ourselves to the world through cosmic consciousness and send our message to the whole world without any expenditure within minutes We only live once but once is enough if we live it right Live your life with quality meaning and dignity so that an A ha instead of an Oh no denotes it That s true Life should not be long but it should be significant Let s make it significant together with this book Read this book like a student and take your decision in life after applying your mind to ideas given in the book You may have a different opinion about these ideas therefore don t accept anything in the book like an order Exercise your freedom to accept or reject any idea or thought which is not convincing to you *BE A MASTER OF YOUR DESTINY* ,2022-08-23 I am the master of my fate I am the captain of my soul This internal desire to continue unabated is what drove Nelson Mandela when in prison Don t be scared of this internal battle for your soul It is easy to blame others or blame on fate and can feel good but not as good as when you personally overcome the challenges in your life and succeed Being the master of your destiny means that it is me who determines what my future will bring by the way I see life and prepare myself to face its realities Once you make that effort you will see more and more of your life become self determined To manage daily life challenges opportunities and time efficiently to keep moving forward and achieving goals we all need to be prepared and motivated In this book Co author s shared their beautiful write up hope you ll enjoy it and it will help you out to solve the problems around you *Think To Win* Bradley W.
