Place Royale And Urban Design In The Ancien Rgime:

The Place Royale and Urban Design in the Ancien Régime Richard L. Cleary, 2011-07-21 This book is the first study to examine a unique urban phenomenon that is closely associated with French monarchy in the age of absolutism Featuring a free standing statue of the monarch at its center the place royale was framed by buildings of uniform monumental design such as found in the Place Vendôme In this study Richard Cleary examines the places royales in terms of the political mechanisms and design processes through which they were conceived their intended meanings for contemporaries and their relationship to the urban fabrics of which they are a part [The Place Royale and Urban Design in the Ancien Régime](#)

Chastel-Rousseau, 2017-07-05 Reading the Royal Monument in Eighteenth Century Europe is the first in depth study of the major role played by royal monuments in the public space of expanding cities across eighteenth century Europe Using the royal public statues as the basis for its examination of modern European cities the book considers the development of urban landscapes from the creation of capital cities to the last embers of the Ancien Régime and at how the royal politics of the arts affected the cityscapes of the time The focus of the book thereby intersects across a spectrum of disciplines including the social and architectural history of cities the politics of urban planning the history of monumental sculpture and the material culture of the eighteenth century [Order and Disorder under the Ancien Régime](#) Jeffrey Merrick, 2009-03-26 This

collection of revised and previously unpublished articles explores aspects of the history of monarchy family suicide and sodomy in early modern especially eighteenth century France The durable but flexible traditions of the Ancien Régime not only sanctified but also limited the prerogatives of sovereigns over subjects and husbands fathers masters over wives children and servants Private and public weakness and excess in those who ruled the kingdom and the household undermined their masculinity and legitimacy Merrick analyzes expositions of and contestations about the origins extent and use and abuse of gendered royal and domestic authority in a wide variety of sources including descriptions of beehives pamphlets published during the Fronde statues of Louis XV police reports about disturbed subjects parliamentary remonstrances Jansenist polemics essays submitted to the Academy of Berlin the memoirs of the marquis de Bombelles and complaints of wives against husbands and marital separation cases in Paris In principle kings and husbands fathers masters preserved order in the kingdom and the household by controlling themselves as well as their subordinates In practice they sometimes provoked disorder and failed in many ways to prevent and punish disorder Merrick's articles on suicide and sodomy not only revisit some celebrated incidents the deaths of the dragoons Bourdeaux and Humain who shot themselves on 25 December 1773 and notorious characters the pederast marquis de Villette and tribade mademoiselle de Raucourt but also document patterns in the lives and deaths of ordinary men and women Based like the articles on marital disputes on extensive archival research they investigate changes in jurisprudence and mentalities during the eighteenth century As a

whole this volume challenges simplistic assumptions about absolutism Enlightenment and Revolution Given the number of subjects addressed and the nature of the issues involved the engaging articles will interest many readers

Architectural Space in Eighteenth-Century Europe Meredith Martin, 2017-07-05 Architectural Space in Eighteenth Century Europe Constructing Identities and Interiors explores how a diverse pan European group of eighteenth century patrons among them bankers bishops bluestockings and courtesans used architectural space and decor to shape and express identity Eighteenth century European architects understood the client's instrumental role in giving form and meaning to architectural space In a treatise published in 1745 the French architect Germain Boffrand determined that a visitor could judge the character of the master for whom the house was built by the way in which it is planned decorated and distributed This interdisciplinary volume addresses two key interests of contemporary historians working in a range of disciplines one the broad question of identity formation most notably as it relates to ideas of gender class and ethnicity and two the role played by different spatial environments in the production not merely the reflection of identity at defining historical and cultural moments By combining contemporary critical analysis with a historically specific approach the book's contributors situate ideas of space and the self within the visual and material remains of interiors in eighteenth century Europe In doing so they offer compelling new insight not only into this historical period but also into our own

The Dynastic State and the Army under Louis XIV Guy Rowlands, 2002-08-29 The personal rule of Louis XIV witnessed a massive increase in the size of the French army and an apparent improvement in the quality of its officers its men and the War Ministry However this is the first book to treat the French army under Louis XIV as a living political social and economic organism an institution which reflected the dynastic interests and personal concerns of the king and his privileged subjects The book explains the development of the army between the end of Cardinal Mazarin's ministry and the outbreak of the War of the Spanish Succession emphasising the awareness of Louis XIV and his ministers of the need to pay careful attention to the condition of the king's officers and to take account of their military political social and cultural aspirations

Cities of Power G-ran Therborn, 2021-10-12 Why are cities centers of power A sociological analysis of urban politics In this brilliant very original survey of the politics and meanings of urban landscapes leading sociologist G-ran Therborn offers a tour of the world's major capital cities showing how they have been shaped by national popular and global forces Their stories begin with the emergence of various kinds of nation state each with its own special capital city problematic In turn radical shifts of power have impacted on these cities development in popular urban reforms or movements of protest and resistance in the rise and fall of fascism and military dictatorships and the coming and going of Communism Therborn also analyzes global moments of urban formation of historical globalized nationalism as well as the cities of current global image capitalism and their variations of skyscraping gating and displays of novelty Through a global historical lens and with a thematic range extending from the mutations of modernist architecture to the contemporary return of urban revolutions Therborn questions received assumptions about the

source manifestations and reach of urban power combining perspectives on politics sociology urban planning architecture and urban iconography He argues that at a time when they seem to be moving apart there is a strong link between the city and the nation state and that the current globalization of cities is largely driven by the global aspirations of politicians as well as those of national and local capital With its unique systematic overview from Washington D C and revolutionary Paris to the flamboyant twenty first century capital Astana in Kazakhstan its wealth of urban observations from all the populated continents and its sharp and multi faceted analyses *Cities of Power* forces us to rethink our urban future as well as our historically shaped present

Thinking Allegory Otherwise Brenda Machosky, 2009-12-18 *Thinking Allegory Otherwise* is a unique collection of essays by allegory specialists and other scholars who engage allegory in exciting new ways The contributors include Jody Enders Karen Feldman Angus Fletcher Blair Hoxby Brenda Machosky Catherine Gimelli Martin Stephen Orgel Maureen Quilligan James Paxson Daniel Selcer Gordon Teskey and Richard Wittman The essays are not limited to an examination of literary texts and works of art and in fact focus on a wide range of topics that includes architecture philosophy theatre science and law The book proves the truth of the statement that all language is allegorical and more importantly it shows its consequences To think allegory otherwise is to think otherwise to rethink not only the idea of allegory itself but also the law and its execution the literality of figurative abstraction and the figurations upon which even hard science depends

François Blondel Anthony Gerbino, 2012-12-06 First director of the Académie royale d'architecture François Blondel established a lasting model for architectural education that helped transform a still largely medieval profession into the one we recognize today Most well known for his 1676 urban plan of Paris Blondel is also celebrated as a mathematician scientist and scholar Few figures are more representative of the close affinity between architecture and the new science of the seventeenth century The first full length study in English to appear on this polymath this book adds to the scholarship on early modern architectural history and particularly on French classicism under Louis XIV and his minister Jean Baptiste Colbert It studies early modern science and technology Baroque court culture and the development of the discipline of architecture

Architecture and Urbanism in the French Atlantic Empire Gauvin Alexander Bailey, 2018-06-06 Spanning from the West African coast to the Canadian prairies and south to Louisiana the Caribbean and Guiana France's Atlantic empire was one of the largest political entities in the Western Hemisphere Yet despite France's status as a nation at the forefront of architecture and the structures and designs from this period that still remain its colonial building program has never been considered on a hemispheric scale Drawing from hundreds of plans drawings photographic field surveys and extensive archival sources *Architecture and Urbanism in the French Atlantic Empire* focuses on the French state's and the Catholic Church's ideals and motivations for their urban and architectural projects in the Americas In vibrant detail Gauvin

Alexander Bailey recreates a world that has been largely destroyed by wars natural disasters and fires from Cap François now Cap Haïtien which once boasted palaces in the styles of Louis XV and formal gardens patterned after Versailles to failed utopian cities like Kourou in Guiana Vividly illustrated with examples of grand buildings churches and gardens as well as simple houses and cottages this volume also brings to life the architects who built these structures not only French military engineers and white civilian builders but also the free people of colour and slaves who contributed so much to the tropical colonies Taking readers on a historical tour through the striking landmarks of the French colonial landscape Architecture and Urbanism in the French Atlantic Empire presents a sweeping panorama of an entire hemisphere of architecture and its legacy

Georgian Monarchy Hannah Smith,2006-06-08 Publisher description *A Transitory Star* Claudia Lehmann,Karen J. Lloyd,2015-07-24 Examining Bernini's works from 1665 on from Paris and Rome this book demonstrates the wealth of material still to be drawn from close visual and material examination archival research and comparative textual analysis On the whole this collection deals with Bernini's position as the leading creator of portraits in oils marble monumental architecture and metaphor of some of the most powerful political players of his day These studies speak to the growing distance of Gallic absolutism from the fading dreams of papal hegemony over Europe and to the complexities of Bernini's role as mouthpiece obstacle and flatterer of the Princes of the Papal States

Haunted by Empire Ann Laura Stoler, 2006-05-05 DIVA groundbreaking interdisciplinary collection that rethinks the connection between the intimate and United States colonial and postcolonial histories div *Embodiments of Power* Gary B. Cohen, Franz A. J. Szabo, 2008-07-01 The period of the baroque late sixteenth to mid eighteenth centuries saw extensive reconfiguration of European cities and their public spaces Yet this transformation cannot be limited merely to signifying a style of art architecture and decor Rather the dynamism emotionality and potential for grandeur that were inherent in the baroque style developed in close interaction with the need and desire of post Reformation Europeans to find visual expression for the new political confessional and societal realities Highly illustrated this volume examines these complex interrelationships among architecture and art power religion and society from a wide range of viewpoints and localities From Krakow to Madrid and from Naples to Dresden cities were reconfigured visually as well as politically and socially Power in both its political and architectural guises had to be negotiated among constituents ranging from monarchs and high churchmen to ordinary citizens Within this process both rulers and ruled were transformed Europe left behind the last vestiges of the medieval and arrived on the threshold of the modern

King of the World Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel s *King of the World* is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king s effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis s court and the fascinating cast of characters who prostrated and plotted within it *King of the World* is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis s second wife Madame de Maintenon Mansel s narrative flair is a perfect match for this

grand figure and he brings the Sun King's world to vivid life. This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland. Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789. It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque. *Medievalism in Nineteenth-century Belgium* Simon John, 2023. Offers new insights into the political and modern uses of public monuments devoted to figures from the past and the role of historical culture in the creation of national identity. **Visualizing the Revolution** Rolf Reichardt, Hubertus Kohle, 2008. The authors explore the complex many faceted visual culture of the French Revolution which took place in a period characterised by the creation of a new visual language steeped in metaphor, symbol and allegory.
