The Heart of Meditation The Dalai Lama, 2017-04-11 The Dalai Lama reveals how training the mind in compassion for other beings is directly related to and a prerequisite for the very pinnacle of Buddhist meditation The heart of meditation the thing that brings it alive is compassion This is not an ordinary compassion but one that is developed and expanded in parallel with wisdom that arises through meditation Without that essential foundation other practices are pointless Fortunately the mind can be trained in compassion and the mind thus trained is fertile ground for the practice of the Great Completeness Dzogchen which is considered the pinnacle of spiritual practice by many in Tibetan Buddhism In this book His Holiness the Dalai Lama teaches the Great Completeness simply but thoroughly using as his reference a visionary poem by the nineteenth century master Patrul Rinpoche to show that insight can never be separated from compassion Through practice of the Great Completeness we can access our innermost awareness and live our lives in a way that acknowledges it and manifests it The wisdom and compassion that arise from such insight are critical His Holiness teaches not only to individual progress in meditation but to our collective progress toward peace in the world

How to Live and Die Lama Zopa Rinpoche, 2025-10-07 In this authoritative account of one of the most important practices in Tibetan Buddhism Lama Zopa shows us how facing the reality of death and impermanence can transform and enrich our life What death is how we die what minds we need at death and what happens after death only by knowing about death and rebirth can we actually fully understand what life is and so learn how to live fully Lama Zopa Rinpoche There is arguably no truth more foundational to Buddhism than this everything is impermanent We can see this in the world all around us old systems break down relationships change Death comes for those we love and inevitably for us In this book the late beloved teacher Lama Zopa Rinpoche walks us through the traditional revelatory practices of meditating on the fact of impermanence and even especially on death itself Rather than shy away from this reality we look straight at it and thus we learn not only how to not fear death but how to live

compassion can lead to global changes The Resurrection of Jesus Dale C. Allison, Jr.,2021-03-11 The earliest traditions around the narrative of Jesus resurrection are considered in this landmark work by Dale C Allison Jr drawing together the fruits of his decades of research into this issue at the very core of Christian identity Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history Beginning with historical critical methodology that examines the empty tomb narratives and early confessions Allison moves on to consider the resurrection in parallel with other traditions and stories including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body Finally Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints In his final section of modest results he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't **Sallekhana** Christopher Key Chapple,Shagun Chand Jain,2022-09-23 Jainism regards life to be eternal

L'arte della pace interiore Dalai Lama,2013-03-26 In un mondo come quello attuale preda dell'incertezza della competitività e della paura dove gli interessi privati prevalgono spesso su quelli comuni e l'io sembra averla sempre vinta sul noi la rinuncia all'egoismo l'amore per gli altri e la conquista della pace interiore possono apparire valori nobili ma utopistici irrealizzabili se non addirittura ingenui Con parole semplici ma inequivocabili Sua Santità il Dalai Lama dimostra invece come si tratti di obiettivi alla portata di tutti che possono determinare cambiamenti decisivi non solo per la vita di ciascuno di noi ma per quella dell'intera umanità Partendo dalla considerazione che ogni essere umano vuole la felicità e non la sofferenza il Dalai Lama illustra gli errori più comuni che compiamo quando lasciamo che siano emozioni distruttive quali la bramosia la rabbia l'odio e l'invidia a guidare i nostri comportamenti con l'unico desolante risultato di precipitare nell'angoscia e nella solitudine La strada che porta alla pace interiore e quindi alla felicità invece quella che va nella direzione opposta cioè verso la compassione un atteggiamento generato dalla consapevolezza che tutti gli uomini sono uniti da un indissolubile legame la loro condizione di esseri umani In questa comunità universale il gesto compassionevole ed empatico di ogni individuo nei

confronti del prossimo non pu non riverberarsi in cerchi sempre pi ampi su coloro che gli stanno attorno Se riusciremo a diventare esseri umani pi compassionevoli anche i nostri amici i familiari i vicini le persone che amiamo e persino i nemici verranno coinvolti in una sorta di circolo virtuoso che li porter a tramutarsi a loro volta in agenti di trasformazioni positive Per questo importante imparare la compassione esercitando ogni giorno con tenacia il proprio cuore e la propria mente a praticarla la posta in gioco una felicit duratura per tutti gli esseri viventi troppo alta per assumersi la responsabilit di non tentare
