*The Pin-up* Mark Gabor, 1972 This illustrated history of pin ups ranges from their origin up to the early 1980s and includes special spreads from Mayfair Penthouse and the Pirelli calendars **Pin-Up Grrrls** Maria Elena Buszek, 2006-05-31 *DIVA* visual history about how feminist artists have appropriated and incorporated the signification of the pin up genre within their own work **Inked: Tattoos and Body Art around the World** Margo DeMello, 2014-05-30 In recent decades tattoos have gone from being a subculture curiosity in Western culture to mainstream and commonplace This two volume set provides broad coverage of tattooing and body art in the United States today as well as around the world and throughout human history In the 1960s tattooing was illegal in many parts of the United States Today tattooing is fully ingrained in mainstream culture and is estimated to be a multi billion dollar industry This exhaustive work contains approximately 400 entries on tattooing providing historical information that enables readers to fully understand the methods employed the meanings of and the motivations behind tattooing one of the most ancient ways humans mark themselves The encyclopedia covers all important aspects of the topic of tattooing the major types of tattooing the cultural groups associated with tattooing the regions of the world where tattooing has been performed the origins of modern tattooing in prehistory and the meaning of each society s use of tattoos Major historical and contemporary figures associated with tattooing including tattooists tattooed people and tattoo promoters receive due attention for their contributions The entries and sidebars also address the sociological movements involved with tattooing the organizations the media dedicated to tattooing such as television shows movies magazines websites and books and the popular conventions carnivals and fairs that have showcased tattooing *Encyclopedia of War and American Society* Peter Karsten, 2006 Publisher description **Hard to Imagine** Thomas Waugh, 1996 Waugh identifies four primary aspects of homoerotic photography and film the artistic the commercial the illicit and the politico scientific tracing their development against a background of advances in visual technology This comprehensive work explores a vast eclectic tradition in its totality analyzing the visual imagery in addition to its production circulation and consumption **Partisan Sex** Fedwa Malti-Douglas, 2009 Sex politics and the law characterized the Clinton era which began with the emergence of Bill Clinton as a presidential candidate with a train of sex scandals and ended with the attacks of September 11 2001 The Monica Lewinsky affair was the climax of the phenomenon and the resulting scandal had far reaching effects Politics became the language and the means for battles over sex Sex and politics became metaphors for each other as American society struggled to come to terms with its sexual and political anxieties *Partisan Sex Bodies Politics and the Law in the Clinton Era* explores the high cultural anxieties of the left and the masculinity hang ups of the right the exploitation of romance imagery and hot sauce bottles the obsessions with Hillary Clinton s breakfasts and the rise of a society of voyeurs Amazon com **Printing terror** Michael Goodrum, Philip Smith, 2021-01-12 *Printing Terror* places horror comics of the Cold War in dialogue with the anxieties of their age It rejects the narrative of horror comics as

inherently and necessarily subversive and explores instead the ways in which these texts manifest white male fears over America's changing sociological landscape. It examines two eras: the pre CCA period of the 1940s up to 1954 and the post CCA era to 1975. The book examines each of these periods through the lenses of war, gender, and race, demonstrating that horror comics at this time were centered on white male victimhood and the monstrosity of the gendered and/or racialised other. It is of interest to scholars of horror comics studies and American history.

**USS Pampanito** Gregory F Michno, 2016-01-12 Most World War II submarine stories are glorifications of war written by submarine captains about their own boats. But the USS Pampanito was not a typical submarine. The sub and its crew caused plenty of destruction but they found the pinnacle of their honor and fame in a dramatic sea rescue. Gregory F Michno relates the experiences of the crewmen both enlisted men and officers who served on the USS Pampanito. The Pampanito story begins with the boat's construction in 1943, continues through its six combat missions, and concludes with its decommissioning after the war in 1945. The heart of the book is the September 12, 1944 attack on a Japanese convoy carrying English and Australian POWs from the Burma Siam Railway of Bridge on the River Kwai fame to prison camps in Japan. The Pampanito helped sink two of the prison ships, unwittingly killing hundreds of Allied soldiers but then returned to rescue the survivors. The crew picked a record seventy-three men from the sea.

**The Gender and Consumer Culture Reader** Jennifer Scanlon, 2000-08 In this consumer culture studies anthology, 23 reprinted essays (1934-98) consider both the empowering and disempowering elements of consumerism. In her introduction, Scanlon (women's studies, Plattsburgh State U of New York) views consumer culture as a collaborative process, not simply a matter of perpetrators and victims. The themes the essays address are stretching the boundaries of the domestic sphere; you are what you buy; the message makers; and sexuality, pleasure, and resistance in consumer culture. The book features bandw illustrations promoting the cults of domesticity and identity through proper consumption. It lacks an index. c. Book News Inc.

**Gender, Race, and Class in Media** Gail Dines, 2003 Gender, Race, and Class in Media examines the mass media as economic and cultural institutions that shape our social identities. Through analyses of popular mass media entertainment genres such as talk shows, soap operas, television sitcoms, advertising, and pornography, students are invited to engage in critical mass media scholarship. A comprehensive introductory section outlines the book's integrated approach to media studies, which incorporates three distinct but related areas of investigation: the political economy of production, textual analysis, and audience response. The readings include a dozen new original essays edited for maximum accessibility. The book provides a comprehensive critical introduction to Media Studies. An analysis of race that is integrated into all chapters. Articles on Cultural Studies that are accessible to undergraduates. An extensive bibliography and section on media resources. Expanded coverage of queer representations in mass media. A new section on the violence debates. A new section on the Internet. Together with new section introductions, these provide a comprehensive critical introduction to mass media studies.
