*British National Party* Nigel Copsey, Graham Macklin, 2013-07-03 This book examines the recent development of the far right in Britain with a particular focus on the British National Party (BNP), the most electorally successful far right party in British history. It brings fresh perspectives to our understanding of the BNP in order to make a significant contribution to scholarly debate on the nature of far right extremism, both nationally and internationally. The book is significantly different from other literature in the field, primarily because of its focus on three important yet underdeveloped themes which are reflected in the structure of the book itself. These are the ideological and cultural politics of contemporary BNP responses to the BNP, the BNP's place within the contemporary domestic and international far right milieu. Written by an outstanding line-up of renowned experts in this field, this is essential reading for all those with an interest in British politics, fascism, political parties, race relations, and extremism.

**Mind Benders a 2**, 1988 *When Does the Mind-Bending Start?* Gordon King, 2022-07-21 A Times Book of the Year. Most underrated group: World of Twist. LIAM GALLAGHER. They're a top band. No one could do what World of Twist do except World of Twist. NOEL GALLAGHER. They were such a special band, such a moment in time, and Gordon has written such a special book. JON RONSON. World of Twist, the greatest lost band of all time. While fame, glory, and untold riches seemed like an inevitability for World of Twist at the turn of the 90s, the universe was simply not ready for a group of retro futurists, psychedelic adventurers, and cosmic tunesmiths. Too late for Madchester, too early for Britpop, and too much fun to pigeonhole, the band went on to face a demoralising string of near misses, and what could have been ultimately falling apart in a medley of incompatible drugs, musical contretemps, sartorial differences, and all

round shoulder shrugging apathy But they burned bright and left an indelible mark on everyone who looked deep into their light Now in When Does the Mind Bending Start co founder guitarist and principal songwriter Gordon King tells the incredible inside story of his time with World of Twist revealing the jealousy anguish and personal demons experienced by the clashing personalities of King and the band s late singer Tony Ogden This is a memoir of tragedy and triumph comedy and drama demise and recovery      **Mind Benders** Anita E.
