Barbara Smith, 1992-11-12 This is volume 52 of the Radical History Review series It deals specifically with new directions in gender history and the history of sexuality **Well-Behaved Women Seldom Make History** Laurel Thatcher

Ulrich, 2008-09-23 From admired historian and coiner of one of feminism's most popular slogans Laurel Thatcher Ulrich comes an exploration of what it means for women to make history In 1976 in an obscure scholarly article Ulrich wrote Well behaved women seldom make history Today these words appear on t-shirts mugs bumper stickers greeting cards and all sorts of Web sites and blogs Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written She ranges from the fifteenth century writer Christine de Pizan who wrote The Book of the City of Ladies to the twentieth century's Virginia Woolf author of A Room of One's Own Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn't try to make history but did And she concludes by showing how the 1970s activists who created second wave feminism also created a renaissance in the study of history

History and Causality M. Hewitson, 2014-01-22 This volume investigates the different attitudes of historians and other

social scientists to questions of causality It argues that historical theorists after the linguistic turn have paid surprisingly little attention to causes in spite of the centrality of causation in many contemporary works of history *Latin American Peasants* Tom Brass,2004-08-02 The essays in this collection examine agrarian transformation in Latin America and the role in this of peasants with particular reference to Bolivia Peru Chile Brazil and Central America Among the issues covered are the impact of globalization and neo liberal economic policies *Towards a Comparative Political Economy of Unfree Labour* Dr Tom Brass,Tom Brass,2015-12-22 Many works about agrarian change in the Third World assumes that unfree relations are to be eliminated in the course of capitalist development This text argues that the incidence of bonded labour is greater than supposed and that in certain situations rural employers prefer an unfree workforce *Radicals in the Barrio* Justin Akers Chacón,2018-06-26 *Radicals in the Barrio* uncovers a long and rich history of political radicalism within the Mexican and Chicano working class in the United States Chacón clearly and sympathetically documents the ways that migratory workers carried with them radical political ideologies new organizational models and shared class experience as they crossed the border into southwestern barrios during the first three decades of the twentieth century Justin Akers Chacón previous work includes *No One is Illegal Fighting Racism and State Violence on the U S Mexico Border* with Mike Davis **Fathers and Children** Michael Paul Rogin,2017-07-28 Rogin shows us a Jackson who saw the Indians as a menace to the new nation and its citizens This volatile synthesis of liberal egalitarianism and an assault on the American Indians is the source of continuing interest in the sobering and important book *Savoring Alternative Food* Jessica Hayes-Conroy,2014-09-19 Advocates of the alternative food movement often insist that food is our common ground that through the very basic human need to eat we all become entwined in a network of mutual solidarity In this challenging book the author explores the contradictions and shortcomings of alternative food activism by examining specific endeavours of the movement through various lenses of social difference including class race gender and age While the solidarity adage has inspired many it is shown that this has also had the unfortunate effect of promoting sameness over difference eschewing inequities in an effort to focus on being together at the table The author explores questions of who belongs at the table of alternative food and who gets to decide what is eaten there and what is at stake when alternative food practices become the model for what is right to eat Case studies are presented based on fieldwork in two distinct loci of alternative food organizing school gardens and slow food movements in Berkeley California and rural Nova Scotia The stories take social difference as a starting point but they also focus specifically on the complexities of sensory experience how material bodies take up social difference both confirming and disrupting it in the visceral processes of eating Overall the book demonstrates the importance of moving beyond a promotion of universal shoulds of eating and towards a practice of food activism that is more sensitive to issues of social and material difference *Postsocial History* Miguel A. Cabrera,2004-01-01 In *Postsocial History An Introduction* historian Miguel A Cabrera points to the crisis of modernity as a locus for the collapse of social historical models Previously

established theories of social change and social relations are proving insufficient calling for the emergence of a new social historical theory By arguing convincingly for the inclusion of language in that model Cabrera awakens a revolutionary new approach to historiography The book will prove indispensable to historians and to social scientists in general who are dissatisfied with the old paradigms and seek new ways of addressing the challenges of social research *Family David Cheal*,2003 This international collection features the most influential scholarship published during the past few decades on the concept of the family and related issues An invaluable resource for students and researchers alike the four volumes cover the following themes Vol 1 Family Groups Vol 2 Family and Gender Issues Vol 3 Family Ties Vol 4 Family and Society The scope offers an international range of material and includes key work from the USA Europe Canada Australia and Asia

Harvest Of Fear John Murphy,2019-03-13 How did fears of the Cold War shape Australian images of Asia What was the nature of the Vietnamese revolution which some 50 000 Australian troops failed to reverse in the 1960s How did a small and marginal peace movement grow into the powerful Moratorium and did it have any impact on the course of the War *Harvest of Fear* is a beautifully crafted *Gender and the Politics of History* Joan Wallach Scott,1999 An interrogation of the uses of gender as a tool for cultural and historical analysis The revised edition reassesses the book's fundamental topic the category of gender In arguing that gender no longer serves to destabilize our understanding of sexual difference the new preface and new chapter open a critical dialogue with the original book From publisher description *The New Black History* E. Hinton,2016-04-30 The New Black History anthology presents cutting edge scholarship on key issues that define African American politics life and culture especially during the Civil Rights and Black Power eras The volume includes articles by both established scholars and a rising generation of young scholars [After The History of Sexuality](#) Scott Spector,Helmut Puff,Dagmar Herzog,2012-07-01 Michel Foucault's seminal *The History of Sexuality* 1976 1984 has since its publication provided a context for the emergence of critical historical studies of sexuality This collection reassesses the state of the historiography on sexuality a field in which the German case has been traditionally central In many diverse ways the Foucauldian intervention has governed the formation of questions in the field as well as the assumptions about how some of these questions should be answered It can be argued however that some of these revolutionary insights have ossified into dogmas or truisms within the field Yet as these contributions meticulously reveal those very truisms when revisited with a fresh eye can lead to new unexpected insights into the history of sexuality necessitating a return to and reinterpretation of Foucault's richly complex work This volume will be necessary reading for students of historical sexuality as well as for those readers in German history and German studies generally who have an interest in the history of sexuality
