The Red Thread Bernard Faure, 1998-10-26 Is there a Buddhist discourse on sex In this innovative study Bernard Faure reveals Buddhism's paradoxical attitudes toward sexuality His remarkably broad range covers the entire geography of this religion and its long evolution from the time of its founder Xvkyamuni to the premodern age The author's anthropological approach uncovers the inherent discrepancies between the normative teachings of Buddhism and what its followers practice Framing his discussion on some of the most prominent Western thinkers of sexuality Georges Bataille and Michel Foucault Faure draws from different reservoirs of writings such as the orthodox and heterodox doctrines of Buddhism and its monastic codes Virtually untapped mythological as well as legal sources are also used The dialectics inherent in Mahayana Buddhism in particular in the Tantric and Chan Zen traditions seemed to allow for greater laxity and even encouraged breaking of taboos Faure also offers a history of Buddhist monastic life which has been buffeted by anticlerical attitudes and by attempts to regulate sexual behavior from both within and beyond the monastery In two chapters devoted to Buddhist homosexuality he examines the way in which this sexual behavior was simultaneously condemned and idealized in medieval Japan This book will appeal especially to those interested in the cultural history of Buddhism and in premodern Japanese culture But the story of how one of the world's oldest religions has faced one of life's greatest problems makes fascinating reading for all *The Red Thread* Nicholas Jose, 2015-06-30 A modern Shanghai appraiser's relationship with an artist mirrors the story in an eighteenth century book up for auction in this literary romance Shen a young American educated appraiser for an auction house Ruth is a gifted Australian artist he meets it seems by chance And Han is a beautiful enigmatic woman who both facilitates and complicates their relationship Yet all three lives mysteriously mirror characters describes in a rare eighteenth century book that comes up for auction a book that is missing its final chapters As the characters in the original tale move toward an ominous unknown end Shen's search for the missing pages goes from curiosity to desperation as he hopes to discover and perhaps alter his fated future with Ruth Author Nicholas Jose has taken one of China's most cherished and elegant love stories Six Chapters of a Floating Life and seamlessly woven it into the glittering high rise world of present day Shanghai The Red Thread is an unforgettable evocative novel of love and destiny art and beauty and the passion that ties one person to another forever Praise for The Red Thread A mysterious but classic work of Chinese literature exerts an influence on an unusual love triangle in this beguiling new novel by Australian writer Jose A stylish romance Publishers Weekly A love story of contemporary China that celebrates Shen Fu's classic nineteenth century love story Six Chapters of a Floating Life An involving novel animated by Buddhism's red thread of passion which connects individuals to each other and to the world Booklist The Chinese Love Story from the Tenth to the Fourteenth Century Alister D. Inglis, 2023-04-01 Love stories formed a major part of the classical short story genre in China from as early as the eighth century when men of letters began to write about romantic encounters In later centuries such stories provided inspiration for several new literary genres While

much scholarly attention has been focused on the short story of both the medieval and late imperial eras comparatively little work has been attempted on the interim stage the Song and Yuan dynasties which spanned some five hundred years from the tenth to the fourteenth centuries Yet this was a crucial developmental period for many forms of narrative literature so much so that any understanding of late imperial narrative should be informed by the earlier tradition The first study of its kind in English *The Chinese Love Story from the Tenth to the Fourteenth Century* traces the development of the love story throughout this important yet overlooked era Using Tang dynasty stories as a point of comparison Alister D Inglis examines and appraises key new themes paying special attention to period hallmarks gender portrayal and textuality Inglis demonstrates that contrary to received scholarly wisdom this was a highly innovative period during which writers and storytellers laid a fertile foundation for the literature of late imperial China **The Red Thread of Fate** Yasuko

Beyond ambiguity John Kinsella, 2021-12-21 This volume completes John Kinsella's trilogy of critical activist poetics begun two decades ago It challenges familiar topoi and normatives of poetic activity as it pertains to environmental humanitarian and textual activism in the world at large it shows how ambiguity can be a generative force when it works from a basis of non ambiguity of purpose The book shows how there is a clear unambiguous position to have regarding issues of justice but that from that confirmed point ambiguity can be an intense and useful activist tool The book is an essential resource for those wishing to study Kinsella and for those with an interest in twentieth and twenty first century poetry and poetics and it will stand as an inspiring proclamation of the author's faith in the transformative power of poetry and literary activity as a force for good in the world
