**Emigrant Gentlewomen** A. James Hammerton, 2016-07-01 First published in 1979 This book examines the distressed gentlewoman stereotype primarily through a study of the experience of emigration among single middle class women between 1830 and 1914 Based largely on a study of government and philanthropic emigration projects it argues that the image of the downtrodden resident governess does inadequate justice to Victorian middle class women's responses to the experience of economic and social decline and to insufficient female employment opportunities This title will be of interest to students of history

**Emigration and Empire** Marion Diamond, 2013-06-17 Maria S Rye a woman motivated by both feminist and philanthropic ideals devoted her life to the migration of women and girls out of England This biography gives an account of Rye's activities from her early engagement with liberal feminism through her association with the Langham Place group in the 1850s her work as a journalist and with the Society for Promoting Women's Employment through to her efforts in women's and children's emigration Between 1861 and 1896 Maria S Rye sent many hundreds of single women out to Australia New Zealand and South Africa and more than four thousand children to Canada all with the promise of a better life in the British colonies than they could expect at home in England Like many nineteenth century advocates of emigration she saw it as a panacea for many social ills taking people from impoverishment in the old world to the hope of better prospects in the new Unlike other advocates she linked this enthusiasm for emigration with the ideals of liberal feminism arguing that women and girls should share the opportunities for advancement that the colonies offered to men and boys Rye played a central role in developing organizations to facilitate the migration of women and girls starting with the Female Middle Class Emigration Society in 1861 After 1869 she concentrated on the migration of so called gutter children to Canada where her pioneering efforts were followed by numerous other philanthropic associates such as Barnardo This biography analyzes how feminism and philanthropy intertwined in her activities and how her early concerns with the rights of women to economic opportunity came to be over ridden by an authoritarian streak that led to the tragic excesses of her work in juvenile migration

**The Academy and Literature**, 1897      **Rapiers and Battleaxes** Josephine Kamm, 2024-11-20 The long and bitter struggle for the vote is certainly the most spectacular part of the history of women's emancipation Originally published in 1966 Rapiers and

Battleaxes tells the story in its wider aspect and in terms of the pioneers in the various fields Just a hundred years previously in 1866 the first women s suffrage committee was formed in London with the object of collecting signatures to petition for the enfranchisement of women which John Stuart Mill MP for Westminster had undertaken to present in Parliament Prominent among the committee members were Barbara Bodichon who had been active ten years earlier in the agitation for the Married Women s Property Bill Emily Davies pioneer of higher education for women and Elizabeth Garrett who was the first woman to obtain a medical training in this country Among the pioneers also are Mary Wollstonecraft whose book A Vindication of the Rights of Woman sparked off the women s movement the philanthropist Angela Burdett Coutts the social reformers Mary Carpenter Louisa Twining and Octavia Hill Emma Paterson and her work for women s trade unions Sophia Jex Blake who forced an entry for women into the medical profession and Josephine Butler and her courageous campaign for the repeal of the Contagious Diseases Acts In the political field of course are Emmeline Pankhurst and her followers and also Millicent Fawcett Elizabeth Garrett s younger sister the statesmanlike leader of the constitutional suffragists and Eleanor Rathbone MP her successor in the campaign for equal rights The story is brought up to date with the work of other women in Parliament and the appointment in 1965 of the first woman High Court Judge And it points to the outstanding problem at the time which was not so much lack of equal pay although this still existed particularly in trade and industry but of equal opportunity Subjects still being fought today this reissue can be read in its historical context
