## Plain Talk About Fine Wine:

Plain Talk about Fine Wine Justin Meyer, 1989 Explains the story of wine making caring for the vineyard harvesting the grapes and bottling and aging the wine      **American Winescapes** Gary L Peters, 2018-02-12 Winescapes are unique agricultural landscapes that are shaped by the presence of vineyards winemaking activities and the wineries where wines are produced and stored Where viticulture is successful it transforms the local landscape into a combination of agriculture industry and tourism This book demystifies viticulture in a way that helps the reader understand the environmental and economic conditions necessary in the art and practice of wine making Distinctive characteristics of the book include a detailed discussion of more than thirty grape cultivars an overview of wine regions around the country and a survey of wine publications and festivals Peters discusses the major environmental conditions affecting viticulture especially weather and climate and outlines the special problems the industry faces from lack of capital competition and changing public tastes      *A Sense of Place* Steven Kolpan, 2013-02-01 In *A Sense of Place* renowned wine expert and writer Steven Kolpan tells the story of how Francis Ford Coppola brought California's most distinguished and historic vineyard back to life Gustave Niebaum's Inglenook Estate started in 1879 was one of the Napa Valley's first established vineyards and the birthplace of its premium wine industry Generations after Niebaum's death the vineyard was sold to Heublein the wine and spirits monolith who broke up the land and changed the Inglenook brand from a premium connoisseur wine to a mass market jug wine In 1975 Francis Coppola bought the Niebaum residence and the surrounding estate Along with the original estate's reputation he also brought back some of its original workers including Rafael Rodriguez who in his late seventies now serves as the vineyard manager and historian Coppola overcame naysayers red tape and financial turmoil to reestablish the winery as a defender of quality producing wine under four different labels including the revered wine Rubicon In 1995 Coppola purchased the Inglenook Chateau and its adjacent vineyards fulfilling his dream of reuniting the original Napa Valley estate Kolpan's luscious flavorful narrative is worth enjoying now and keeping for later      *WineSpeak* Bernard Klem, 2009-07-01 If you read wine reviews you're already either amused or confused by the soaring language wine writers often use to describe what they're smelling and tasting But do you always know what they mean Have you ever sipped a complex white and sensed what's so colorfully described as a peacock's tail Have you ever savored a full bodied red only to detect the ripe acrid smell of a horse stall If not you're in for a treat because these terms and thousands more are all here to amuse dismay enlighten inspire puzzle and utterly shock you Welcome to the rich linguistic universe of wine speak a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours The author a lifelong lover of both wine and words has compiled and organized this unique thesaurus of 36 975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others May your path across the galaxy of wine be paved only with labels from the very best bottles on earth Or much more
