

Proud to be Canadian

With glowing hearts, we inspire.

We dream.

We say please, we say thank-you.

We are young.

We are ready.

We are strong.

We are civilized and gentile.

We are a nation that has variety,
that has grown from what it used to be.

We are free to use our voices,

To make our own choices.

We are full of surprises, waiting for the world to discover.

We are an idea in the process of being realized.

We don't just say, we do.

And we aren't just different from America,

We are our own country,

Different from

The world,

And we are Canadian.

Proud to be Canadian.

Canadian History: Confederation to the present Martin Brook Taylor,Doug Owram,1994-01-01 In these two volumes which replace the Reader s Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **The Canadian Labour Movement** Craig Heron,2020-06-01 In The Canadian Labour Movement historian Craig Heron and political scientist Charles Smith tell the story of Canada s workers from the midnineteenth century through to today painting a vivid picture of key developments such as the birth of craft unionism the breakthroughs of the fifties and sixties and the setbacks of the early twenty first century The fourth edition of this book has been completely updated with a substantial new chapter that covers the period from the great recession of 2008 through to 2020 In this chapter Smith describes the fallout of the financial crisis how Stephen Harper s government restricted labour rights the rise of the gig economy and precarious work and the continued de industrialization in the private sector These pressures contributed to fracturing the movement as when Unifor the largest private sector union split from the Canadian Labour Congress the established house of labour Through it all rank and file union members have fought for better conditions for all workers including through campaigns like the fight for a 15 minimum wage The Canadian Labour Movement is the definitive book for anyone interested in understanding the origins achievements and challenges of the labour and social justice movements in Canada *Subject Index to Canadian Poetry in English for Children and Young People* Kathleen Mary Snow,Canadian Library Association,1986 **Comrades and Critics**

Candida Rifkind, 2009-01-17 While Canadian historians have studied socialism in the 1930s and although there have been many studies of American and British literary leftists from this period *Comrades and Critics* is the first full length study of Canada's 1930s literary left. Challenging dominant perceptions that this decade was a lull between the more celebrated modernist enterprises of the 1920s and 1940s, Candida Rifkind argues that the events of the 1930s, from mass unemployment to the dustbowl to the Spanish Civil War, galvanized a generation of writers leading them to unite artistic practice and political action in provocative and influential ways. Analyzing and recovering much neglected poems, plays, manifestoes, and documentaries, Rifkind demonstrates how leftist cultural production came to dominate English Canadian literature by the end of the decade. She pays particular attention to the significant role that women writers played in this period and examines a diverse group of writers that included Dorothy Livesay, Anne Marriott, Irene Baird, and Toby Gordon Ryan. These writers negotiated the struggle to revolutionize both literature and politics while being subject to the gender hierarchies of socialism and literary modernism that continued long after the thirties came to an end. A groundbreaking study in Canadian history and literature, *Comrades and Critics* is a much needed examination of an important and still influential literary period.

Progressive Heritage James Doyle, 2006-01-01 Most critics and literary historians have ignored Marxist inspired creative literature in Canada or dismissed it as an ephemeral phenomenon of the 1930s. Research reveals however that from the 1920s onward Canadian creative writers influenced by Marxist ideas have produced a quantitatively substantial and artistically significant body of poetry, drama, fiction, and non-fiction. This book traces historically and evaluates critically this tradition with particular emphasis on writers who were associated with or sympathetic to the Communist Party of Canada. After two chapters surveying the work of anti-capitalist writers of the nineteenth and early twentieth centuries, the book concentrates on the development of Marxist inspired writing from the 1920s to the end of the twentieth century. Besides devoting attention to both social and theoretical backgrounds, this study provides critical commentary on work by prominent writers who spent part of their literary careers as Communist Party members, including Dorothy Livesay, Patrick Anderson, Milton Acorn, and George Ryga, as well as less well known but more fervent Communists such as Margaret Fairley Dyson, Carter Joe Wallace, Stanley Ryerson, and Jean Jules Richard. Although primarily concerned with the older generation of Marxists who flourished between the 1920s and the 1970s, the book also includes a chapter on the post-1970s New Left.

The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and

1957 to add materials of the following decade to correct and refine the bibliographical details already available and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries
