Radical Holiness for Radical Living C. Peter Wagner, 1998-11 **Reformer's Pledge** Bill Johnson, Lance Wallnau, Chuck Pierce, Heidi Baker, C. Peter Wagner, James W. Goll, John Arnott, Cindy Jacobs, Lou Engle, Jim Garlow, 2010-11-01 Too often Christian leaders trying to reform society are perceived as intolerant right wing conservatives without an ounce of compassion The truth is many people trying to bring about positive societal reformation are very compassionate and loving people The selected writers who contributed to this book are compassionate reformers I am privileged to know each author and consider all of them dear friends Ch Ahn The Reformer s Pledge is an exciting collection of ten essays by the following respected and dedicated Church leaders Bill Johnson James W Goll Lance Wallnau John Arnott Chuck Pierce Cindy Jacobs Heidi Baker Lou Engle C Peter Wagner Jim Garlow With insight and anointing each author presents a clear picture of reforms that need to be made and the kind of actions required by believers to be in step with God s plan Poignant topics include racism love prayer defending the sanctity of marriage and other fundamental issues facing the Church today Each important topic is addressed thoroughly and sensitively in Spirit inspired chapters sure to stir your soul ignite your calling and fulfill your God given destiny **A Divine Alliance** Jim Laffoon, 2001-07 *Charisma and Christian Life* , 1999 Warfare Prayer C. Peter Wagner, 2009-10-28 Warfare Prayer provides a toolbox and an operator s manual for those who take seriously the Apostle Paul s statement that we wrestle not against flesh and blood but against principalities and powers The demonic world around us is a reality but all too few believers understand that realm of darkness to say nothing of having the skills to use effectively the weapons of warfare that God has given us Based on a combination of sound biblical theology and real life experiences this book is a user friendly guide for those committed enough to join the army of God Holy Jumpers William Kostlevy, 2010-05-19 In this groundbreaking book William Kostlevy presents a fascinating study of the Metropolitan Church Association MCA a religious community founded in Chicago in the early 1890s The MCA was one of the most controversial societies of the era Its members were called jumpers because of their acrobatic worship style and Burning Bushers after their caustic periodical the Burning Bush They objected to the concept of private property rejected elite denominations and professed an alternative radical vision of Christianity using modern music and folk art to spread their message A product of the holiness revival of the late nineteenth century and a catalyst for Pentecostalism the MCA played a vital role in the twentieth century growth of evangelical Christianity yet it has long been ignored in studies of American radicalism of communal societies and even of holiness and Pentecostal Christianity Kostlevy rectifies this omission providing a valuable new context for understanding the origins of Pentecostalism He investigates the internal struggles of the Holiness Movement showing how radically divergent theological currents came to dominate a major segment of the American evangelical community He also shows how deeply the MCA impacted the lives of twentieth century evangelists Bud Robinson and Seth C Rees self designated first woman bishop Alma White and Pentecostal evangelists A G Garr and Glenn

Cook As Holy Jumpers demonstrates Holiness Christians and the MCA in particular played a profoundly formative role in the development of modern evangelical and Pentecostal Christianity Apostles and Prophets C. Peter Wagner, 2000-10-05 Jesus revealed Himself to be the cornerstone of the church But He has built His church and continues to build it through apostles and prophets people who are empowered by the Holy Spirit Now a leader of the New Apostolic Reformation gives us new insights into how the people called to crucial roles in the church apostles prophets evangelists pastor and teachers must work together to fulfill their divine purpose For the first time since the Early Church God is harnessing apostles and prophets to fulfill the promises of His divine plan Prepare to play your part **The Authority of the Believer and Healing** Ché Ahn, 1999-07 *Wrestling with Alligators, Prophets, and Theologians* C. Peter Wagner, 2011-09-01 For the past half century C Peter Wagner has been at the leading edge of the key spiritual paradigm shifts that have been accompanied by major moves of the Holy Spirit In the 1960s the missionary movement in South America was at its peak and Dr Wagner was there In the 1970s he was a recognized authority in the church growth movement In the 1980s he taught a popular course at Fuller Seminary with Vineyard movement leader John Wimber that advocated praying healing for the sick spiritual mapping identificational repentance and spiritual warfare Dr Wagner coined the phrase Third Wave to describe this fresh move of the Holy Spirit the impact of which is still being felt today In the 1990s he became a leader of the New Apostolic Reformation and in the new millennium he has championed the Dominion Mandate adopting the Seven Mountain or 7M template for reclaiming the culture for God s kingdom For five decades Dr Wagner has led the church from one great move of God to the next riding the wave of the Spirit through changes he never imagined when he first answered God s call to ministry In *Wrestling with Alligators Prophets and Theologians* Wagner tells for the first time his personal story of ongoing transformation Readers will get a close up view of the seismic shifts in the church s recent history through the eyes of one of the only people to have seen it all unfold Southern Crossroads Walter H. Conser Jr., Rodger M. Payne, 2008-05-23 The South has always been one of the most distinctive regions of the United States with its own set of traditions and a turbulent history Although often associated with cotton hearty food and rich dialects the South is also noted for its strong sense of religion which has significantly shaped its history Dramatic political social and economic events have often shaped the development of southern religion making the nuanced dissection of the religious history of the region a difficult undertaking For instance segregation and the subsequent civil rights movement profoundly affected churches in the South as they sought to mesh the tenets of their faith with the prevailing culture Editors Walter H Conser and Rodger M Payne and the book s contributors place their work firmly in the trend of modern studies of southern religion that analyze cultural changes to gain a better understanding of religion s place in southern culture now and in the future *Southern Crossroads Perspectives on Religion and Culture* takes a broad interdisciplinary approach that explores the intersection of religion and various aspects of southern life The volume is organized into three sections such as Religious Aspects of Southern Culture that deal with a

variety of topics including food art literature violence ritual shrines music and interactions among religious groups The authors survey many combinations of religion and culture with discussions ranging from the effect of Elvis Presley's music on southern spirituality to yard shrines in Miami to the archaeological record of African American slave religion The book explores the experiences of immigrant religious groups in the South also dealing with the reactions of native southerners to the groups arriving in the region The authors discuss the emergence of religious and cultural acceptance as well as some of the apparent resistance to this development as they explore the experiences of Buddhist Americans in the South and Jewish foodways Southern Crossroads also looks at distinct markers of religious identity and the role they play in gender politics ritual and violence The authors address issues such as the role of women in Southern Baptist churches and the religious overtones of lynching with its themes of blood sacrifice and atonement Southern Crossroads offers valuable insights into how southern religion is studied and how people and congregations evolve and adapt in an age of constant cultural change

Living Christ Peter Feldmeier, 2023-04-15 In *Living Christ* Peter Feldmeier explores the Gospels as the premier revelation of the person ministry and salvation of Jesus Christ Uniting biblical scholarship with a deep spiritual engagement with the Gospels Feldmeier shows how the biblical word can access the prophetic words and saving work of Jesus to make them one's own Each Gospel provides a unique interpretation of Christ and a distinctive expression of Christian discipleship Feldmeier takes the reader slowly through each text so that they may richly engage the truths witnessed by the evangelists and become opportunities for interior transformation Drawing on traditional and modern commentaries as well as his own reflections Feldmeier shows how the Gospels are essential in their own ways in coming to an intimate relationship with Christ and an authentic appropriation of biblical discipleship

Christianity and the Culture Machine Vincent F. Rocchio, 2016-08-05 *Christianity and the Culture Machine* is a precedent shattering approach to combining theories of media and culture with theology In this intensive examination of Christianity's role in the cultural marketplace the author argues that Christianity's inability to effectively contest the ideology of secular humanism is not a theological shortcoming but rather a communications problem the institutional church is too wedded to an outmoded aesthetic of Christianity to communicate effectively Privileging authority and obedience over the egalitarian and transformative goal of Christianity the church fails to recognize how it undermines the vitality of the Christian narrative and message In the absence of a more compelling vision offered by the official church a new aesthetic can be found forming within the margins of popular culture texts Despite its past failures in representing the Bible in mainstream film and television the culture industry now offers more compelling versions of core Christian theology without even realizing it within the margins of the main storylines This book analyzes the aesthetic principles employed by these appropriations and articulations of Christian discourse as a means of theorizing what a new aesthetic of Christianity might look like
