotica* ,1986 Semiotica the Journal of the International Association for Semiotic Studies features articles reporting results of research in all branches of semiotic studies and in depth reviews of selected current literature in the field     American Book Publishing Record ,1999     *Forthcoming Books* Rose Army, 1983     Books in Print ,1991     **Dictionary Catalog of Official Publications of the State of New York** ,1984 Includes information from the Checklist of official publications of the State of New York     **Subject Guide to Forthcoming Books** ,1983 Presents by subject the same titles that are listed by author and title in Forthcoming books     *Books in Series* ,1985 Vols for 1980 issued in three parts Series Authors and Titles     *The Review of Metaphysics* ,1982     *The Highroad Around Modernism* Robert C. Neville, 1992-01-01 Discussions of modernism and postmodernism in philosophy and the arts are usually based on a narrow reading of the Western tradition and are not conscious of the narrowness The modern period beginning with the European Renaissance spawned many developments not just the modernist one in terms of which the tradition has been read From the standpoint of the highroad around modernism both modernism and post modernism look like nothing more than two late modern movements perhaps too preoccupied with themselves and their historical place to engage a swiftly changing world containing more than the Western tradition The Highroad Around Modernism develops and defends an explicitly non modernist and non postmodernist extension of modernity applicable to the problems of world wide cultural interactions
