Redeemed Creation:

Creation Made Free Thomas Jay Oord, 2010-01-01 Open Theology offers an advantageous framework for engaging the sciences With its emphasis upon creaturely freedom relationality realist epistemology and love Open Theology makes a fruitful dialogue partner with leading fields and theories in contemporary science In Creation Made Free leading proponents of open theism explore natural and social scientific dimensions of reality as these dimensions both inform and are informed by Open Theology Important themes addressed include evolution creation ex nihilo emergence theory biblical cosmology cognitive linguistics quantum theory and forgiveness **Rule** Community of Mary, Mother of the Redeemer, 2020-01-07 The Rule of the Community of Mary Mother of the Redeemer CMMR is the monastic Rule of an emerging Christian Community in the Episcopal Church that includes Sisters and Brothers single celibate and married of all genders and orientations whose charism is the renewal of the Church through stewardship of the liturgical theological and contemplative practices of the Church formation for all members of the Church and the care of God's beloved Creation **The Moral Quest** Stanley J. Grenz, 2016-09-27 Stanley J Grenz masterfully leads readers into a theological engagement with moral inquiry that is a first rate introduction to Christian ethics **Your Gospel Is Too Small** Jason Valeriano Hallig, 2021-04-07 Friedrich Nietzsche believed that with the gospel the Christian is a useless separated resigned person extraneous to the progress of the world Hence to Nietzsche the Christian message is a virtue of the weak This criticism emanates from the kind of a gospel we have known accepted and preached for centuries a gospel that represented the Christian message out of the medieval and Reformation theologies With the revival of biblical studies and theology in the eighteenth century and onwards studies on the gospel shifted to more historical approaches paving the way for a more biblical gospel that is faithful to the larger biblical narrative Slowly we have rediscovered a different understanding of the gospel that is not limited to a personal and highly spiritualized gospel but one that is more cosmic in its grandeur Your Gospel Is Too Small invites readers to a whole new world open to men and women toward a vision greater than previously held a world that is even beyond what *ubermensch* offers to us This is a reframing of the gospel we thought we already knew **The Mission of God's People** Christopher J. H. Wright, 2010-09-07 What does the Bible say about God's purpose for us the witness of the church and our mission to spread the message of the gospel Chris Wright's pioneering 2006 book The Mission of God revealed that the typical Christian understanding of missions encompasses only a small part of God's overarching mission for the world God is relentlessly reclaiming the whole of creation for himself and each of us fit into that big picture plan In The Mission of God's People Wright argues that having a strong biblical theology that shapes our thinking and behavior must be in place before answering the call of the Great Commission Wright first steps back and answers some of the biggest questions of God's story and our place within it Who are the people of God What kind of people are we What are the priorities and limits of our mission What exactly is the gospel that lies at the core of our mission What was it that made Christianity a missionary faith

from the very start While answering these essential questions Wright thoroughly details what the Old and New Testaments teach Christians about being God's people He addresses questions of both ecclesiology the theology of the church and missiology the practice and methodology of missions with topics like called to care for creation called to bless the nations sending and being sent and rejecting false gods _____ Part of the Biblical Theology for Life series this practical and robust book will help you and your church ground your witness bearing purpose and worship on the solid foundation of biblical understanding and reflection

What's the Good of Humanity? Victor Lee Austin, Joel C. Daniels, 2021-09-21 From a Christian perspective it could well be said that humanity a good gift of God is being undermined by the technology and thought patterns and practices of contemporary Western culture In response to what is seen as an attack many books have been written on the harm of these technologically driven practices These articles and books focus on what is wrong with euthanasia with surrogate motherhood with the denial of the male female difference and so forth Yet to make a compelling cultural witness it is more important for Christians to know what is right and essential that they be able to articulate the positive Why do babies matter What is the goodness embedded in being made male and female How can one approach death in a godly manner We need in other words to be able to give an account of God's Yes 2 Cor 1 20 the hope that is within us 1 Peter 3 15 In this collection of essays an ecumenical group of scholars of diverse perspectives discuss these and other important questions in order to help discern what is good for humanity With contributions by Phillip Cary Donna Freitas Paul Hinlicky Edith M Humphrey Patrick Lee Gilbert Meilaender Nancey Murphy

The Collected Writings of Edward Irving Edward Irving, 1865

The Sabbath Recorder, 1906

Alternative Salvations Hannah Bacon, Wendy Dossett, Steve Knowles, 2015-12-17 By considering transformative ideas and experiences which are explicitly articulated or implicitly structured in languages of religion and spirituality Alternative Salvations probes concepts including religious secular spiritual post Christian and post secular providing a series of studies which question the functionality of these broad categories Part one draws on contemporary salvation narratives showing how current cultural forms social practices and

secular discourses are influenced by or are interpreted through the lens of religious and theological accounts of salvation. Examples include twelve step recovery programs, drug culture, and public policy surrounding HIV AIDs in Kenya. Although outside traditional religious contexts, the contributors show ways in which they are not free from religious symbolism. Part two explores alternative accounts of salvation rooted in religious traditions. Established orthodoxies are confronted by contemporary critical questions, for example, about gender, the status of animals, and the political dimensions of salvation. By contributing new perspectives and unique case studies, *Alternative Salvations* provides a deliberate challenge to easy binaries which often underpin contemporary and traditional discourses of salvation.
