[Lost in Tibet](#) Richard Starks, Miriam Murcutt, 2012-09-04 Caught in a violent storm and blown far off their intended course five American airmen flying the dangerous Himalayan supply route known as The Hump were forced to bail out just seconds before their plane ran out of fuel To their astonishment they found they had landed in the heart of Tibet There they had to confront what to them seemed a bizarre even alien people At the same time

they had to extricate themselves from the political turmoil that even then was raging around Tibet's right to be independent from China. Now back in print, *Lost in Tibet* is an extraordinary story of high adventure that sheds light on the remarkable Tibetan people just at the moment when they were coming to terms with a hostile outside world. From a battered old trunk in the basement to the crumpled scrapbook in the bookcase to an aging envelope in an unused jewelry box, they marched to the pages of this book to join the chorus to remember Telegrams, letters, taped interviews, and voices from decades ago joined in to provide a chilling description of World War II. Red was a Red Cross lady her brother lost in the confusion of war. Some were courageous soldiers, others became prominent heroes. The author weaves common lives and historic events into an emotional explanation of what war was like for everyday Americans.

By Colonel Ronald Losee US Marines Ret. Retired Marine Colonel Ron Losee is a graduate of the University of Illinois School of Journalism. His 31-year career took him to the Far East from Korea to South Vietnam and many places in between. Later as a Marine Reservist when on vacation, found him as a newspaper city editor. I thoroughly enjoyed reading this book. This is a story about typical American families and their neighborhood friends during WWII. It brings a different perspective of not only the war front but stateside life during the war.

By Colonel Tony Baggiano USAF Ret. He served 20 years in the United States Air Force and his last Air Force assignment was the Commander of the San Antonio Data Services. He was awarded numerous medals which included Vietnam Service Medal with four bronze stars. The best way to teach history is to tell a story, and that's what this book does. This is not your normal war book as it tells a story about friends and neighbors fighting in WWII and their families at home. It tells a different story about the War to End all Wars.

By Lieutenant Colonel James O. Donnell USA Ret. Infantry combat commander from Company to Battalion and to Army level and a Distinguished member of the 16th Infantry Regiment. This memoir is a collection of WWII narratives about five heroic people whose wartime stories are connected. From Richmond, Virginia are Harriet Vaden, her brother Pfc Herbert Herbie Vaden Jr, 1st Lt Jimmie Monteith, and 1st Lt Richard Dick Williams, and from Emmons, Minnesota TSgt Donald Singlestad. Herbie and Donald end up in the 5th Army fighting in Italy during the invasion of Salerno and many battles afterwards. Donald Singlestad later became the most decorated soldier of the 34th Infantry Division. Harriet joins the Red Cross after her younger brother Herbie enlisted and she is assigned to the 454th Bomb Group in San Giovanni and Cerignola, Italy. When Herbie becomes MIA and severely wounded, Harriet travels across war-torn Italy to find him. Meanwhile, Richard Williams, a friend of the Vaden family, was a bombardier with the 454th Bomb Group and becomes a prisoner of war in Romania. Included are the stories of Jimmy Monteith, a neighbor of the Vaden family in Richmond, who is assigned to the 16th Infantry of the 7th Army and earns the Medal of Honor during the Normandy invasion. Family photographs, V-mails, and other memorabilia help tell the story of these incredible heroes as they face the perils of war. The wartime experiences affected each of them in many ways, both good and bad. As they survived, each experience their reasons for serving changed in many ways, and when they returned

home they had to re build their lives physically and emotionally if they were to achieve happy lives again Their stories mostly in their own words are long overdue

The Americans at D-Day John C. McManus,2005-05 Impressively researched engrossing lightning quick and filled with human sorrow and elation John C McManus s The Americans at D Day honors those Americans who lost their lives on D Day as well as those who were fortunate enough to survive June 6 1944 was a pivotal moment in the history of World War II in Europe On that day the climactic and decisive phase of the war began Those who survived the intense fighting on the Normandy beaches found their lives irreversibly changed The day ushered in a great change for the United States as well because on D Day America began its march to the forefront of the Western world By the end of the Battle of Normandy almost one of every two soldiers involved was an American and without American weapons supplies and leadership the outcome of the invasion and ensuing battle could have been very different In the first of two volumes on the American contribution to the Allied victory at Normandy John C McManus Deadly Brotherhood Deadly Sky examines with great intensity and thoroughness the American experience in the weeks leading up to D Day and on the great day itself From the build up in England to the night drops of airborne forces behind German lines and the landings on the beaches at dawn from the famed figures of Eisenhower Bradley and Lightin Joe Collins to the courageous but little known privates who fought so bravely and under terrifying conditions this is the story of the American experience at D Day What were the battles really like for the Americans at Utah and Omaha What drove them to fight despite all adversity How and why did they triumph Thanks to extensive archival research and the use of hundreds of first hand accounts McManus answers these questions and many more In The Americans at D Day a gripping narrative history reminiscent of Cornelius Ryan s The Longest Day McManus takes readers into the minds of American strategists into the hearts of the infantry into hell on earth
