Nursing Research Digest Joyce J. Fitzpatrick, 1999 This mini version of the much larger Encyclopedia of Nursing Research offers a brief and definitive overview of key concepts terms and methods important to understanding and conducting nursing research **The Doctor of Nursing Practice and Clinical Nurse Leader** Joyce J. Fitzpatrick, Meredith Wallace Kazer, 2008-09-22 Designated a Doody's Core Title The construction of the doctor of nursing practice DNP and the clinical nurse leader CNL set in motion a sea change in graduate nursing education In this book Fitzpatrick and Wallace document the history the driving forces and the expectations for these new roles while providing a starting point for capacity building for the development of DNP and CNL educational programs Nursing Education Perspectives The Research Journal of the National League for Nursing This book is essential reading for graduate nursing students who are considering pursuing an advanced degree in nursing Score 100 5 stars Doody's This is the first book to document and analyze the development and integration of the Clinical Nurse Leader CNL and Doctorate of Nursing Practice DNP programs in graduate nursing institutions Editors Fitzpatrick and Wallace established authorities in nursing education present this text as an introduction to these exciting new degrees The contributors ranging from architects of the programs to graduates from the programs offer valuable information on the objectives curricula and expected outcomes of these two educational tracks Ultimately the book explores how the development of these new degrees has influenced health care delivery at large Highlights of this book Delineates core program requirements and outlines what is expected of students in both clinical and academic arenas Provides guidance to students making the transition from masters level nursing programs to doctoral level programs Includes two chapters written by the AACN Taskforce on the new degrees with essential information on how to gain and sustain accreditation Identifies critical issues underpinning future DNP and CNL program development and discusses the impact of the new degrees on nursing education patient outcome and health care Offering comprehensive coverage of the DNP and CNL development this book is required reading for students considering doctorates in nursing as well as nurse educators and administrators working within the programs Internet Resources For Nurses Joyce J. Fitzpatrick, 2003 This new edition of the award winning guide to the web for nurses is nearly double in size and twice as useful Expert nurses in more than 50 content areas have carefully selected and reviewed nearly 400 web sites available in their specialty areas resulting in an authoritative guide to the best the web has to offer for the professional nurse Each web description includes a summary of the site intended audience sponsor level of information and relevance to nurses The book also indicates sites which can be referred to patients Science of Caring , 2000 *Geriatric Nursing Research Digest* Joyce J. Fitzpatrick, Terry T. Fulmer, 2000 *Public Health Reports* , 1977 Gerontological Nurse Certification Review Sheila C. Grossman, 2008-07-02 The Gerontological Nurse Certification Review is an invaluable reference and certification test review guide for nurses preparing for RN Gerontological certification Students studying gerontology teachers preparing

gerontology classes and RNs working with older adults will also find this a practical and useful resource. The text presents information about preparing for the certification exam, a comprehensive compilation of content specific to gerontology and a test bank of questions specifically developed for the RN. Why this is the only test review you need. Developed to address all aspects of ANCC exam. Formatted for easy review and understanding of concepts. Up to date and evidence based. 500 review questions to adequately prepare future gerontological nurses. One of a kind, no other gerontological review books are currently available.

Proceedings ... Albert I. Werthgeimer, 1976

Core Curriculum for Lactation Consultant

Practice Marsha Walker, 2002. Primarily a study guide for the international board certified lactation consultant IBCLE exam. Topics of the 39 chapters include physiology of the breast during pregnancy and lactation, allergenic protection and defense agents in human milk, insufficient milk supply, congenital anomalies, counseling.

Gerontological Nurse Practitioner

Certification Review Sheila C. Grossman, 2011-01-19. This book is an important reference for nurses seeking to take the certification exam to validate their own practice. The practice of nursing over the next decades will demand age specific knowledge for people across the life span. Nurses need to develop expertise in the area of geriatrics and have that expertise validated through certification. Tara A. Cortes PhD RN FAAN, The Hartford Institute for Geriatric Nursing. From the Foreword: Nurse practitioners have long required a comprehensive certification review book for the American Nurses Credentialing Center ANCC and the American Academy of Nurse Practitioners. Gerontological Nurse Practitioner GNP certification examinations. Gerontological Nurse Practitioner Certification Review is the first book to provide a thorough review of test content to effectively prepare nurses to successfully pass the GNP certification exam. With over 200 practice questions culled from the real ANCC test outline, this is the only book nurse practitioners need to pass the ANCC exam. Challenging and reflective questions and answers are provided at the end of each chapter for topic review, with a final test offered at the end of the book. By providing students the ability to take the mock test, this book instills confidence, preparing students for the actual certification exam. Gerontological Nurse Practitioner Certification Review contains Guidelines on question dissection and analysis, as well as over 200 questions culled from the real ANCC test outline. A comprehensive review of health promotion and disease prevention, assessment of acute and chronic illness, clinical management and pharmacological, nonpharmacological interventions, professional role and policy issues, and more. An examination of the nurse practitioner and patient relationship. Additionally, this book helps students in gerontological nurse practitioner, family nurse practitioner, and adult nurse practitioner programs with course program examinations that refer to older adults.
