Lefkovits, 1981-09-16 *Michelangelo and the Pope's Ceiling* Ross King, 2014-10-14 From the acclaimed author of Brunelleschi's Dome and Leonardo and the Last Supper the riveting story of how Michelangelo against all odds created the masterpiece that has ever since adorned the ceiling of the Sistine Chapel In 1508 despite strong advice to the contrary the powerful Pope Julius II commissioned Michelangelo Buonarroti to paint the ceiling of the newly restored Sistine Chapel in Rome Despite having completed his masterful statue David four years earlier he had little experience as a painter even less working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling's vaults The temperamental Michelangelo was himself reluctant He stormed away from Rome incurring Julius's wrath before he was eventually persuaded to begin Michelangelo and the Pope's Ceiling recounts the fascinating story of the four extraordinary years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him A panorama of illustrious figures intersected during this time the brilliant young painter Raphael with whom Michelangelo formed a rivalry the fiery preacher Girolamo Savonarola and the great Dutch scholar Desiderius Erasmus a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him Ross King blends these figures into a magnificent tapestry of day to day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth century Italy while also offering uncommon

continue to resonate today across contemporary dance performance and urban design These include defamiliarizing urban landscape and gardens as cloistered theaters where civic identities are rehearsed orchestrating collective problem solving and invention normalizing the nude body privileging a utilitarian and responsive rather than sentimental approach to dance in the environment and re positioning choreography as a vital medium for urban problem solving These four representative objects in the Halprin home are also used to trace the burgeoning of dance as a forceful medium for civic engagement and its valorization of the ordinary in movement As a whole this book shows how dance architecture and landscape design would have a profound confluence through these shared domestic spaces and objects of the Halprins lives *Spirit Into Matter* Julian Cox, Edmund Teske, 2004 Edmund Teske 1911 1996 was one of the alchemists of twentieth century American photography Over a sixty year period he created a diverse body of work that explored the expressive and emotional potentials of the medium His drive to experiment with sophisticated techniques such as solarization and composite printing liberated a younger generation of American photographers at the same time his subject matter sometimes abstract often homoerotic and always lyrical and poetic opened up new areas for photographers to explore *Spirit into Matter* is published to coincide with the first major retrospective of Teske s work to be held at the Getty Museum from June 15 to September 19 2004 Julian Cox provides an introduction and extensive biocritical essay on Teske that traces his long and varied career from Chicago in the 1930s to Los Angeles where the photographer took up residence in 1943 Cox investigates Teske s early associations with such influential figures as Frank Lloyd Wright and Paul Strand and his later associations with iconic figures including filmmaker Kenneth Anger and musicians Ramblin Jack Elliott and the Doors The first major study of this fascinating and influential artist *Spirit into Matter* will be a dynamic source of information for students of photography collectors and all those with an interest in the life and culture of Southern California where Teske worked for more than fifty years
