family and community But the social experience of illness frailty disability and reaching the end of life may de citizen older people by devaluing the social identity that comes from continuing social engagement We de citizen older people by emphasizing dependence on services and their cost to public expenditure instead of valuing the interdependence of participation and mutual respect This book argues that older people retain full citizenship for the whole of their lives up to the moment of death but what does this mean for health and social care In this groundbreaking book Malcolm Payne argues that social work with older people must build re citizenizing practice strategies to value both the common and the special aspects of the citizenship of older people Current models of social care and social work create dependency rather than relying on values of participative interdependence The failure to recognize the end of life as a crucial element in all social care and social work for older people means that the lessons learned in providing palliative and end of life care in healthcare have not been transferred to social care and the priorities of end of life care have not been adequately encompassed in social work with older people

**Nursing Care and the Activities of Living** Ian Peate, 2010-01-19 This book gives a practical focus to the underpinning theory of nursing in order to help students through the academic part of their undergraduate course as well as their placement The book is based on the activities of living model so each activity has its own chapter allowing readers to dip in and out It is essential reading for students enabling them to understand and manage the many clinical issues they face on a daily basis when nursing adults on wards in clinics and in the community setting

**Social Work Practice with Older People** Rory Lynch, 2013-11-13 Older people are the biggest service user group for social workers and an increasing proportion of the population In this refreshingly positive and practical textbook Rory Lynch draws on years of practice and teaching experience to show how to achieve best social work practice with older adults He takes a person centred approach which fosters respect by valuing the fact that elderly people have more lived experience than others Exploring the key theoretical approaches and methods of intervention this book helps social workers to identify understand and facilitate their service users wishes for well being and a fulfilling older age Chapters are practice driven containing case studies drawn from a range of care settings reflective questions and exercises Mapping directly onto the key modules on the social work degree this is essential reading for all student social workers especially as they prepare to go on their practice placement It is also valuable reading for qualified social workers Rory Lynch is Lecturer in Social Work at Robert Gordon University

**The Spiritual Lives of Bereaved Parents** Dennis Klass, 2013-11-12 This book describes how parents lose find or relocate spiritual anchors after the death of their child It describes how ordinary people reconstruct their lives after their foundations have shifted and how they make sense of their world after one of their centers of meaning has been removed Klass grounds his descriptions of spirituality in his scholarly study of comparative religions and in his two decades studying the lives of bereaved parents He argues that continuing bonds with their dead children can give parents a new transcendent reality Deceased children like saints or bodhisattvas can offer a bridge between the profane and sacred worlds

support parents as they find meaning in a world made forever poorer and bind together a community adequate to parents grief The book reports Klass s clinical practice and his work as advisor to a bereaved parents self help support group
