these stereotypes reveal about our culture's attitudes regarding gender technology intimacy and identity The Internet has enabled an exponentially larger number of people individuals who are members of numerous and vastly different subgroups to be exposed to one other As a result instead of the simple jocks versus geeks paradigm of previous eras our society now has more detailed stereotypes of the undesirable the under the radar and the ostracized cyberpervs neckbeards goths tech nerds and anyone with a non heterosexual identity Each chapter of this book explores a different stereotype of the Internet user with key themes such as gender technophobia and sexuality explored with regard to that specific characterization of online users Author Lauren Rosewarne PhD supplies a highly interdisciplinary perspective that draws on research and theories from a range of fields psychology sociology and communications studies as well as feminist theory film theory political science and philosophy to analyze what these stereotypes mean in the context of broader social and cultural issues From cyberbullies to chronically masturbating porn addicts to desperate online daters readers will see the paradox in popular culture's message that while Internet use is universal actual Internet users are somehow subpar less desirable less cool less friendly than everybody else

Stollorz,2008-07-03 Ancient calendars found around the world are designed to end one point in time They communicate an urgent warning to everyone alive today Complex bronze and gold clocks with multiple dials are found in museums around the world Why they have such advanced intricacy has stumped scientists for hundreds of years This book reveals why the ancients built so many pyramids observatories as well as those complex gold and bronze clocks with more than one dial It surprised me greatly to discover that their various complex designs in one way or another converge on 21 December 2012 It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in chronology agree so precisely in the cyclical nature of time history and prophecy which is history written in advance The most famous example is the Mayan Aztec calendar which ends its 25 626 year cycle on that momentous date Some researchers have also found 21 December 2012 in what is called the Bible Code Using very different research methods I discovered it in the Bible s book of Revelation and Daniel s prophecies It is one of the most important dates in the plan of God for all humanity     **Summer at Blue Sands Cove** CP Ward,2021-06-22 The first book in the sparkling Glorious Summer series from CP Ward author of Christmas at the Marshmallow Cafe and Autumn in Sycamore Park Tired of the city Grace Clelland returns to Blue Sands the quiet Cornish seaside village where she grew up There she will meet old flames and old friends rekindle old loves and ignite new ones in a novel that will have you dreaming of the soft crash of the waves on the shore the feel of sand between your toes overloaded ice creams and smoky beach barbeques Not to be missed the debut summer novel from CP Ward the author whose Delightful Christmas and Warm Days of Autumn series have captivated thousands of readers worldwide with their warmth humour and just a little hint of romance     **The Glorious Summer Series Books 1-3** CP Ward, The first three delightful and heartwarming romantic comedies in CP Ward s Glorious Summer Series Summer at Blue Sands Cove Tired of the city Grace Clelland returns to Blue Sands the quiet Cornish seaside village where she grew up There she will meet old flames and old friends rekindle old loves and ignite new
