Parish Nursing Verna Carson, 2002-05-01 Parish Nursing presents a vision where nurses can serve as the vital link between secular healthcare and sacred faith based systems Nurses are able to provide direct ministry to members of the congregation and also can be the communicators teachers motivators and encouragers of others The parish nurse could be a key person to link the two systems and provide truly wholistic care Reading the stories of parish nurses gives us hope that this vision might be possible indeed must be

possible if our aging society is to flourish in the years ahead

Growing a Healing Ministry Kathy Edmison, 2004 This book is based directly on the experience and wisdom of those who have established energy touch healing ministries in congregational settings

The Role of Companion Animals in Counseling and Psychology Jane K. Wilkes, 2009 The human health benefits derived from relationships with companion animals has attracted an abundance of scientific interest and research However there is a need for theoretical conceptualizations in order to understand the healing benefits of human animal interactions The goal of this book is to seek these answers and the OC howOCO and OC whyOCO companion animals play a role in counseling and psychology In depth semi structured interviews were conducted with three psychologists who use animals in their therapy settings The focus of these interviews was to determine the experiences of having a companion animal present during therapy sessions The results revealed that pets in therapy 1 enhanced the therapeutic alliance relationship 2 revived the therapeutic environment 3 improved professional practice and 4 created a sense of sacredness The therapy animals seemed to provide the trust and safety needed for clients to work within the transitional space and that the animals may act as transitional objects for some clients This book suggests that therapy animals are extremely helpful in providing a sense of safety for traumatized clients and could act as catalysts especially with defensive and or detached clients Unique features include discussion of the domestication of companion animals research into the human animal bond social and psychological support theory descriptions of methods used object relations theory and Winnicott s Concepts implications for the practice of counseling and psychology professional and ethical considerations and suggestions for future research Replete with informative appendices that will serve as valuable knowledge this book is a significant resource on the subject of animal assisted therapy for mental health professionals such as counselors clinical social workers psychologists and skilled therapists

Meaning in Suffering Nancy Johnston, Alwilda Scholler-Jaquish, 2007-06-15 Compelling timely and essential reading for healthcare providers Meaning in Suffering addresses the multiplicity of meanings suffering brings to all it touches patients families health workers and human science professionals Examining suffering in writing that is both methodologically rigorous and accessible the contributors preserve first hand experiences using narrative ethnography existential hermeneutics hermeneutic phenomenology and traditional ethnography They offer nuanced insights into suffering as a human condition experienced by persons deserving of dignity empathy and understanding Collectively these essays demonstrate that understanding the suffering of the other reveals something vital about the moral courage required to heal and stay humane in the face of suffering Winner Nursing Research Category American Journal of Nursing
