Place Among The Stars The Women Of The Star Trek Voyager

Michael Seth Starr

Place Among The Stars The Women Of The Star Trek Voyager:

A Place Among the Stars Star Trek Staff, 1998-12 **Invisible Stars** Donna Halper, 2015-02-11 *Invisible Stars* was the first book to recognize that women have always played an important part in American electronic media. The emphasis is on social history as the author skillfully explains how the changing role of women in different eras influenced their participation in broadcasting. This is not just the story of radio stars or broadcast journalists but a social history of women both on and off the air. Beginning in the early 1920s with the emergence of radio, the book chronicles the ambivalence toward women in broadcasting during the 1930s and 1940s, the gradual change in status of women in the 1950s and 1960s, the increased presence of women in broadcasting in the 1970s, and the successes of women in broadcasting in the 1980s and 1990s. The second edition is expanded to include the social and political changes that occurred in the 2000s, such as the growing number of women talk show hosts, changing attitudes about women in leadership roles in business, more about minority women in media, and women in sports and women sports announcers. The author addresses the question of whether women are in fact no longer invisible in electronic media. She provides an assessment of where progress for women in society, as well as broadcasting, can be seen and where progress appears totally stalled.

Science Fiction, Canonization, Marginalization, and the Academy Gary Westfahl, George Slusser, 2002-01-30 Science fiction occupies a peculiar place in the academic study of literature. For decades scholars have looked at science fiction with disdain and have criticized it for being inferior to other types of literature. But despite the sentiments of these traditionalists, many works of science fiction engage recognized canonical texts such as the *Odyssey*, and many traditionally canonical works contain elements of science fiction. More recently, the canon has been subject to revision as scholars have deliberately sought to include works that reflect diversity and have participated in the serious study of popular culture. But these attempts to create a more inclusive canon have nonetheless continued to marginalize science fiction. This book examines the treatment of science fiction within the academy. The expert contributors to this volume explore a wide range of topics related to the place of science fiction in literary studies. These include academic attitudes toward science fiction, the role of journals and cultural gatekeepers in canon formation, and the marginalization of specific works and authors by literary critics. In addition, the volume gives special attention to multicultural and feminist concerns. In discussing these topics, the book sheds considerable light on much broader issues related to the politics of literary studies and academic inquiry.

The Nitpicker's Guide for Next Generation Trekkers Volume 2 Phil Farrand, 2013-09-11 A follow up to the first best selling Nitpicker's guide ferrets out the plot inconsistencies, scientific inaccuracies, and other foul ups in the seventh final season of the TV series *Star Trek: The Next Generation*. [TIME Star Trek](#) The Editors of TIME, 2016-07-08 Fifty years after the birth of the *Star Trek* phenomenon, the legacy is as alive as ever. In 2016 and 2017, both a new film and television installment will be added to the historic franchise, totaling thirteen feature films and six television series, causing Trekkies to rejoice around the world. The *Star Trek* series has not only captivated our

imaginations but also our hearts as we adventure alongside Captain Kirk Captain Picard Spock and so many more favorite characters through galaxies and lightyears Relive your favorite moments on this landmark anniversary in the all new special edition from TIME Star Trek Inside the Most Influential Science Fiction Series Ever Starring some of the most iconic characters in Hollywood history from human beings to extraterrestrials Star Trek examines how these two species work together to better understand the universe in which they live Over the past fifty years Star Trek has explored the future and perhaps more importantly the human condition inspiring Trekkies all around the world to live long and prosper

Female Action Heroes Gladys L. Knight, 2010-06-08 This book offers 25 profiles of some of the most popular female action heroes throughout the history of film television comic books and video games Female action heroes like other fictional characters not only reveal a lot about society but greatly influence individuals in society It is no surprise that the gradual development and increase in the number of female action heroes coincides with societal changes and social movements such as feminism Nor is it a surprise that characteristics of female action heroes echo the progressive toughening of women and young girls in the media Female Action Heroes A Guide to Women in Comics Video Games Film and Television brings to the forefront the historical representation of women and girls in film television comic books and video games The book includes profiles of 25 of the most popular female action heroes arranged in alphabetical order for easy reference Each chapter includes sections on the hero s origins her power suit weapons abilities and the villains with whom she grapples Most significantly each profile offers an analysis of the hero s story and her impact on popular culture

Upscale , 1998-06

Star Trek: Open a Channel: A Woman's Trek Nana Visitor, 2024-10 Nana Visitor Star Trek s Kira Nerys explores how the series has portrayed and influenced women Interviews with the stars writers producers and celebrity fans reveal the struggles and triumphs of women both behind and in front of the camera throughout the sixty year history of Star Trek and how they have mirrored the experiences of women everywhere Nana Visitor Star Trek Deep Space Nine s Kira Nerys explores how the series has portrayed and influenced women Interviews with the stars writers producers and audience members from all walks of life including a politician and an astronaut highlight the struggles and triumphs of women both behind and in front of the camera throughout the sixty year history of Star Trek and how they have mirrored the experiences of women everywhere The groundbreaking casting of Nichelle Nichols as Lt Uhura in 1966 was a paradigm shift for women and people of color Pioneering is no picnic and she planned to leave the show until none other than the Reverend Martin Luther King Jr contextualized her appearance in people s living rooms across America as a way for people of color to know they were indeed an important part of the future Since then each Star Trek show has both reflected the values of its time and imagined a future of equality In her first book Open a Channel A Woman s Trek Nana Visitor sets out to discover both how Star Trek led the way for women and how each show was trapped in its own era For Visitor this is more than a book about Star Trek It s also about how society and the stories we tell have evolved in the last sixty years and how the role of women has changed in

that time STAR AUTHOR Written by Star Trek Deep Space Nine actor Nana Visitor famous for playing Major Kira Nerys This is both her story and her journey through the stories of other women involved with Star Trek from the 1960s to the 21st century EXCLUSIVE INTERVIEWS Features interviews with more than a dozen women who starred in Star Trek including Kate Mulgrew Sonequa Martin Green Terry Farrell Gates McFadden Denise Crosby Tawny Newsome and Jess Bush INSPIRING STORIES Explore how Star Trek has influenced women in the real world including soldiers scientists and even astronauts For the book author Nana Visitor visited ESA HQ and interviewed astronaut Samantha Cristoforetti while she was in orbit around Earth on the International Space Station PIONEERING SERIES Following the humanistic tenets of creator Gene Roddenberry Star Trek throughout the decades led the way in promoting diversity Youths who grew up with Captain Janeway on Star Trek Voyager for example not only learned to accept a woman as a leader but were also able to expand what they could imagine for themselves The book makes clear how important storytelling is and how the storytelling of Star Trek has had a profound effect on its audience

Star Trek Voyager Companion Paul Ruditis, 2003 A companion to the popular syndicated television show offers a complete show by show guide to the series including plot summaries and behind the scenes details

Shatner Michael Seth Starr, 2019-12-16 In the early months of 1966 a handsome hardworking thirty five year old Canadian born actor named William Shatner was cast as Captain Kirk in Star Trek a troubled low budget science fiction television series set to premiere that fall on NBC Star Trek struggled for viewers and lasted only three seasons but it found a huge rabidly dedicated audience when it premiered in syndication following its cancellation turning Shatner into a pop culture icon and launching him on a career path he never could have imagined after graduating from McGill University with an economics degree twenty years earlier As he approaches his ninetieth year he s still working at a furious pace as a man of boundless contradictions by turns one of the most dissected disliked revered respected mocked imitated and beloved stars in the show business firmament Shatner takes a comprehensive look at this singular performer using archival sources and information culled from interviews with friends and colleagues to transport readers through William Shatner s remarkably bumpy career his spectacular failures and triumphs tragedies including the shocking death of his third wife Nerine and ultimately the resilience Shatner has shown time and again in the face of overwhelming odds Author Michael Seth Starr unravels the mystery of William Shatner stripping away the many myths associated with his personal life and his relationships with fellow actors presenting a no holds barred unvarnished look at the unique career of an inimitable performer

The Influence of Star Trek on Television, Film and Culture Lincoln Geraghty, 2014-07-15 When the first season of Star Trek opened to American television viewers in 1966 the thematically insightful sci fi story line presented audiences with the exciting vision of a bold voyage into the final frontiers of space and strange new galactic worlds Perpetuating this enchanting vision the story has become one of the longest running and most multifaceted franchises in television history Moreover it has presented an inspiring message for the future addressing everything from social political

philosophical and ethical issues to progressive and humanist representations of race gender and class This book contends that Star Trek is not just a set of television series but has become a pervasive part of the identity of the millions of people who watch read and consume the films television episodes network specials novelizations and fan stories Examining Star Trek from various critical angles the essays in this collection provide vital new insights into the myriad ways that the franchise has affected the culture it represents the people who watch the series and the industry that created it **Star Trek** M. Keith Booker, 2018-09-15 First airing in 1966 with a promise to boldly go where no man has gone before Star Trek would eventually become a bona fide phenomenon Week after week viewers of the series tuned in to watch Captain Kirk Spock and the rest of the crew of the USS Enterprise as they conducted their five year mission in space Their mission was cut short by a corporate monolith that demanded higher ratings but Star Trek lived on in syndication ultimately becoming a multibillion dollar media franchise With merchandise spin offs feature films and several television iterations from The Next Generation to Discovery Star Trek is a firmly established part of the American cultural landscape In Star Trek A Cultural History M Keith Booker offers an intriguing account of the series from its original run to its far reaching impact on society By placing the Star Trek franchise within the context of American history and popular culture the author explores how the series engaged with political and social issues such as the Vietnam War race gender and the advancement of technology While this book emphasizes the original series it also addresses the significance of subsequent programs as well as the numerous films and extensive array of novels comic books and merchandise that have been produced in the decades since A show that originally resonated with science fiction fans Star Trek has also intrigued the general public due to its engaging characters exciting plotlines and vision of a better future It is those exact elements that allowed Star Trek to go from simply a good show to the massive media franchise it is today Star Trek A Cultural History will appeal to scholars of media television and popular culture as well as to fans of the show **I Spit On Your Celluloid** Heidi Honeycutt, 2024-08-08 Slumber Party Massacre Pet Sematary Near Dark American Psycho These horror movies have heavily contributed to pop culture and are loved by horror fans everywhere But so many others have been forgotten by history From the first silent reels to modern independent films in this book you ll discover the creepy horrible grotesque beautiful wrong good and fantastic and the one thing they share in common This is the true history of women directing horror movies Having conducted hundreds of interviews and watched thousands of horror films Heidi Honeycutt defines the political and cultural forces that shape the way modern horror movies are made by women The women s rights and civil rights movements new distribution technology digital cameras the destruction of the classic studio system and the abandonment of the Hays code have significantly impacted women directors and their movies So too social media modern ideas of gender and racial equality LGBTQ acceptance and a new generation of provocative daring films that take shocking risks in the genre Includes short films anthologies documentaries animated horror horror pornography pink films and experimental horror I Spit on Your Celluloid

is a first of its kind celebration study and a book that needed to be written says cult filmmaker Stephanie Rothman You will never look at horror movies the same way again Our Space, Our Place Sherry Ginn,2005-06-08 In *Our Space Our Place Women in the Worlds of Science Fiction Television* author Sherry Ginn explores the portrayals of female characters in popular Sci Fi television programs The programs examined include *The X Files* *Babylon 5* *Farscape* *Gene Roddenberry's Andromeda* and all five *Star Treks* The major female characters on each program are discussed with respect to their quest to establish a sense of identity within their particular universe as depicted on their series By using current psychological and feminist theories Ginn skillfully evaluates each character in terms that best exemplify the search for meaning and identity in women's lives *The Voyages of Star Trek* K.M. Heath,A. S. Carlisle,2020-11-16 *Star Trek* emerged alongside mini skirts bellbottoms and VW vans flourished in the shadow of Madonna big hair and greed and expanded with computers Beanie Babies and religious revitalization *Star Trek* survived the culture shock of 9 11 and experienced a revival in the era of yoga pants hybrid cars and Starbucks After more than 5 decades *Star Trek* is alive and well still voyaging through space and time But why is that How has this science fiction franchise managed to anticipate and adapt to such rapid culture change In *The Voyages of Star Trek A Mirror on American Society through Time* authors K M Heath and A S Carlisle investigate the enduring appeal of *Star Trek* noting how it has mirrored foreshadowed and adapted to contemporary American culture from 1966 to the present Through anthropological analysis the authors examine the evolution of *Star Trek* by tying its storylines to events and developments in the U S assessing the extent to which the visual image of *Star Trek* is reflected on the screen from snapshots of randomly selected episodes and all of the films By examining how *Star Trek* addressed contemporary social issues through a sci fi lens over time the authors postulate Americans can better understand their own changing culture If *Star Trek* can continue to anticipate and adapt to our rapidly changing world then it should remain a part of the cultural landscape for another 50 years truly going where few franchises have gone before **Dangerous Curves** Jeffrey A. Brown,2011-04-18 *Dangerous Curves Action Heroines Gender Fetishism and Popular Culture* addresses the conflicted meanings associated with the figure of the action heroine as she has evolved in various media forms since the late 1980s Jeffrey A Brown discusses this immensely popular character type the action heroine as an example of and challenge to existing theories about gender as a performance identity Her assumption of heroic masculine traits combined with her sexualized physical depiction demonstrates the ambiguous nature of traditional gender expectations and indicates a growing awareness of more aggressive and violent roles for women The excessive sexual fetishization of action heroines is a central theme throughout The topic is analyzed as an insight into the transgressive image of the dominatrix as a reflection of the shift in popular feminism from second wave politics to third wave and postfeminist pleasures and as a form of patriarchal backlash that facilitates a masculine fantasy of controlling strong female characters Brown interprets the action heroine as a representation of changing gender dynamics that balances the sexual objectification of women with progressive models of

female strength While the primary focus of this study is the action heroine as represented in Hollywood film and television the book also includes the action heroine s emergence in contemporary popular literature comic books cartoons and video games

The Psychotronic Video Guide To Film Michael Weldon,1996 The bible of B movies is back and better than ever From Abby to Zontar this book covers more than 9 000 amazing movies from the turn of the century right up to today s Golden Age of Video all described with Michael Weldon s dry wit More than 450 rare and wonderful illustrations round out this treasure trove of cinematic lore an essential reference for every bad film fan

Tough Girls Sherrie A. Inness,2018-01-09 Tough girls are everywhere these days Whether it is Ripley battling a swarm of monsters in the Aliens trilogy or Captain Janeway piloting the starship Voyager through space in the continuing Star Trek saga women strong in both body and mind have become increasingly popular in the films television series advertisements and comic books of recent decades In Tough Girls Sherrie A Inness explores the changing representations of women in all forms of popular media and what those representations suggest about shifting social mores She begins her examination of tough women in American popular culture with three popular television shows of the 1960s and 70s The Avengers Charlie s Angels and The Bionic Woman and continues through such contemporary pieces as a recent ad for Calvin Klein jeans and current television series such as The X files and Xena Warrior Princess Although all these portrayals show women who can take care of themselves in ways that have historically been seen as uniquely male they also variously undercut women s toughness She argues that even some of the strongest depictions of women have perpetuated women s subordinate status using toughness in complicated ways to break or bend gender stereotypes while simultaneously affirming them Also of interest Madcaps Screwballs and Con Women The Female Trickster in American Culture Lori Landay

Star Trek Duncan Barrett,Michèle Barrett,2016-08-05 In a world shrunk by modern transport and communication Star Trek has maintained the values of western maritime exploration through the discovery of strange new worlds in space Throughout its fifty year history the starry sea has provided a familiar backdrop to an ongoing interrogation of what it means to be human This book charts the developing Star Trek story from the 1960s through to the present day Although the core values and progressive politics of the series earliest episodes have remained at the heart of Star Trek throughout half a century in other ways the story it tells has shifted with the times While The Original Series and The Next Generation showed a faith in science and rationalism and in a benign liberal leadership with Deep Space Nine and Voyager that modern order began to decline as religion mental illness and fragmented identities took hold Now fully revised and updated to include the prequel series Enterprise and the current reboot film series this new second edition of Star Trek The Human Frontier published to coincide with Star Trek s golden jubilee celebrations addresses these issues in a range of cultural contexts and draws together an unusual combination of expertise Written to appeal to both the true Trekker and those who don t know Star Trek from Star Wars the book explores and explains the ideas and ideals behind a remarkable cultural phenomenon
