## **Nuremberg The Reckoning:**

**Nuremberg** William F. Buckley, Jr., 2003 Sebastian Reinhardt a young German American is yanked from routine army duty in America to serve as an interpreter at Nuremberg's Palace of Justice in 1945 Buckley Jr creates a riveting thriller with unforgettable scenes of treachery and vengeance love and hatred and the struggle for justice found in a hangman's noose

Reckoning at Nuremberg Larry Barthurst, 2020-10-27 The trial of the Nazi war criminals which took place in Nuremberg Germany from November 1945 through October 1946 is perhaps the quintessential story of good versus evil These twenty two men authored some of the most shameful depraved acts in the annals of human history but now shorn of their brief authority they would be given something that they never afforded millions of their victims a fair trial The New Histories of International Criminal Law Immi Tallgren, Thomas Skouteris, 2019-03-21 The language of international criminal law has considerable traction in global politics and much of its legitimacy is embedded in apparently axiomatic historical truths This innovative edited collection brings together some of the world's leading international lawyers with a very clear mandate in mind to re evaluate retry the dominant historiographical tradition in the field of international criminal law Carefully curated and with contributions by leading scholars The New Histories of International Criminal Law pursues three research objectives to bring to the fore the structure and function of contemporary histories of international criminal law to take issue with the consequences of these histories and to call for their demystification The essays discern several registers on which the received historiographical tradition must be retried tropology inclusions exclusions gender race representations of the victim and the perpetrator history and memory ideology and master narratives international criminal law and hegemonic theories and more This book intervenes critically in the fields of international criminal law and international legal history by bringing in new voices and fresh approaches Taken as a whole it provides a rich account of the dilemmas conundrums and possibilities entailed in writing histories of international criminal law beyond against or in the shadow of the master narrative

**The Casting-counter and the Counting-board** Francis Pierrepont Barnard, 1916 The Bitter Taste of Victory Lara Feigel, 2016-01-28 As the Second World War neared its conclusion Germany was a nation reduced to rubble 3 6 million German homes had been destroyed leaving 7 5 million people homeless an apocalyptic landscape of flattened cities and desolate wastelands In May 1945 Germany surrendered and Britain America Soviet Russia and France set about rebuilding their zones of occupation Most urgent for the Allies in this divided defeated country were food water and sanitation but from the start they were anxious to provide for the minds as well as the physical needs of the German people Reconstruction was to be cultural as well as practical denazification and re education would be key to future peace and the arts crucial in modelling alternative less militaristic ways of life Germany was to be reborn its citizens as well as its cities were to be reconstructed the mindset of the Third Reich was to be obliterated When later that year twenty two senior Nazis were put in the dock at Nuremberg writers and artists including Rebecca West Evelyn Waugh John Dos Passos and Laura Knight were

there to tell the world about a trial intended to ensure that tyrannous dictators could never again enslave the people of Europe And over the next four years many of the foremost writers and filmmakers of their generation were dispatched by Britain and America to help rebuild the country their governments had spent years bombing Among them Ernest Hemingway Martha Gellhorn Marlene Dietrich George Orwell Lee Miller W H Auden Stephen Spender Billy Wilder and Humphrey Jennings The Bitter Taste of Victory traces the experiences of these figures and through their individual stories offers an entirely fresh view of post war Europe Never before told this is a brilliant important and utterly mesmerising history of cultural transformation

Cuddeford,2013-04-10 Over the centuries Britain s soil has yielded countless spectacular hoards of ancient coins and other artefacts affording us priceless insights into our ancestors lives and it is not only such large finds that await discovery but also many thousands of individual pieces Wonderfully discoveries both minor and momentous are frequently made not by teams of professionals but by amateur archaeologists and metal detector enthusiasts for whom this book is intended as a helpful companion It provides a catalogue of commonly encountered coins dating from ancient times until the modern day explaining their historical context how they might have come to be lost and where they may be found today      Contributions to Education Columbia University. that individual leaders could be held responsible for crimes against humanity Although various ad hoc tribunals were held in the last half of the 20th century it was not until 2002 that a permanent international court was established under the auspices of the United Nations The international Criminal Court has been controversial with many key nations most notably the United States refusing to ratify the treaty establishing the court Some critics object to the adoption of a judicial system that seems to supersede national judicial systems others fear that the court will be used to pursue narrow political ends This book will comprise three sections the first will examine the history of the creation of the court the second will contain articles that outline objections to the court the third will contain articles defending and promoting the court The authors include primary sources on both sides of the controversy with special attention to America s involvement A glossary of key terms and the text of the Rome Statute establishing the court will also be included      **Trade Unionism in Germany from Bismarck to Hitler, 1869-1933: 1919-1933** John Anthony Moses,1982      **The World's Cyclopedia of History ...** ,1883

The Archaeology of Martin's Hundred Ivor Noël Hume,Audrey Noel Hume,Audrey Noël Hume,2016-07-18 The Archaeology of Martin s Hundred explores the history and artifacts of a 20 000 acre tract of land in Tidewater Virginia one of the most extensive English enterprises in the New World Settled in 1618 all signs of its early occupation soon disappeared leaving no trace above ground More than three centuries later archaeological explorations uncovered tantalizing evidence of the people who had lived worked and died there in the seventeenth century Part I Interpretive Studies addresses four critical questions each with complex and sometimes unsatisfactory answers Who was Martin What was a hundred When did it begin and end Where was it located We then see how scientific detective work resulted in a reconstruction of what daily life must have been like in the strange and dangerous new land of colonial Virginia The authors use first person accounts documents of all sorts and the treasure trove of artifacts carefully unearthed from the soil of Martin s Hundred Part II Artifact Catalog illustrates and describes the principal artifacts in 110 figures The objects divided by category and by site range from ceramics which were the most readily and reliably datable to glass of which there was little to metalwork in all its varied aspects from arms and armor to rail splitters wedges and finally to tobacco pipes The Archaeology of Martin s Hundred is a fascinating account of the ways archaeological fieldwork laboratory examination and analysis based on lifelong study of documentary and artifact research came together to increase our knowledge of early colonial history Copublished with the Colonial Williamsburg Foundation      **The Antiquaries Journal** ,1925
