## **Place Called Home Writings On The Mi:**

**A Place Called Home** Richard O. Davies, David R. Pichaske, Joseph Anthony Amato, 2003 2004 Minnesota Book Award Winner The Midwestern small town has long held an iconic place in American culture from the imaginings of Sinclair Lewis's Main Street and Sherwood Anderson's Winesburg, Ohio to Garrison Keillor's Lake Wobegon. But the reality is much more complex as the small town has been a study in transition from its very inception. In *A Place Called Home* editors Richard O. Davies, Joseph A. Amato, and David R. Pichaske offer the first comprehensive examination of the Midwestern small town and its evolving nature from the 1800s to the present. This rich collection gleaned from the best writings of historians, novelists, social scientists, poets, and journalists features not only such well-known authors as Sherwood Anderson, Carol Bly, Willa Cather, Hamlin Garland, Langston Hughes, Garrison Keillor, William Kloefkorn, Sinclair Lewis, Susan Allen Toth, and Mark Twain, but also many lesser-known and exceptionally talented writers. Five chronological sections trace the founding, growth, and decline of the Midwestern town, and introductory comments illuminate its ever-changing face. The result is a wide-ranging collection of writings on the community at the heart of America.

**Designing a Place Called Home** James Wentling, 2016-12-28 This insightful volume shares design ideas to help builders, planners, and architects create mass-produced, affordable housing that pushes suburban development in more sustainable, liveable directions. The author argues that improving the quality of design in our new homes and communities for greater resiliency, sustainability, and equality, we can build neighborhoods and communities where residents feel more connected to their homes and to one another. Through text, photographs, and illustrations, the book reviews prototypical American housing design, then suggests ways to both learn from the past as well as adapt for new environmental imperatives, demographic changes, and lifestyle needs. Written by a practicing architect with 25 years of experience optimizing residential design, this pioneering approach to suburban building will inspire readers to view mass-produced housing through a new, modern lens.

**Orange City** Doug Anderson, Tim Schlak, Greta Grond, Sarah Kaltenbach, 2014-04-14 Orange City was founded in 1869/1870 as a colony of Dutch Americans from Pella. Led by Henry Hospers, the colonists made Orange City the center of Dutch agricultural expansion in northwestern Iowa, and farther west. By 1874, the town had railroad connections, was the seat of Sioux County, and had a Dutch language weekly newspaper that was read in the Netherlands as well as around North America. Hospers, along with others, founded an academy in 1882 to train young people in the classics and the Reformed faith. By the 1930s, the academy was maturing into what is now Northwestern College. The town's populace has never been exclusively Dutch; nevertheless, the Dutch heritage of the settlement has remained central to Orange City's identity. A tulip festival held in 1936 became an annual event that continues to draw tens of thousands of visitors each May. In 1986, a Dutch front initiative was launched that has transformed much of the town with a distinctive Dutch look.

Finding a New Midwestern History Jon K. Lauck, Gleaves Whitney, Joseph Hogan, 2018-11-01 In comparison to such regions as the South the far West and New England the Midwest and its culture have been neglected both by scholars and by the popular press Historians as well as literary and art critics tend not to examine the Midwest in depth in their academic work And in the popular imagination the Midwest has never really ascended to the level of the proud literary South the cultured democratic Northeast or the hip innovative West Coast Finding a New Midwestern History revives and identifies anew the Midwest as a field of study by promoting a diversity of viewpoints and lending legitimacy to a more in depth rigorous scholarly assessment of a large region of the United States that has largely been overlooked by scholars The essays discuss facets of midwestern life worth examining more deeply including history religion geography art race culture and politics and are written by well known scholars in the field such as Michael Allen Jon Butler and Nicole Etcheson

black Americans continued to call on him to mediate between the races a position that grew increasingly untenable as Weaver remained caught between the white power structure to which he pledged his allegiance and the African Americans whose lives he devoted his career to improving *Names We Call Home* Becky Thompson, Sangeeta Tyagi, 2013-05-13
