Pitiquito Trail L. D. Tetlow, 2000 Jim Garner is on his way to sell guns to a Mexican province when the coach in which he is travelling is attacked by Pablo Morelos and his banderos When Jim and the others are taken hostage help comes from a strange source Anna a Mexican woman in Morelos s camp **Draft Jedediah Smith National Trail Study**, 1986 [Trails to Tiburón](#) W. J. McGee, 2016-12-15 When William John McGee set out from Washington D C for the Sonoran Desert in 1894 he was inspired by a passion for adventure as much as a thirst for knowledge McGee lived in an era when discovery was made through travel rather than study and reputations were forged by going where no outsiders had gone before A self taught scientist in the newly forming field of anthropology McGee led two expeditions through southern Arizona and northern Sonora for the Bureau of American Ethnology There he conducted ethnographic research among the Papagos Tohono O odham and the Seris and his subsequent publication *The Seri Indians* helped secure his place in the anthropological community McGee s complete journals of the expeditions kept in small field notebooks and preserved in the Library of Congress are published here for the first time These journals contain detailed descriptions of the country and people McGee encountered and convey the adventure of traveling through wild and unfamiliar places including a voyage to Isla Tiburón or Shark Island in the Gulf of California and being plagued by foul weather a shortage of supplies and fear of attack from hostile Indians *Trails to Tiburón* features 57 historical photographs taken on the expedition capturing the places McGee saw and the people he encountered Fontana s notes to the diary provide useful botanical geological and ethnographic information while his introduction places McGee and his field work in the context of late nineteenth century anthropology and science *Trails to Tiburón* reveals McGee s versatility as a field worker and shows his methods often questioned today to be the reasonable response of a man caught up in the intellectual fervor of his time For anyone wanting to share in the spirit of adventure these journals are a landmark in the annals of exploration *New Trails in Mexico* Carl Lumholtz, 1912

Kittle,2017-05-18 Pious and scholarly the Franciscan friars Pedro Font Juan Cresp and Francisco Garc s may at first seem improbable heroes Beginning in Spain their adventures encompassed the remote Sierra Gorda highlands of Mexico the deserts of the American Southwest and coastal California Each man s journey played an important role in Spain s eighteenth century conquest of the Pacific coast but today their names and deeds are little known Drawing on the diaries and correspondence of Font Cresp and Garc s as well as his own exhaustive field research Robert A Kittle has woven a seamless narrative detailing the friars striking accomplishments Starting with a harrowing transatlantic voyage all three traveled through uncharted lands and found themselves beset by raiding Indians marauding bears starvation and scurvy Along the way they made invaluable notes on indigenous peoples flora and fauna and prominent eighteenth century European colonial figures Font the least celebrated of the three recorded the daily events of the 1775-76 colonizing expedition of Juan Bautista de Anza while serving as its chaplain Font s legacy includes some of the earliest accurate maps of California between San Diego Bay and San Francisco Bay Garc s an itinerant missionary developed close relationships with Indians in Sonora and California He learned their languages and lived and traveled with them usually as the only white man and brokered dozens of peace agreements before he was killed in a Yuma uprising Cresp who traveled up the California coast with Father Jun pero Serra kept meticulous journals of an expedition to reconnoiter the San Francisco Bay area the Sacramento and San Joaquin Rivers and the northern reaches of California s central valley This enthralling narrative elevates these Spanish friars to their rightful place in the chronicle of American exploration It brings their exploits out of the shadow of the American Revolution and Lewis Clark expedition while also illuminating encounters between European explorers and missionaries and the American Indians who had occupied the Pacific coast for millennia **Anza's California Expeditions ...** Herbert Eugene Bolton,1930 **Joaquín Murrieta and His Horse Gangs** Frank F. Sheridan, 1999 From the earliest days of their empire in the New World the Spanish sought to gain control of the native peoples and lands of what is now Sonora While missionaries were successful in pacifying many Indians the Seris independent groups of hunter gatherers who lived on the desert shores and islands of the Gulf of California steadfastly defied Spanish efforts to subjugate them *Empire of Sand* is a documentary history of Spanish attempts to convert control and ultimately annihilate the Seris These papers of religious military and government officials attest to the Seris resilience in the face of numerous Spanish attempts to conquer them and remove them from their lands Most of the documents are being made available for the first time while the few that have been published are extremely difficult to find They include early observations of the Seris by Jesuit missionaries the collapse of the Seri mission system in 1748 accounts of the invasion of Tibur n Island in 1750 and the Sonora Expedition of 1767 1771 and reports of late eighteenth century Seri hostilities Thomas Sheridan s introduction puts the documents in perspective while his notes objectively clarify their significance In a superb analysis of contact history Sheridan shows through these documents that Spaniards and Seris understood one another well and it was their inability to tolerate each other s radically different societies and cultures that led to endless conflict between them By skillfully weaving the documents into a coherent narrative of Spanish Seri interaction he has produced a compelling account of empire and resistance that speaks to anthropologists historians and all readers who take heart in stories of resistance to oppression *Dust of the Desert* Robert Welles Ritchie, 1922 *The Country Gentleman* , 1922 **An outpost of empire, by H.
