Placing Time And Evil:

When Prayer Takes Place J. Gerald Janzen, 2012-11-06 Where in the world was Jesus when he prayed Where is any one of us when we pray Since we are embodied creatures our prayer location can be mapped onto space time coordinates Since we are social creatures our prayers are also situated within our social locations But do these sets of coordinates exhaustively identify the place that prayer takes when truly entered into Conversely can either set totally prevent prayer from taking place there These questions lie at the intersection of resolutely religious vis a vis resolutely secular understandings of existence The studies in this volume explore dimensions of these issues traced in selected texts from both parts of the Christian Bible

United

States Economist, and Dry Goods Reporter ,1915 *Man as a Place of God* Renée D.N. van Riessen,2007-07-27 Man as a Place of God is an examination of Levinas philosophy of religion in the light of his ethics and anthropology It provides a lively introduction to the main themes of Levinas thought and offers critical perspectives on Levinas by relating his work to that of Heidegger Ricoeur Rorty Derrida and Vattimo The focus of interpretation is the hermeneutics of kenosis the subject's ability to be open towards the other to the point where man can be seen as a place of God a place where the infinite attains to finite existence Does this mean that the kenotic subject totally disappears from the arena of his own life to reach out for a sublime existence that is no longer of this world as in the philosophy of Plato Plotinus and certain mystical thinkers This book will argue the reverse the kenotic sublimity developed by Levinas is in keeping with ethics and even with concrete acts of responsibility Also it refers to a certain idea of God who comes into being in a kenotic way by giving himself in the ethical experience of man and woman regardless of their culture and religious beliefs
