**The Pitkin Guide to English Pubs** John McIlwain, 1998-04      **Legendary Watering Holes** Richard F. Selcer, 2004

Saloons, barrooms, honky tonks, or watering holes, by whatever name they are part of the mythology of the American West and their stories are cocktails of legend and fact. As Richard Selcer, David Bowser, Nancy Hamilton, and Chuck Parsons demonstrate in these entertaining and informative accounts of four legendary Texas establishments, in most Western communities the first saloon was built before the first church, and the drinking establishments far outnumbered the religious ones. Beyond their obvious functions, saloons served as community centers, polling places, impromptu courtrooms, and public meeting halls. The authors of this volume discuss both the social and operational aspects of the businesses, who the owners were, what drinks were typically served, the democratic ethos that reigned at the bars, the troubling issues of social segregation by race and gender within each establishment, and the way order was maintained, if it was at all. Here the spotlight is thrown on four saloons that were legends in their day: Jack Harris's Saloon and Vaudeville Theater in San Antonio; Ben Dowell's Saloon in El Paso; the Iron Front of Austin; and the White Elephant of Fort Worth. Together with architectural renderings of the floor plans and old photographs of the establishments, and some of their more famous customers, the history of each is woven into the history of its city. Fatal shootings are recounted, and forms of entertainment are described with care and verve. One of this book's most fascinating aspects is the sharp detail that brings to life the malodorous, smoky interiors and the events that took place there. Selcer and his co-authors are experts on their respective watering holes. They start with the origins of each establishment and follow their stories until the last drink was served and the places closed down for good. There are stops along the way to consider the construction of the ornate bars, the suppliers of the liquor, the attire of the gentlemen gamblers, the variety of casino games that emptied men's pockets, and more. Through the wealth of detail and the animated narrative, a crucial part of Texas Western heritage becomes immediately accessible to the present.

Most of the characters in the book were real seventeenth-century people, the majority living in Manchester, a town that did not have a Member of Parliament. Charles I was an autocratic king who believed that there was no one above him but God, and so when Parliament asked for a greater say in running the country, he refused, leading to disenchantment in many parts of the country, especially in the South East of Lancashire. When Lord Strange, the son of the 6th Earl of Derby and the King's representative for Lancashire, marched into Manchester with his troops to demand the retrieval of his armoury, Richard Perceval, a handloom weaver from Kirkmanshulme, a hamlet situated between Manchester and Stockport, pulled a Royalist's horse and was shot. Lord Strange was later to be hung in Bolton for this crime, and when Parliament heard of Richard Perceval's death, they announced that a Civil War had begun. Jenny Grimshawe, a member of a fictitious family living on the Ancoats Hall Estate of Nicholas Mosley, Lord of the Manor of Manchester, was due to marry Richard Perceval, but on hearing of his killing, vowed to avenge his death. She cross-dressed, joined the Royalist army, and was present at

the siege of Liverpool the massacre at Bolton and obtained revenge at the battle of Marston Moor three miles West of York
