

# THE BEATITUDES

- Jesus' Sermons on the Mount and on the Plain have two different though complementary approaches.
- In Matthew's Sermon on the Mount, Jesus' main purpose is to "instruct his hearers".
- He delivers "nine" Beatitudes that praise people for various virtues that could be cultivated – for example, poverty of spirit, meekness and hunger for righteousness.

*The Beatitudes through the Ages* Rebekah Eklund, 2021-04-27 The Beatitudes are among the most influential teachings in human history For two millennia they have appeared in poetry and politics and in the thought of mystics and activists as Christians and others have reflected on their meaning and shaped their lives according to the Beatitudes wisdom But what does it mean to be hungry or meek or pure in heart Is poverty a material condition or a spiritual one And what does being blessed entail In this book Rebekah Eklund explores how the Beatitudes have affected readers across differing eras and contexts From Matthew and Luke in the first century to Martin Luther King Jr and Billy Graham in the twentieth Eklund considers how men and women have understood and applied the Beatitudes to their own lives through the ages Reading in the company of past readers helps us see how rich and multifaceted the Beatitudes truly are illuminating what they might mean for us today

**Plain People Look at the Beatitudes** William Barclay, 1993-02 **Upon This Rock I Will Build** Charles Smith, 2007-08 It was at Caesarea Philippi that Jesus declared His intention to build His Church While the word translated Church in the New Testament is ecclesia and in the mind of most people Church is a place what Jesus had in mind to build was an assembly or gathering of people whom He would call out of the world to be His disciples and citizens of the Kingdom of God As ecclesia is never used to refer to a place the purpose of this book is to explore the difference Church understood as a place and Church understood as a gathering of men and women called out of the world has for the life and worship of people The difference is that in the one instance worship is understood as going to a place whereas in the other it is gathering with others who like one s self have been called out of the world to be disciples and citizens of the Kingdom of God

Rick Mungro,2021-04-12 With so many questions concerning religion we all have a yearning to believe in something After being in church for over thirty years I had questions that pastors overseers and bishops could not answer There are over sixty different denominations with an estimated forty five thousand churches in each all carrying the same Bible and claiming the same Jesus but each having different beliefs After much research and world religious studies I come to the conclusion that when we Americanize the Bible it causes a lack of understanding in our belief which causes us to mislead others The only way to find truth was to visit the land I walked and talked with religious leaders as we followed the footsteps of Jesus We traveled the length and width of the land leaving no stone unturned while uncovering so many extraordinary truths After my visit to Qumran and the Shrine of the Book in Jerusalem 50 percent of my questions were answered I say this with sincere humbleness and confidence The Bible is a reliable source It is a collection of historical documents written by eyewitnesses who were living during the time of other eyewitnesses And its findings were divine rather than human in origin Its prophetic message comes to pass and its words can be proven by multidimensional prophetic interpretation We sing songs about three wise men was it really three How many seeds are in the pomegranate and what does it mean Should we name our church Carmel Find answers to these questions and more As leaders we can change the atmosphere we occupy when we understand its land customs and culture It s very important to connect our belief to the Christian story by digging deeper into the origin of belief      Christian evidences. **Who Is Forming Our Hearts?** Bat Tucker,2025-02-13 Get ready to embark on a journey that will encourage you to think deeply about forming a Christian heart Bat Tucker promotes the importance of learning the Gospels and applying them versus simply understanding them He urges readers to consider what is happening inside why they are so troubled and why they can t solve problems Get answers to questions such as How can you avoid being manipulated What are the pitfalls of blaming others for problems Why do so many people feel despair and resent the Church How can you seek and grow a Christlike heart The Lord was not happy with Sodom and Gomorrah yet people failed to see it when consumed with lusts for pleasure Is the Lord happy with the tribalism political craze the blaming and the disordered desires that are forming and controlling hearts These are the tough questions Christians face today and we must act now to rebuild our hearts      The Gospel Treasury, and Expository Harmony of the Four Evangelists ,1868      Godsends William Desmond,2021-11-15 Godsends is William Desmond s newest addition to his masterwork on the borderlines between philosophy and theology For many years William Desmond has been patiently constructing a philosophical project replete with its own terminology idiom

grammar dialectic and its metaxological transformation in an attempt to reopen certain boundaries between metaphysics and phenomenology between philosophy of religion and philosophical theology between the apocalyptic and the speculative and between religious passion and systematic reasoning In Godsend's Desmond's newest addition to his ambitious masterwork he presents an original reflection on what he calls the companioning of philosophy and religion Throughout the book he follows an itinerary that has something of an Augustinian likeness from the exterior to the interior from the inferior to the superior The stations along the way include a grappling with the default atheism prevalent in contemporary intellectual culture an exploration of the middle space the metaxu between the finite and the infinite a dwelling with solitudes as thresholds between selving and the sacred a meditation on idiot wisdom and transcendence in an East West perspective an exploration of the different stresses in the mysticisms of Aurobindo and the Arnhem Mystical Sermons a dream monologue of autonomy a suite of Kantian and post Kantian variations on the story of the prodigal son a meditation on the beatitudes as exceeding virtue in light of Aquinas's understanding and culminating in an exploration of Godsend's as telling us something significant about the surprise of revelation in word idea and story Godsend's is written for thoughtful persons and scholars perplexed about the place of religion in our time and hopeful for some illuminating companionship from relevant philosophers It will also interest students of philosophy and religion especially philosophical theology and philosophical metaphysics
