From the Mysteries Hermann Beckh, 2020-06-03 In the early part of the last century Professor Hermann Beckh began a search to discover the truth about the Mystery wisdom of antiquity As a recognized authority on Buddhist texts he knew that complete knowledge of such Mysteries was not to be found within the limitations of waking consciousness sense perception and logic Beckh was already aware that Gautama Buddha had indicated the stages of higher knowledge Furthermore his studies of Rudolf Steiner's anthroposophical teachings revealed that such knowledge could be experienced directly given disciplined meditation Clairvoyant cognition included the conscious penetration of sleep consciousness the dream state and an experience of pre natal consciousness Both the Mysteries and

Rudolf Steiner's major books he concluded were founded on the same perceptions. Beckh, a worldwide expert on Tibetan Sanskrit, Pali, and Avestan texts, quickly became disenchanted with Madame Blavatsky's Theosophy as it displayed little precise academic knowledge of primary records. At the same time, university departments showed scant trace of understanding the texts they analysed through philology and sociology. Thus, based on comprehensive studies and personal experience, he resolved to present his own perceptions and vision to the public. The results are to be found in this invaluable book bringing together for the first time in English three groundbreaking publications: *Our Origin in the Light Genesis* 1919, *Zarathustra* 1927, and *From the World of the Mysteries* 1927, as well as five of Beckh's articles from contemporary periodicals.
