Nursing Skills Online is an interactive and evaluative learning system designed to support Elkin's Nursing Interventions and Clinical Skills 4th Edition text. Focusing on the skills that are most labor intensive to teach and pose the greatest risk to patient safety, this course is the perfect tool to help users review and evaluate their competency before performing skills in the clinical setting. This online course consists of 17 modules organized around the 5-step nursing process. Each module challenges users with a series of realistic case-based lessons that consist of objectives, a content overview, reading assignments, numerous interactive exercises, and a post-test. Lessons include helpful tables, graphs, charts, illustrations, photographs, animations, audio clips, and videos throughout, all designed to make the learning experience more visual, realistic, and engaging.

**Medical-Surgical Nursing: A concept approach** Trish Burton, Ali Moloney, 2024-09-26  
Medical Surgical Nursing offers a concept map approach to common acute care patient presentations using a body systems model. The aim of the concept maps is to promote deep learning for students in person-centred care. The text also provides the student with a nursing decision-making framework for clinical planning right from the beginning of a shift, with the student being less dependent on the nurse in applying clinical decision-making to person-centred nursing care. This new first edition text is concise, practical, and streamlined. It interfaces with other Cengage nursing texts such as Fundamentals, Clinical Skills, and Health Assessment. Instructor resources include instructor's manual, Test Bank, PowerPoints, and videos. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools at [cengage.com/mindtap](http://cengage.com/mindtap).
