## **Nurse Under Suspicion:**

*The Maybrick Case* Alexander William Macdougall, 1891      Nurse Under Suspicion Carol G. Marsh, 1981-01-01

**Murder in Our Midst** Romaine Smith Fullerton, Maggie Jones Patterson, 2021 As immigration technological change and globalization reshape the world journalism plays a central role in shaping how the public adjusts to moral and material upheaval This in turn raises the ethical stakes for journalism In short reporters have a choice in the way they tell these stories They can spread panic and discontent or encourage adaptation and reconciliation In *Murder in Our Midst* Romaine Smith Fullerton and Maggie Jones Patterson compare journalists crime coverage decisions in North America and select Western European countries as a key to examine culturally constructed concepts like privacy public right to know and justice Drawing from sample news coverage national and international codes of ethics and style guides and close to 200 personal interviews with news professionals and academics they highlight differences in crime news reporting practices and emphasize how crime stories both reflect and shape each nation s attitudes in unique ways *Murder in Our Midst* is both an empirical look at varying journalistic styles and an ethical evaluation of whether particular story telling approaches do or do not serve the practice of democracy      *Nurses in Nazi Germany* Bronwyn Rebekah McFarland-Icke, 2020-11-10 This book tells the story of German nurses who directly or indirectly participated in the Nazis euthanasia measures against patients with mental and physical disabilities measures that claimed well over 100 000 victims from 1939 to 1945 How could men and women who were trained to care for their patients come to kill or assist in murder or mistreatment This is the central question pursued by Bronwyn McFarland Icke as she details the lives of nurses from the beginning of the Weimar Republic through the years of National Socialist rule Rather than examine what the Party did or did not order she looks into the hearts and minds of people whose complicity in murder is not easily explained with reference to ideological enthusiasm Her book is a micro history in which many of the most important ethical social and cultural issues at the core of Nazi genocide can be addressed from a fresh perspective McFarland Icke offers gripping descriptions of the conditions and practices associated with psychiatric nursing during these years by mining such sources as nursing guides personnel records and postwar trial testimony Nurses were expected to be conscientious and friendly caretakers despite job stress low morale and Nazi propaganda about patients having lives unworthy of living While some managed to cope with this situation others became abusive Asylum administrators meanwhile encouraged nurses to perform with as little disruption and personal commentary as possible So how did nurses react when ordered to participate in or tolerate the murder of their patients Records suggest that some had no conflicts of conscience others did as they were told with regret and a few refused The remarkable accounts of these nurses enable the author to re create the drama taking place while sharpening her argument concerning the ability and the willingness to choose      Small Town Nurse, U.S.A. Margie A. Hewitt, 2010-11-29 In the town of Mayville W V child abuse suspense and murder come to the small quiet community In the midst of tragedy romance blooms between Nurse

Maggie and Sheriff Parker which is very unexpected for both Nurse Maggie Harrison works at the local hospital in the Pediatric Department where Sammie Parrish age eight is admitted for a seizure that turns out to be a result of child abuse Maggie and the other Nurses are horrified that this happened to a special and small quiet child they all have come to love greatly especially Nurse Maggie Mayville s new Sheriff Ben Parker had come to the quiet town to heal from the horror of police life in Washington D C where he lived loved and lost His lovely wife Emily had died in a shooting incident and he almost did not recover from loosing her When Ben meets the beautiful green eyed quiet Nurse he feels some life returning to him He wonders if she is taken and decides to find out He feels the ever presence of his dead wife Emily keeping him safe from above and pushing him towards Maggie as though it was destined to for them to be together **Bedside Matters**

Kathryn McPherson,2003-12-15 Nursing embodies the seemingly timeless characteristics of feminine healing caring and nurturing yet this archetypally female vocation also boasts a distinctive and complex history Bedside Matters traces four generations of Canadian nurses to explore changes in who became nurses what work they performed and how they organized to defend their occupational interests Whether in the apprenticeship method of the early twentieth century or in the present day restructuring of hospital work the position of nurses within the health care system has been structured by class gender and ethnic and racial relations Located between the doctors and untrained or subsidiary patient care attendants nurses have struggled to define the boundaries of their occupation vis vis other members of the health care hierarchy even as tensions between bedside and administrative nurses created divisions within nursing itself Focusing on the daily labours of ordinary nurses McPherson argues that the persisting sex typing of nursing as women s work has meant that gender consistently complicated nursing s easy categorization as either professional or proletariat Combining archival records and oral histories the author shows how nurses in their work activities and social and sexual attitudes sought recognition as skilled workers in the health care system Previously published by Oxford University Press **Saunders Q & A Review Cards for the**

**NCLEX-RN® Examination - E-Book** Linda Anne Silvestri,Angela Silvestri,2017-11-22 With Saunders Q A Review Cards for the NCLEX RN Exam 3rd Edition you can study in a flash anytime and anywhere From Linda Silvestri and Angela Silvestri the foremost experts in NCLEX prep comes an updated collection of portable review cards with practice questions that reflect the latest NCLEX RN test plan The ideal companion to Saunders Comprehensive Review for the NCLEX RN Examination these review cards contain 1 200 practice questions each including test taking strategies and detailed rationales for both correct and incorrect answers Practice questions organized by clinical area appear on the front of each card with an icon indicating client need The reverse side shows answers and rationales along with Silvestri s unique test taking strategies and priority nursing action tips New to this edition are questions that address current healthcare standards and concerns and additional alternate item format questions 1 200 practice questions include detailed rationales for both correct and incorrect answers Alternate item format questions include multiple response prioritizing fill in the blank chart exhibit and figure
