Plan Your Career:

Planning Your Career In A Week Wendy Hirsh, Charles Jackson, 2012-03-30 Planning your career just got easier Very few of us put much effort into planning for the kind of career we want Thinking about where we are going at work is something we all need to do throughout our working lives The nature of work and employment is always changing When economic times are difficult you need to show potential employers that you have something special to offer You may also need to be more flexible in your plans New kinds of jobs emerge all the time and many labour markets are becoming increasingly specialized This means you need to find out more about the kinds of jobs that interest you and you need to understand what employers are looking for and how people get these jobs By working through a simple series of steps and exercises you can help yourself to be clearer about what you want what your options are and how to move forward Exercises in each chapter will help you build a collection of information and reflect on what you are learning about yourself and the process of career planning as you go along Planning Your Career In A Week looks at one step in this process of career planning on each day of the week Sunday What do you want from work Monday What kind of job would you enjoy Tuesday What are you good at Wednesday Identifying your career options Thursday Collecting information Friday Making the choice Saturday Taking the first steps

Career Planning and Development Steven Garnesby, 2013-09-20 Career planning and development e book will not just describe generic concepts like job search career building process etc It is intended to help you finding your dream job by explaining two important stages career planning and career development It has been divided in 5 chapters The first two chapters are describing the career planning steps The last 3 chapters take care of the career development stage 1 How to Create a Plan You want the job of your dreams right Right Therefore you need to take action However in order to succeed you need a career development plan But what is career planning This chapter will show you how to create the perfect career plan template for reaching the job of your dreams It will be based on your skills values and it will also take into consideration the things you need to develop or improve Your strengths will be highlighted in this planning By mixing all of the above factors your career goals will be set and you will also learn how to benefit from each opportunity it may appear 2 How to Choose the Correct Path After the stage in which the career development planning has been started you will have a clear image of your career path This chapter shows you how to advance on this road map Several important concepts are being explained here job advancement lateral moves inside the organization you are already part of promotion plans etc 3 How to Build a Network of Professionally Related Contacts This is a very important stage in your career development plan The people inside this network will help you advancing on your career path Therefore it is very important to have a network of professional contacts This chapter will provide you with valuable information on how to include this in your career planning how to create and maintain this network and also how to benefit from it 4 How to Build a Productive Relationship with Your Manager Your manager is a very important factor when it comes to career planning Even if your

career development plan has included moves outside of your current company your manager's feedback will always be valued. Learn how to develop a good business relationship with your manager and how to benefit from it in terms of career development.

5 How to Manage the Annual Performance Review Even if this doesn't sound very attractive you should consider it a great opportunity to discover your work results your areas of improvement and also the opportunities you could benefit from. This chapter will teach you how to get the most out of the annual performance review and also from other performance appraisals. Your career planning and development depends on this important stage. This career planning development e book has been created for all the people which are constantly looking to improve their business abilities they are in a constant job search process or simply they just want to smoothly advance on their career path. Career planning and development are the most important factors on the road to success.

Plan Your Career Today For Better Tomorrow
