Acker, 2009-06-16 This manuscript The Turning Point Whena Pleaser of Man Becomes a Servant of the Lord is a call for believers to stand up to core values and teachings of Christianity in the face of challenges and not to submit to the ways of the world In the book I address the

current state of affairs where people have submitted to the demands and expectations of others to shape the way they live. Most often they have chosen a path away from the virtues taught by Jesus Christ paralleling the struggles of men and women of our biblical times. I address some of the issues we face on a daily basis such as stress, premarital sex and the various life roles we must play. In the latter part of the manuscript I share personal testimonies about my life struggles imparted by the work of the devil and how I found peace and joy through the salvation of Jesus Christ. In closing I exhort everyone to check their own lives and live up to the ways of righteousness.

Minding the Law Anthony G. Amsterdam, Jerome S. Bruner, Anthony G. Amsterdam, 2009-06-30

In this remarkable collaboration one of the nation's leading civil rights lawyers joins forces with one of the world's foremost cultural psychologists to put American constitutional law into an American cultural context. By close readings of key Supreme Court opinions they show how storytelling tactics and deeply rooted mythic structures shape the Court's decisions about race, family law and the death penalty. *Minding the Law* explores crucial psychological processes involved in the work of lawyers and judges deciding whether particular cases fit within a legal rule, categorizing telling stories to justify one's claims or undercut those of an adversary narrative and tailoring one's language to be persuasive without appearing partisan rhetoric. Because these processes are not unique to the law, courts' decisions cannot rest solely upon legal logic but must also depend vitally upon the underlying culture's storehouse of familiar tales of heroes and villains. But a culture's stock of stories is not changeless. Amsterdam and Bruner argue that culture itself is a dialectic constantly in progress, a conflict between the established canon and newly imagined possible worlds. They illustrate the swings of this dialectic by a masterly analysis of the Supreme Court's race discrimination decisions during the past century. A passionate plea for heightened consciousness about the way law is practiced and made, *Minding the Law* will be welcomed by a new generation concerned with renewing law's commitment to a humane justice.

Amsterdam, a distinguished Supreme Court litigator, wanted to do more than share the fruits of his practical experience. He also wanted to get students to think about thinking like a lawyer. To decode what he calls law think, he enlisted the aid of the venerable cognitive psychologist Jerome Bruner, and the collaboration has resulted in this unusual book. James Ryerson
