

End user computing management model

This slide depicts the end user management model and it is divided into three parts such as organization, individual, context and outcomes.

EUC paradigm is divided into three sections: antecedents (context), conduct (EUC management), and consequences (outcomes)

Individual EUC management and organizational End-user Computing management are the two specialized aspects of EUC management

Organizational component of the model reflects the functions related with EUC management such as planning, organizing, staffing, directing, managing, supporting, and coordinating
