Spinning History Nathaniel Lande, 2017-03-21 In this fascinating new book bestselling author and historian Nathaniel Lande explores the Great War at the heart of the twentieth century through the prism of theater He presents the war as a drama that evolved and developed as it progressed a production staged and overseen by four contrasting masters Roosevelt Churchill Hitler and Stalin Each leader used all the tools at his disposal to present his own distinctive vision of the global drama that was the Second World War Each area of the media was fully exploited Brilliantly conceived oratory was applied to underscore each vision Impression management the art of political spin was employed to drive the message home with the careful use of black and white propaganda Each side employed uniforms meticulously staged events and broadcast their messages via all media available motion pictures radio broadcasts posters leaflets and

beyond Their ambitions were similar but each leader had his own distinct methods his own carefully created script for elaborately produced and often wildly successful acts and campaigns of deception to win hearts and minds on the frontlines and the home front The result of this investigation is a wholly distinctive and often surprising work of history a book that manages to cast a fresh light on the most obsessively studied conflict in human history [Can't Find My Way Home](#) Martin Torgoff,2004-05-13 Can t Find My Way Home is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience It s the remarkable story of how America got high the epic tale of how the American Century transformed into the Great Stoned Age Martin Torgoff begins with the avant garde worlds of bebop jazz and the emerging Beat writers who embraced the consciousness altering properties of marijuana and other underground drugs These musicians and writers midwived the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert later Ram Dass discovered the power of LSD ushering in the psychedelic era While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon millions of young Americans began discovering their own new frontiers on a voyage to inner space What had been the province of a fringe avant garde only a decade earlier became a mass movement that affected and altered mainstream America And so America sped through the century dropping acid and eating magic mushrooms at home shooting heroin and ingesting amphetamines in Vietnam snorting cocaine in the disco era smoking crack cocaine in the devastated inner cities of the 1980s discovering MDMA Ecstasy in the rave culture of the 1990s Can t Find My Way Home tells this extraordinary story by weaving together first person accounts and historical background into a narrative vast in scope yet rich in intimate detail Among those who describe their experiments with consciousness are Allen Ginsberg Timothy Leary Robert Stone Wavy Gravy Grace Slick Oliver Stone Peter Coyote David Crosby and many others from Haight Ashbury to Studio 54 to housing projects and rave warehouses But Can t Find My Way Home does not neglect the recovery movement the war on drugs and the ongoing debate over drug policy And even as Martin Torgoff tells the story of his own addiction and recovery he neither romanticizes nor demonizes drugs If he finds them less dangerous than the moral crusaders say they are he also finds them less benign than advocates insist Illegal drugs changed the cultural landscape of America and they continue to shape our country with enormous consequences This ambitious fascinating book is the story of how that happened *The Emerging Network* Michael York,1995 The 1980s saw the emergence of New Age and neo paganism as major new religious movements In the first book length study of these movements Michael York describes their rituals and beliefs and examines the similarities differences and relationships between them He profiles particular groups including the Church Universal Triumphant Nordic pagans and the Covenant of Unitarian Pagans and questions the adequacy of existing sociological categories for describing these largely amorphous phenomena [New Realities](#) ,1977-04 [100 Stress-Relieving Crossword Puzzles to Sharpen Your Mind](#) Maria Shriver,Patrick Schwarzenegger,MOSH,2025-03-11 100 crossword puzzles to help you relieve stress and sharpen your mind Doing
