Railways In Focus Photographs From The National Railway Museum Collections:

Railways in Focus Ed Bartholomew, Michael Blakemore, 1998 *Railway Photographic Advertising in Britain, 1900-1939* Alexander Medcalf, 2018-03-06 This book explores the phenomenal resources dedicated to understanding and encouraging passengers to consume travel from 1900 to 1939 analysing how place and travel were presented for sale Using the Great Western Railway as a chief case study as well as a range of its competitors both on and off the rails Alexander Medcalf unravels the complex and ever changing processes behind corporate sales communications This volume analyses exactly how the company pictured passengers in the countryside at the seaside in the urban landscape and in the company's vehicles This thematic approach brings transport and business history thoroughly in line with tourism and leisure history as well as studies in visual culture *Trains, Culture, and Mobility* Benjamin Fraser, Steven D. Spalding, 2012-01-01 *Trains Culture and Mobility* Riding the Rails goes beyond textual representations of rail travel to engage an impressive range of political sociological and urban theory Taken together these essays highlight the complexity of the modern experience of train mobility and its salient relation to a number of cultural discourses Incorporating traditionally marginal areas of cultural production such as graffiti museums architecture or even plunging into the social experience of travel inside the traincar itself each essay constitutes an attempt to work from the act of riding the train toward questions of much larger significance Crisscrossing cultures from the New World and Old from East and West these essays share a common preoccupation with the way in which trains and railway networks have mapped and re mapped the contours of both cities and states in the modern period Bringing together individual and large scale social practices this volume traces out the cultural implications of Riding the Rails **The Railroad Photography of Phil Hastings** Tony Reevy, 2023-05-30 The Railroad Photography of Phil Hastings explores the life and influential work of Dr Philip R Phil Hastings 1925 1987 Along with his contemporaries Hastings changed the way we look at the North American railroad Influenced by the photojournalistic movement that developed during their childhoods these visionaries expanded their work from traditional locomotive roster and action shots into a holistic view of the railroad environment Collated by Tony Reevy The Railroad Photography of Phil Hastings features 140 full page black and white photographs from throughout Hastings's career and includes an introduction that explores Hastings's life and work including his relationships with noted author and editor David P Morgan and photographer Jim Shaughnessy The Railroad Photography of Phil Hastings represents a major contribution to the historical record of the life and work of this remarkable photographer whose images shaped how we perceive and experience railroads throughout North America **The Railroad Photography of Lucius Beebe and Charles Clegg** Tony Reevy, 2019-02-01 Bon vivant railroad historian photographer pioneering food critic chronicler of New York's café society and noted newspaperman Lucius Beebe 1902 1966 was an American original In 1938 with the publication of *High Iron A Book of Trains* he transformed the world of railroad subject photography forever by inventing the railroad picture book genre In 1940 he met creative and life

partner Charles Clegg 1916 1979 also a talented photographer Beebe and Clegg produced an outstanding and diverse portfolio of mid twentieth century railroad subject photographs Beebe sometimes with Clegg also authored about forty books including many focused on railroads and railroading The Railroad Photography of Lucius Beebe and Charles Clegg brings their incredible story and best photographic work together Providing an extensive biographic introduction to Beebe and Clegg author Tony Reeve presents a multi faceted view of the railroad industry that will appeal to rail enthusiasts as well as those interested in American food culture the history of New York City and LGBT studies The Railroad Photography of Lucius Beebe and Charles Clegg is an indispensable history to the work of two men who forever changed the way we see and experience American railroads

stockings They describe devastating air raids and being thrust into tough responsibilities for the first time This book fills a gap as most books on women s wartime roles focus on the military services or industrial work It offers valuable insights into the perceptions and concerns of these young women As generations die out and families lose a direct connection it becomes more important to be able to share their voices with a wider audience *The Ann Arbor Railroad* D. C. Jesse Burkhardt,2005

With a mainline that originated in the industrial port city of Toledo Ohio the Ann Arbor Railroad stretched northwest in a diagonal line across the length of the Lower Peninsula of Michigan to reach Frankfort and adjacent Elberta where its tracks terminated on the shore of Lake Michigan From its Elberta facility the Ann Arbor blended trains and Great Lakes carferries to operate a unique transportation system that survived for nearly a century This book documents the Ann Arbor Railroad s legacy through rare photographs and historical research and carries the reader on a visual journey through this influential railroad s storied past **National Railway Bulletin** ,2004 *Guide to Pennsylvania's Tourist Railroads* Simpson, Bill,1998 *Curiosity's Cats* Bruce Joshua Miller,2014-04-15 Each morning I would strike out for this temple of learning in the crisp autumn air with a sense of purpose and the conviction that this was where I belonged Marilyn Stasio from My Research Project Inspired partly by Richard Altick s *The Scholar Adventurers* the thirteen writers in *Curiosity s Cats* offer powerful arguments for the value of hands on research be it chasing documents cracking mysteries interviewing long lost subjects or visiting exotic and not so exotic locales Alberto Martinez explains how diligence with dates can provide clues to unlock the most difficult historical puzzles Jan Reid explores the difference between research for an epic novel and research to write the epic biography of a friend Margot Livesey suspects that she continues to write novels simply to do the research But every essay testifies to the fact that research is valuable not only because of the product that may result from it but because the process itself fulfills a basic human need Contributors include Philip J Anderson Annette Kolodny Theodore Kornweibel Jr Margot Livesey Alberto A Martinez Bruce Joshua Miller Katherine Hall Page Jan Reid Ali Selim Marilyn Stasio Ned Stuckey French Bruce White and Steve Yates Bruce Joshua Miller has edited two books and written for public radio the *Chicago Tribune* and other publications He has worked in the book industry for thirty five years [Fodor's Where to Weekend Around Chicago](#) Wiliam Travis,2004-04-01 *Where to Weekend Around Chicago* includes Illinois Galena Springfield Champagne Urbana Starved Rock State Park Woodstock Rock River Valley Rock Island Michigan South Haven Saugatuck Grand Haven Traverse City Michigan Riviera Ann Arbor Marshall Battle Creek Detroit Wisconsin Milwaukee Minocqua Lake Geneva Madison Spring Green Door County Port Washington Devil s Lake Kettle Moraine Indiana Michigan City South Bend Indianapolis Amish Country Brown County Iowa Iowa City **Dundurn Railroad 6-Book Bundle** Ron Brown,2016-07-23 A must for any Canadian railroad aficionado this special bundle gathers six books in one for a can t miss retrospective of the nation s railway history *Rails Over the Mountains* Explore western Canada s rich railway history travelling from the grand railway hotels and rustic stations to relive a time when trains used to rumble in the West *Rails to the Atlantic* Explore eastern
